What a woman told us yesterday

She was telling us why she went out of her way to buy her groceries from us.

"One reason," she said, "is because I'm always so sure of getting things that are good. Besides you people seem to do everything you can to make my shopping easy."

Not all our customers tell us that, but we feel certain that these are the big reasons we have so many patrons and why we've had them so long.

We do try to make buying groceries easy and pleasant and we try to have the best of everything in the grocery line.

Help us by ordering systematically and early.
