

MOTHER GAVE THIS DELICATE CHILD VINOL

And He Got Well and Strong.
That's True

Monaca, Pa.—“My little boy, who is the youngest of three, was weak, nervous and tired all the time, so he was most unfit at school, and nothing seemed to help him. I learned of Vinol and gave it to him. It has restored his health and strength and he has gained in weight.”—Mrs. Frederick Sommers, Monaca, Pa.

Vinol is a constitutional cod liver and iron remedy for delicate, weak, ailing children. Formula on every bottle, so you know what you are giving them. Children love it.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: “I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me. . . After 12 bottles, I am strong and well.”

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Colds Cause Grip and Influenza

LAXATIVE BROMO QUININE Tablets remove the cause. There is only one “Bromo Quinine.” E. W. GROVE'S signature on the box. 30c.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E. W. GROVE'S signature on box. 30c.

MARSHALL BELIEVES IN STATE'S RIGHTS

VICE-PRESIDENT DELIVERS A
STRONG ADDRESS BEFORE
T. P. A.'S AT CHESTER, S. C.

DOCTRINE IS NOW DORMANT

Talk of Going Back to Our Ancient
Neutrality Under Present World
Conditions Is Idle Talk.

Chester, S. C.—Governor Robert A. Cooper at the Chester theater introduced Vice President Marshall, who made one of the ablest and most eloquent addresses ever heard in this city. He was warmly greeted and throughout his speech received great applause.

“Nobody in South Carolina,” he said, “ever believed more sincerely in the doctrine of state's rights than I believe in it. I have recognized what other state's right men have not, that with states' rights goes the states' duties. So long as the states of this union will not look after themselves and demand the fostering care of the general government, the doctrine of states' rights will be dormant.

“I am hoping for a revival in the hearts of citizens so that each state will discharge its duties and tell the general government to only look after the powers delegated to it, but until states do this there is no hope for this ancient democratic doctrine.

“I wish I could put our country back to the good old days of 1840. I would be willing to do with less money for more manhood. I had nothing to do with adopting the colonial policy of our government, but with our soldiers in the Philippines and our sailors in the North sea talk about going back to our ancient neutrality, it is talk in favor of an idle dream. Neutrality consists in more than mere hands off. It must also be minds off and opinions off, for the most potent things in modern warfare are the moral opinions of mankind touching it.”

COMPETITIVE BIDS WANTED FOR 200,000 TONS OF RAILS

New York.—Walker D. Hines, director general of railroads, announced here that the railroad administration will ask immediately for competitive bids for 200,000 tons of steel rails.

Mr. Hines' announcement was made after he had been informed by representatives that they had been unable to induce representatives of the large manufacturers at a conference here to agree on a reduction of the schedule of steel prices approved by the industrial board of the department of commerce. Mr. Hines declared it was his settled purpose to buy steel materials on the competitive bidding basis, as rapidly as they were needed.

POSTAL TELEGRAPH SYSTEM ADOPTS 8-HOUR DAY FOR ALL

New York.—Charles P. Baruch, general manager of the Postal Telegraph system, announced that, effective June 1, the eight-hour day and time and a half for overtime had been adopted for all the system's employees in 51 large and small cities in the United States.

40,000 FIGHTING MEN MAKE APPLICATION FOR HOMESTEADS

Washington.—With applications already received from more than 40,000 soldiers and sailors who desire to take up homesteads when discharged from military service, Secretary Lane and his advisers are revising the program originally presented to Congress to take care of the increased demands.

It was said that the first estimate of \$100,000,000 for establishing discharged service men on “slacker” lands probably would have to be made several times that amount, perhaps \$400,000,000. Secretary Lane's plan would not merely start a man as a farmer or cattle producer, but would “see him through” to success by assistance until he could begin repayments.

BIGGEST WINTER WHEAT CROP PRODUCED IN ANY COUNTRY

Washington.—The greatest crop of winter wheat ever produced in any country is in prospect for this year's harvest. The forecast of production, estimated by the department of agriculture, placed its size at almost nine hundred million bushels—in exact figures, 899,915,000, which would make this year's harvest worth \$2,034,000,000 at the government price guarantee of \$2.26.

FIRST LEG OF THE ATLANTIC FLIGHT IS COMPLETED

Washington.—With two of the three navy airplanes which started from Rockaway, Long Island, on the first leg of the trans-Atlantic flight arrived safely at Halifax, navy officials were bending every energy to locating the third, missing since early in the afternoon. No report of the missing machine, the NC-4, commanded by Lieut. Commander A. C. Read, had been received after the machine passed the destroyer McDermut.

