

**WRIGHT'S MINERAL WATER INDORSED BY CLINTON PHYSICIANS**

This spring has been discovered on Mr. R. Z. Wright's place just two miles below Clinton opposite Dover Junction, close to the public road.

This water has been analyzed at Clemson College and has been found to be heavily charged with Iron and other properties, and free from all impurities. For those that are run down and suffer with different kinds of stomach troubles such as Indigestion, Kidney trouble, Sores and different kinds of blood diseases, there is no greater tonic known than Iron. It is endorsed by all the leading physicians. There are people now who are using this water and can testify to the good that it is doing them.

The public is invited to visit this spring and if you are suffering from any of these kinds of diseases there is no doubt but that this water will be of benefit to you.

The way the healing properties of this water was discovered was by a man who had sores on his legs, and by bathing them in the water they began to heal at once.

I am now ready to put this water on the market and any one suffering from Uric Acid, Indigestion, Kidney Trouble, Bad Blood and a general run down condition of the system will find great benefit in this water.

The price of the water is 10c a gallon at the spring.

Or 6 gallons for a dollar, delivered 2 gallons at a time fresh. Try 6 gallons and you can begin to see the good it is doing you.

When wanting this water delivered, Phone J. L. Wright at either No 38 or 82.

This water is indorsed by the following physicians: Drs. T. L. W. Bailey, W. H. Young, F. K. Shealy, J. W. Davis.—adv.

**Your Village And Mine**

It is just a typical American village—perhaps yours or the one in the next county. It has two churches and a hotel and there is the "corner" where the men gather after supper to consider politics and "the state of the Union." Its population is about 2,000.

When war was declared it gave its sons with a glad heart, and they marched away bravely—many with a sob in the throat, perhaps, but with a splendid vision guiding their feet.

From the training camp these boys went to France and were moved up into the battle line. The sun was making a desperate effort to destroy civilization in a bloody drive on Paris.

Then—The richest man in the village met the hotel barber and they gripped hands in silence. Their two sons lay dead in the Argonne.

The village butcher boy—red-headed and Irish—smiled for the last time. He died fighting that freedom might not perish. The town's Beau Brummel—he had never amounted to much—won the Croix de Guerre—but lost both eyes.

Gas claimed the son of the widow who lived in the little green cottage. At first she could not speak when she received the brief telegram. Then—"John was all I had. I hoped he would come back. If I had two sons I would give them too." That was all.

But—America as a whole never felt the real hand of war—not as France felt it—nor as England—nor even as Canada.

Why? Because our dollars stopped the war. They made possible those tremendous preparations for a long war that resulted in a short war. Never was such a stupendous assemblage of munitions. Germany wilted. Thousands of millions of dollars were saved. But best of all, tens of thousands of American boys were saved. America prepared on faith. America holds its dollars cheaper than it valued its sons.

The war is over. Victory is ours. America escaped the frightful burden of debt which would have been ours if the war had lasted two years longer. We still have those dollars in our pockets.

And the boys are coming home. But the debts the government did contract—the debts that won the war—must be paid. They will be paid. America has pledged its faith, and the faith of America has never been questioned.

We are now asked to lend the government some of those unpaid dollars we still have in our pockets, and, to secure the loan, Victory Liberty Bonds will be issued—the safest in the world.

Then let our hearts—and our purses—say how thankful we are that, perhaps, half a million American boys were saved.

HE HAD THE GRIT THAT WON THE WAR

Carter Glass, secretary of the treasury, copied the following note, among others, from the note book of a Red Cross nurse when he was in France:

"One boy I shall always remember. His right shoulder was practically shot away and he had a big wound in his back and one in his left eye. But he sat straight up and wouldn't let anybody help him. He didn't say a word while they pulled off the tight clinging gauze from the red, raw, wet flesh that quivered in spite of him. When the first wound was finished all he said was:

"Do you think I could rest a minute, Doc, before you do the second one?"

"Red, raw, wet flesh"—American flesh. It was not yellow. Think of that when you are asked to buy Victory Liberty bonds, you who think you have done enough.
