**NEW STYLE IN SHIPS.**

Last Cement Vessel Not Like First. New style Recently Launched.

San Francisco, June 13.—The new cement ship Palo Alto, recently launched at Oakland differs materially both as to architecture and composition from the first concrete ship "Faith".

The system of steel reinforcing of the Faith was diagonal, that of the Palo Alto horizontal and vertical. The concrete aggregate used in the Faith was rock, sand and cement, that of the Palo Alto of sand, crushed terra cotta and cement, making for lighter construction. The San Francisco Shipbuilding Company, builders of the Faith, directed the construction of the Palo Alto, the work being done under inspection of the shipping board.

The "shell" or walls of the Palo Alto are four inches thick with the exception of part of the bottom, where it is five inches in order to provide additional strength to care for the foundations of the machinery. Decks, deckhouses, and necessary steel appurtenances, is of concrete.

About six weeks hence, when the Palo Alto is ready to go into service, another concrete vessel will be launched. It is growing in its forms located next to those that held the Palo Alto. It will be the first "puffed brick" ship ever built and will be named the "Twilight."

**SAYS EX-KAISER BELONGS IN PATHOLOGICAL WARD.**

Berlin.—Former Emperor William "belongs in the pathological ward" and is not wanted in Germany, declared Herman Mueller, majority socialist leader and whip in the national assembly, in a speech delivered before the majority socialist convention.

Herr Mueller, who is one of the most conservative of the socialists, referring to the rumor that an attempt was to be made to bring about the return of the ex-emperor, warned the Prussians said to be interested in such a move that a majority of the German people would not permit his return. The speaker declared the former ruler was dangerous to the country, and blamed his verbosity for Germany's misfortunes.

**GERMAN REPLY IS LARGELY A LONG SERIES OF COMPLAINTS**

Paris.—The German reply to the peace treaty submitted at Versailles on May 7 maintains that the enemies of Germany have forsaken the peace of justice to which they had pledged themselves in the armistice negotiations for a peace of might.

The reply protests against the proposed terms individually and collectively, and demands a return to the original agreements. It presses for verbal negotiations and states that Germany expects justice on a basis of equality and reciprocity.

(The reply follows the lines of the summary of the German counter proposals given out in Berlin at about the time they were presented.)

The document covers 119 pages and includes a covering letter by Count von Brockdorff-Rantzau under date of May 29, which has already been published, and a second section of comments following the main outline of the original draft treaty. Two separate papers on legal and financial questions are included as part of the general reply.

An over-crowding of the launch is given as the cause of the accident.

**DATE CHANGED FOR REUNION OF 30TH**

FIRST ORGANIZATION OF ITS KIND TO BE FORMED AMONG OUR FORCES IN FRANCE.

**ORIGINAL STRENGTH, 37,000**

The Division Suffered its Heaviest Losses While Engaged in Breaking the Hindenburg Line.

Georgetown.—The old Hickory (30th) Division Association, which recently opened headquarters at Georgetown, S. C., announces a change in the date of the first reunion to be held at Greenville, S. C. The original date set for the first reunion was September 23-29, but because of the fact that September 23 will be Sunday the date has been changed to September 29-30, the anniversary of the breaking of the great Hindenburg line by the 30th Division, American E. F.

The committee on organization, composed of General L. D. Tyson, of Knoxville, Tenn. Colonel Holmes B. Springs of Georgetown, and Col. Albert Cox of Raleigh, N. C., met at Greenville as the city for the first reunion, and selected September 29-30 as the date therefor.

This association was organized at Le Mans (Sarthe), France, just prior to the return of the division to the United States, and was the first organization of its kind to be formed among the United States forces in France. Colonel Springs was chosen as temporary chairman of the organization, and Frank P. Bowen, of Knoxville, Tenn., secretary-treasurer.

Mr. Bowen opened headquarters at Georgetown with approximately 20,000 members, and states that at the end of the publicity campaign which will shortly be inaugurated he hopes to have a membership of at least 30,000. The Old Hickory division, composed chiefly of men from Tennessee, North and South Carolina, sailed from New York on May 11, 1918, with approximately 37,000 officers and men, but owing to the heavy casualties suffered at the breaking of the strongest defenses of the enemy, the division received at least fifty per cent replacements which would bring the total membership of the division to approximately 45,000.

**Bickett's Beautiful Admonition.**

Spartanburg.—The commencement exercises at Converse college has come to a close.

Addressing the graduating class, Governor Thomas W. Bickett, of North Carolina, in an eloquent address urged the young women of the institution to be strong in character and body, natural and holy in the years and experiences that lie before them. Concluding the series of his three general themes, the chief executive of the sister state declared that the world must have holiness or die of moral malaria. "Man cannot supply it," he said, "for in the crush of the day the gentler impulses are impaired or destroyed and the hardening processes of business life are hardening to the finer instincts. It is at this crisis that the woman must save the man, it is at this hour that her hour strikes."

"At night times," said the governor, "in the quiet hours it seems that there comes from the world a wall of pain and wild unrest. The chief sufferer of the conditions causing the anguish is the man, and unfortunate is he who, with these environments, must travel down grade to mother, sister or wife and thrice blessed is the man who, coming from the sordid climbs up to his domestic life, who moves homeward with his eyes turned toward the hills and sees his home shining like a star, with the woman of that home as the light thereof."

**Baptist Summer Assembly.**

Greenville.—Plans are rapidly being completed for the South Carolina summer assembly to be held in Greenville from June 28 to July 11, inclusive, and indications are that over 1,000 visiting Baptists from all sections of the states and other states will attend.

**Walterboro Postoffice Advanced.**

Walterboro.—C. Henderson Fraser, postmaster, reports that he has just received notification that the Walterboro postoffice has been advanced from a third class to a second class office. The gross receipts of the office during the year ending in June were approximately \$10,000 and the requirements of receipts for a second class office are only \$3,000. The advancement of the office in class will mean that the postmaster will receive a higher salary and be permitted to employ more assistants.

**Shooting at Blacksburg.**

Gaffney.—James Webb of Blacksburg, is in the Cherokee county jail, charged with shooting Brown Moss at Blacksburg. Domestic trouble was said to have been the cause of the shooting. Webb, immediately after the shooting came to Gaffney and surrendered to the sheriff, but refused to talk. It is said that Webb has been away from home for several months, and only recently returned to Blacksburg, but was not living with his wife, with whom Moss was boarding.