FOR VOCATIONAL TRAINING

Soldiers at Camp Jackson Will Have
Option of Being Instructed in
Twenty-six Different Trades.

Camp Jackson.—The construction division at Camp Jackson of which Major Peterson is the head will be the first department at the camp formally to establish a system of vocational training. A large building consisting of approximately 12,000 feet of floor space will be entirely devoted for this purpose. The installation of the equipment will start at once, and it is expected that it will be fully equipped by July 1.

Men will be trained in 26 different trades including inside and outside electrical work, mechanical, heating plant, pumping, refrigeration, water works and sewerage engineering, machinists, plumbers, steamfitters, sign painting, drafting and surveying.

A fact worth noting by the man desiring to benefit himself by entering the construction division, is, that due to the skilled class of workmen required, practically the entire enlisted personnel are now commissioned officers. In line with this, over 1,000 vacancies in the noncommissioned grades, with pay ranging from \$36 to \$81 a month will be filled from the men enlisting or re-enlisting now.

Following the vocational scheme of the Motor Transport Corps, it is planned to qualify a man after one year's service, in accordance with his rate of advancement and ability by granting him a certificate, which will through an arrangement with the various trades organizations, obviate the need of undergoing further apprenticeship upon entering in a civilian occupation.

Commends League of Nations.

Rock Hill.—Declaring the league of nations the greatest document ever penned in the history of this nation, not even excepting the Declaration of Independence, W. P. Pollock, of Cheraw, who represented South Carolina in the senate during the recent session of Congress and who served his State during, as he himself said, one of the most momentous periods since this nation was established, in an address before the delegates to the 21st annual convention of the State Federation of Women's Clubs at Withthrop college presented impressive arguments for the support of a world league. Ex-Senator Pollock is one of South Carolina's most distinguished leaders and during his term in the senate ever labored to further the interests of the Palmetto State.

Bids Are Too High.

Chester.—Davis G. Anderson, Chester county supervisor, and H. S. Adams and Robert Gage of the Chester county highway commission attended a conference at Lockhart at which Mr. Murray, assistant State highway engineer, and representative of Union county were present, the purpose of the conference being to receive bids and let a contract for the Lockhart bridge, but owing to the fact that the lowest bid was about \$20,000 in excess of the amount appropriated for the job, the contract could not be let. Unless the bids can be reduced so as to come within the appropriation or the specifications changed in some particular, letting of the contract will be deferred until the prices of bridge material come down.

Novelty in Bamboo Growing.

Anderson.—The department of agriculture has sent an expert, Robert Jones, here to see the bamboo grove of Rufus Fant. After visiting the grove the expert said that it was the only one of the kind in the United States; there are other bamboo groves, but not this variety. This is the finest variety known and is the genuine Japanese bamboo, which is edible. The tender shoots are cooked like asparagus, with a cream sauce, and it is said to be delicious.

More than a year ago Dr. David Fairchild, chief of the office of plant introduction, came from Washington to see the grove. The department authorized Mr. Jones to start a nursery and he began work Wednesday. He stated that the soil here is peculiarly well suited for the growing of this variety of bamboo. By actual measurement one stalk has grown 20 inches in 24 hours. Mr. Fant sent one pole to Dr. Fairchild, which was 42½ feet long and weighed 50 pounds. The grove is about 16 years old.

Greenville's Gauntlet Down.

Greenville.—Unless the Southern Public Utilities company, owners and operators of the street railway of Greenville, put their cars in better shape, repair the tracks, improve the tracks and the service in general before June 1, city council on that date will take action to put the fare back to five cents from seven cents, the rate now prevailing, according to the sense of council. It is evident that the council means business, and interesting results are expected.

Safe Blowers Drop Loot.

Greenville.—Officers here and throughout the surrounding territory are searching, unsuccessfully so far, for four yeggmen who blew open the safe in the office of Lipscomb Russell Company, wholesale grocers of this city, and after securing money, Liberty bonds and checks, worth over \$2,000, made a bold attempt at a getaway, but were forced to drop the loot after they were fired on by a policeman, who arrived on the scene as they were about to make good their escape.

Trunks and Go- Away Bags

Are in Demand--Summer Has Arrived

Schools are closing and vacation time is on. So come in and let us sell you your Trunk, Suit Case or Hand Bag. We have the stock to select from and the prices are right.
