

COUNCIL OF FOUR HAVE NOT AGREED

PESSIMISM SAID TO PREVAIL
AS TO SOLVING OF MANY
IMPORTANT QUESTIONS.

CLEMENCEAU IS IMPLACABLE

Peace Conference to be Notified of
Opposition to Treaty in United
States in its Present Form.

Washington.—Again come reports from Paris that all is not going smoothly in the council of four as regards the definite settlement of points under argument relating to the German peace treaty.

While it has been asserted that the final answer of the allied and associated powers to the counter proposals of the Germans probably would be ready for delivery to the Germans at Versailles this week, late dispatches declare that some of the larger questions at issue have not been solved and that considerable pessimism prevails as a result of this situation.

Notable among the points upon which no agreement has been reached, according to reports, is the Silesian question and the matter of the Polish western frontier. Added to this is the implacable stand of the French premier, M. Clemenceau, against any modifications in the peace terms, contrary to the attitude of President Wilson and Premier Lloyd George of Great Britain, who are declared to have recognized the necessity of lessening somewhat demands in certain clauses of the treaty.

In accordance with a resolution introduced in the United States Senate the peace conference of Paris would be notified of opposition to be offered ratification of the treaty if it should be submitted to the senate in its present form.

THREE STATES RATIFY SUFFRAGE AMENDMENT

New York.—Ratification of the suffrage amendment by the legislature of Illinois, Wisconsin and Michigan, with Governor Smith's call for an extra session in this state to act on the amendment, caused jubilation at the headquarters of the National Woman Suffrage Association here.

News of Governor Smith's action followed close on the receipt of telegrams by Mrs. Carrie Chapman Catt, president of the association from the executives of Kansas, Iowa, New Hampshire and Minnesota promising similar action.

Dr. Scarborough will arrive in Nashville Monday and the campaign will open at once, and associated with him will be: James Anderson, Knoxville, Tenn.; Rev. George McDaniel, Richmond, Va.; Rev. F. C. McConnell, Atlanta, Ga.; Rev. George E. Hayes, Louisville, Ky.; Rev. H. L. Winburn, Arkadelphia, Ark., and Dr. George W. Truett, Fort Worth, Texas.

The objects to which the campaign funds will be appropriated are: Christian education, foreign missions, home missions, state missions, ministerial relief, hospital and the national memorial.

HOUSE PASSES RAILROAD BILL APPROPRIATING \$750,000,000

Washington.—By a vote of 305 to 4 the house passed the bill authorizing an appropriation of \$750,000,000 for the railroad administration's revolving fund. Democratic members urged a larger amount but did not press any amendment for an increase, while Republicans declared the fund would be sufficient until later in the year when future needs would be known. The measure now goes to the senate.

GERMAN SAILORS IN U. S. TO BE RETURNED HOME

Washington.—Return to Germany of about 2,000 former officers and sailors taken from German vessels when the United States seized enemy shipping at the outbreak of the war, will begin about July 1.

Forty other enemy aliens, at first interned at Panama and later taken in custody by the United States, will be returned next week to Panama, preparatory to being sent back to Germany and Austria.

CONFERENCE ONE ON ALL QUESTIONS

TERMINATION OF THREATENED
DEADLOCK IS GRATIFYING TO
FRENCH AND AMERICANS.

IT IS NOW "THE BIG FIVE"

Admission of Japan to Inner Circle
Based on Fact That its Government
Must Concur in All Matters.

Paris.—A complete accord has been reached in principle on all questions connected with the reply to the German counter proposals.

French and American peace conference circles are highly gratified at this favorable turn after the prolonged differences of the past fortnight verging on a deadlock. The accord includes the Silesian question, the proposed admission of Germany to the league of nations, and reparations, which were the chief subjects of difference among the delegates.

No time has been fixed for Germany's entrance, but if she conforms to the conditions, it is expected that she will be represented at the first meeting of the council.

The Silesian settlement is based on a plebiscite for the disputed Polish German region.

It has been decided to incorporate the reply in the treaty itself rather than present it as a supplemental document. It will contain about 25,000 words.

Baron Makino, Japanese delegate, joined President Wilson and Premiers Lloyd George, Clemenceau and Orlando, and the council, known as the "Big Four," will hereafter be styled the "Big Five."

The decision adding Baron Makino to the council is explained by the fact that his government must be given an opportunity for full concurrence, if full adherence is expected. His entry into the council meeting today necessitated rearranging the entire reply, article by article.

SISTER MONUMENT PLANNED TO THE STATUE OF LIBERTY

New Orleans.—Launching of a movement for the erection at Hampton Roads of a sister monument to the Statue of Liberty, the ordering of a cablegram to President Wilson to express their confidence in him at the peace conference and the adoption of resolutions condemning bolshevism and favoring that Count von Bernstorff be brought to the United States for trial, were the outstanding features of the Travelers' Protective Association of America in session here.

The following cablegram was adopted by the association and ordered sent to President Wilson:

"The Travelers' Protective Association of America, representing 38 states, by a rising vote, do hereby declare our supreme confidence in you personally and also in the measures which will have to do with eternal peace for the world. God bless you, Woodrow Wilson."

FRANCE IS MUCH PERTURBED OVER ITS LABOR TROUBLES

Paris.—Coincident with the renascence of old political intrigues in the chamber of deputies, there is formidable activity being manifested by the socialist party, which has traveled far to the left since 1914 and which seeks in every incident, whether industrial, military, or naval, an opportunity of attacking the powers that be.

Today they have got a double barreled gun with which to go sniping. Economic conditions thoroughly justify many of the demands made for an increase in wages and nothing the government has been able to do yet has interfered with the steady increase in the cost of living. The application of the eight-hour act has also led to great friction. These two questions are the main sources of the labor discontent.

TO ACQUIRE AMERICAN CEMETERY IN FRANCE

Washington.—Without debate or amendment, the senate passed a bill authorizing appointment of a commission to acquire an American cemetery in France in which would be buried the bodies of American soldiers who lost their lives in that country during the war. The bill appropriates \$500,000 for the establishment of the cemetery. Its maintenance will be provided for though not mentioned.

IRISH UNIONISTS RESENT ACTION OF U. S. SENATE

Dublin.—The standing committee of the Irish unionists alliance has resolved that this committee of Irish unionists, representatives of both the north and south, indignantly resent the intervention of the American senate in pressing the Irish problem on the notice of the peace conference, as questions of Irish government and administration are purely domestic ones for the decision of the imperial parliament.

LOCAL PEPSI-COLA CO. ENJOYS BIG BUSINESS

Demand for This Every Popular Beverage
Increasing Daily—A Good Drink.

That the sales of Pepsi-Cola in this section this season will eclipse those of any past year in the history of the company, was the gist of a statement given this paper today by the management of the P. S. Jeans Pepsi-Cola Bottling Company.

During the period of the war bottlers all over the country were forced to curtail their output on account of the sugar shortage and in this city the Pepsi-Cola Bottling Company was not always able to supply the large demand for that well-known beverage. However, now that the armistice has been signed and the restrictions on the sugar has been removed, they are able to secure all the syrup that they can make use of and they are taking advantage of this to supply their local patronage to the limit.

The Pepsi-Cola Company is waging an extensive advertising campaign and this is aiding materially in boosting the sales of this well-known and popular beverage and these are daily increasing by leaps and bounds.

That Pepsi-Cola has real merit and is appealing to the public is plainly apparent through the large sales which it is enjoying.
