*You will enjoy
a new
dresser.*

Dear Amy:—

When you go out into company, you want to know that you are tidy, don't you?

I never knew until I got one to use every day, what a help a dressing table was. If you haven't got one yet, Amy, go buy one. Bob will give you the money if you ask him. He, too, can then see how his clothes look before he goes out. Isn't it nice to have a husband who gets you what you want?

Always your friend,

Lou.

P. S.—I bought my new dresser where I always buy my furniture.

PRESIDENT CIVIL SERVICE PROTESTS

REPORT IS REPUDIATED THAT 'PERNICIOUS POLITICAL ACTIVITIES' ACTUATED BOARD.

COMMISSION NOW SELECTING

Flat Denial Made That Examinations Are Not Conducted in Strict Accord With Law and Rules.

Postmaster T. B. Madden of Columbia has received a letter from M. A. Morrison, president of the civil service commission, in which he says that charges have been made that examinations for postmasters of offices paying above \$2,400 have been so framed as to permit the postmaster general to place one of his confidential agents "behind the scenes" to make sure as to the political affiliations and activities of the candidates, and in order to have his recommendations count for four times as much as the actual examination in determining the rating of candidates. President Morrison flatly denies any truth in the charges and says the examinations are conducted strictly by civil service rules under the president's executive order issued March 31, 1917.

To Develop Air Service.

Capt. Charles J. Glidden, an officer in the U. S. Air Service, Military Aeronautics, stated in Washington, this week:

"All men who wish to take part in the development of the nation's air service as an aviator or dirigible balloon pilot, chauffeur, mechanic or work at some thirty other trades required in the air service, by sending their name and address immediately to the Department Air Service Officer, 104 Broad Street, New York, N. Y., will receive an important communication on the subject which I have prepared, after serving as an officer several months in the United States army flying school at Southfield, America, Ga., and the United States army balloon school at Fort Omaha, Nebraska."

They include the headquarters Sixty-seventh Field Artillery Brigade, One Hundred and Forty-first Field Artillery, One Hundred and Forty-ninth and One Hundred and Fiftieth Machine Gun Battalions, complete, One Hundred and Seventeenth Engineers, complete, One Hundred and Seventeenth Engineer Train, One Hundred and Seventeenth Supply Train.

Will Attend Conferences.

Accompanied by several of the direct and co-operative members of his office, John E. Swearingen, State superintendent of education, will go this week to attend important educational conferences in Virginia and Maryland, which have been called by the general education board of New York. Invitations to the meetings have been issued by the general education boards to the State superintendents of education of all the Southern States and to the agents of the board in these States.

POSTMASTER QUILTS JOB AT ROCK HILL

EXAMINATION IS ARRANGED TO SELECT A SUCCESSOR AT AN EARLY DATE.

LARGE LOAN SUBSCRIPTION

Hamilton Carhartt Helps Out City of Rock Hill on Her Quota to Amount of Fifty Thousand Dollars.

Rock Hill.—V. B. McFadden, for several years postmaster at Rock Hill, has resigned, his resignation to become effective July 1. The civil service commission has arranged an examination to choose Mr. McFadden's successor to be held in the near future. Because of the president's executive order of 1917 placing all postmasters under civil service rules, Representative Stevenson will not be able to name Mr. McFadden's successor, which was formerly the custom. The office pays \$2,800 a year.

Mr. C. L. Cobb, cashier of the People's National bank, this city, and chairman of the Victory Liberty loan organization for Rock Hill has received a telegram from Hamilton Carhartt, president Hamilton Carhartt mills in this city, and owner of chain of overall factories throughout country, who is now in New York, stating that he would subscribe \$50,000 in Victory bonds through the Rock Hill Victory loan committee in order to help this city raise its quota.

Oconee Asks Federal Aid.

Walhalla.—Oconee county has applied through the state highway commission for federal aid in securing a bridge across the Chauga river, between Westminster and Madison, and for the improvement of the road leading from Russell on the Georgia line to Walhalla.

Five miles of the road, beginning near Russell, will be improved by the United States government as part of 20 miles of a hard surfaced road starting at Highlands, N. C., and coming to the foot of Calas Mountain, about five miles from the Georgia line in Oconee county. This road will be built by the government through its forest reserve in this section, and Oconee county will take up construction at the foot of Calas Mountain and carry the road on to Walhalla under present plans.

The State highway commission will make surveys for these two projects in Oconee county as soon as possible, and submit plans, with the county's agreement to bear its part of the expense of the two projects, to the United States department of agriculture for its approval.

Greeting to Soldiers.

Bennettsville.—Marlboro county will extend to the returning soldiers a welcome on May 1. Strong committees have been selected to make arrangements and carry out an attractive program. Capt. J. J. McSween of Greenville, who at one time resided in this county the Rev. J. A. McMillan of McColl and Senator John L. McLaurin have been invited to deliver addresses on that day and it is expected that several of the soldiers will also make short talks. A regular picnic dinner will be served.

Negro Fair for Sumter.

Sumter.—At a meeting held here by a number of negro farmers the preliminary steps looking toward the organization of the Sumter County Colored Fair Association were taken, and the movement to establish the fair association on a firm basis is well under way. It was decided to organize a company with a capital stock of \$20,000 and those present subscribed for \$2,000 worth of the stock.

At the meeting to welcome home the negro soldiers Mayor Jennings in his address referred to the desirability of the negroes of Sumter county organizing a county fair association and suggested that they take up the matter at once. It was in consequence of this suggestion that the preliminary steps were taken.

Will Build Link.

Spartanburg.—The State highway commission in cooperation with the Spartanburg county board of commissioners is sending to Secretary D. A. Houston a project to build with Federal aid 1.9 miles of asphaltic concrete road, beginning at the city limits of Spartanburg and ending at the fork of the roads at the Bobo place.

This stretch of the road is part of the main highway from Spartanburg to Union and Columbia, known as the Appalachian highway.

Progress in Anderson.

Anderson.—A banquet was served here when business men of the city met to put over the \$200,000 proposition for the new hotel.

The new ice cream factory and cold storage plant has begun work here. The storage rooms will hold thousands of tons of ice and are built with several inches of cork so as to insulate the walls of the room. The company plans to use all of the output of cream from Clemson College in the ice cream department.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard
