When we say it's good--it is good

When we tell you a certain article of food is good for you to eat, you can depend on it.

We know foods. And we know brands.

We've made it our business to study them so we can talk to you with real authority.

We know foods and groceries as a doctor knows diseases and remedies—we are specialists in our line.

This knowledge of ours is invaluable to you, yet it costs you nothing.

Everything in our store reflects this knowledge. We stock only those groceries and provisions which we know will please you and keep you coming to our store.

One of these things are RYZON Baking Powder.

We recommend this baking powder to you because we feel perfectly sure that you will like it better than any you've ever used. It is pure, it is efficient and costs but 40 cents a full pound tin.
