SAY THEIR PLANS OF LEAGUE

STILL PLEADING INABILITY

Clemenceau, Speaking of Germans in
Speech, Said, "You Must Sign
Either at Versailles or Berlin.

Berlin.—Germany is willing to agree to the proposed stipulations regarding her military, aerial and naval forces contained in the draft of the peace treaty, provided that she is permitted to enter the league of nations on an equal footing immediately upon the signing of peace and particularly that she be permitted to share in the complete equality and reciprocity of all nations in the economic domain.

This declaration was contained in the second section of the German memorandum embodying the counter proposals to the peace terms. At the same time, it is declared, the German delegation holds to its idea of the superiority of its own draft of proposals for a league of nations.

"The covering note," presented to the peace conference by the German delegation says:

"We came to Versailles expecting to receive a peace proposal framed according to the agreed basis. We had a firm resolve to do everything in our power to fulfill the heavy obligations assumed by us. We were shocked when we read in that document the demands which the victorious might of our opponents had set forth. The more we studied the spirit of the treaty, the more we were convinced of the impossibility of carrying it out. The demands of this treaty go beyond the strength of the German people."

London.—Premier Lloyd George, in his speech to the Welsh division at Amiens, declared, according to The South Wales Daily News:

"We say to the Germans: 'Gentlemen, you must sign. If you don't do so at Versailles, you shall do so in Berlin. We are not going to give way.'"

FIFTEEN STEAMERS TO TAKE FOOD TO HUNGRY SIBERIANS

London.—Jonas Lied, whose name has long been associated with the development of the Kara sea route, has just returned from Omsk and has been authorized by the Kolchak administration to make arrangements for the dispatch without delay of 15 steamers of 3,500 tons each with cargo for the Siberian population to be delivered by way of the Kara sea.

It is proposed that 10 of these steamers shall start from England and five from New York. Appropriate British and American cargoes are asked for. In exchange for a wide selection of manufactured goods, the Kolchak administration has authorized the exports of hemp, flax, hides, furs, wool and other products.

SENATOR OVERMAN REGRETS MAKING LEAGUE AN ISSUE

Washington.—Washington and New York newspapers made a feature of a statement of Senator Overman to the effect that the Democratic national committee made a mistake to declare that it will accept the league of nations as a party issue.

Mr. Overman is quoted as follows: "In my opinion the league of nations should not be made a party issue, it should be entirely nonpartisan; those of every political party should join in and support it from purely patriotic motives."

"It is a mistake to try and limit its support to those of one political faith."

"I am somewhat surprised at the action of the democratic national committee. In any event it can have no influence or control over the senate."

APART FROM GERMANY "AUSTRIA IS DOOMED."

Vienna.—"Austria is doomed to economic death if she does not join Germany," said Herr Setz, president of the Austrian republic. "Overloaded as Austria is with this Vienna of 2,000,000 inhabitants we have not much industry."

"The proposed Danube economic confederation is in my opinion impossible because neither the Czechs nor Slavs are willing for such a union."

BIG THREE MADE RIDICULOUS

The Cry of "Beware, This Translation
Is German Made," Does Not Lessen
Humor of the Situation.

London.—While President Wilson and Premiers Lloyd George and Clemenceau imagined that they were keeping from the world the exact text of the peace treaty, Germany stole a march, for they have put it out in a pamphlet form, selling it upon the streets of their cities.

Those who have seen parts of the original peace treaty in Paris say that the official press summary was rigged with special sharp teeth for political effect in France and England. The clauses upon reparations are as one instance, the clauses being less severe in The Times forecast published the day before the Germans got the treaty than in the official digest arranged for the press at Paris.

The pity is that the Big Three let the Germans come along first with the full text of the treaty. They are now crying "beware, this translation is German made." It does not lessen the rather ridiculous plight the Big Three may now find themselves in, in consequence of trying to make the people at home think that the terms are more severe than they really were. Nor does the attempt to cover the hiatus between the press summary and the first draft with the explanation that constant changes are necessary before the final draft will be reached smother the humor of the situation that the Germans have apparently created.

IN FIFTY MINUTE FIGHT THE ANARCHIST FLEET IS ROUTED

Helsingfors.—A fifty-minute fight occurred between a bolshevik fleet comprising the battleship Petropavlovsk (23,703 tons) and battleships which had been bombarding the coast west of Krasnaya Gorka (15 miles west of Kronstadt) and seven British warships. The Russians eventually fled to Kronstadt.

The encounter, which took place in the gulf of Finland, was the second the British have had recently with bolshevik naval forces which are trying to harry the Estonian army approaching Petrograd from the west. On May 18 a thirty-five minute naval fight occurred not far from the locality of the one now reported. It had a similar result, the bolshevik fleet retiring to Kronstadt.

LONDON POLICE STRIKE IS POSTPONED OR ABANDONED

London.—London's threatened police strike, for which the members of the force voted by a big majority, has been called off for the present. At the demonstration in Hyde park which had been arranged by the police it was announced that the executive committee of their organization had decided to postpone the strike until after peace was signed.

The announcement also was made at the Hyde park meeting that the official ballot of the policemen on the question of a strike was 4,549 in favor of and 4,324 against a walkout. Secretary Hays, of the police union, in giving out the figures, explained that the strike committee was not anxious to call a walkout if it could have the men's grievances redressed in any other way.
