ARE YOU GUILTY?

A FARMER carrying an express package from a big mail-order house was accosted by a local dealer. "Why didn't you buy that bill of goods from me? I could have saved you the express, and besides you would have been patronizing a home store, which helps pay the taxes and builds up this locality." The farmer looked at the merchant a moment and then said: "Why don't you patronize your home paper and advertise? I read it and didn't know that you had the stuff I have here."

MORAL—ADVERTISE

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . ."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

FOOD CROPS SHOW SHARP DECREASES

DROUGHTS AND PESTS IN MUCH OF THE GREAT PRODUCING AREAS CAUSED DECLINE.

WHEAT LOSS IS TREMENDOUS

Crops of Corn, Oats, Barley and Potatoes Also Show an Appreciable Loss in Almost Every Section.

Washington.—With living costs soaring, the nation's principal food crops showed sharp decreases during July, resulting from droughts and pests over much of the growing area.

Wheat production fell off 221,000,000 bushels during the month, according to the forecast of the department of agriculture; corn showed a reduction of 27,000,000 bushels; oats 137,000,000 bushels; barley 27,000,000 bushels and white potatoes 34,000,000 bushels. Rice alone of all the crops showed an increase.

Total production of wheat was forecast at 940,000,000 bushels, but this was an increase of 23,000,000 bushels over the forecast last December 1 and 149,000,000 bushels over the five-year average from 1913 to 1918. Winter wheat showed the greatest loss with 124,000,000 bushels, with spring wheat production showing a decline of 97,000,000 bushels.

PLUMB CALMLY TALKS OF A REVOLUTION AS ALTERNATIVE

Washington.—All day long from a witness chair before the house interstate commerce committee, Glenn E. Plumb, counsel for the railroad brotherhoods and author of organized labor's plan for tri-partite control of the railroads, responded to sharp questioning from the semi-circle of committee members who called on him to explain every phase of the labor bill.

Gravely, Plumb talked of revolution as an alternative in case the adoption of "some such plan" was not obtained by political action through Congress, and said that was the determination of the masses of men whom he represented, "though I hope never to live to see the day."

The income of the Plumb plan league, organized to forward the labor bill's passage, he said, was "in the neighborhood of \$100,000 or \$125,000 annually now," though only organized in July.

COMMITTEE OF CONGRESS WILL PROBE INTO MEXICAN MATTER.

Washington.—Blanket authority to bring out all the facts about Mexican outrages on Americans and American property, and to formulate a remedial program, was given to the foreign relations committee by the senate.

Without debate and by unanimous vote a resolution directing the inquiry was adopted after its provisions had been stiffened in committee so as to make subject to investigation "any and all acts of the governments of Mexico and its citizens in derogation of the rights of the United States or of its citizens."

WAR DEPARTMENT ISSUES PRICE LIST OF SUPPLIES.

Washington.—The war department made public a complete price list on all subsistence stores available for sale to the public through the parcels post or through municipal selling agencies. Costs of the commodities to the government, the department said, had been disregarded entirely in fixing the prices of sale which are materially lower than prevailing market rates.

The prices quoted are f. o. b. and from storage points in each of the 13 districts into which the country is divided for war department subsistence purposes. The department now is redistributing the food supplies in the 13 areas in order that each may have its proportion per population of the 72 articles offered for public sale.

SOLUTION OF THRACIAN PROBLEM IS REACHED.

Paris.—The peace conference reached a solution of the Thracian problem according to The Intransigent, by dividing Thrace, some going to Greece and others being designated to form the future free state of Constantinople and a new free state under the league of nations.

The solution arrived at, according to The Intransigent, provides for dividing Thrace into eastern and western Thrace.

STRIKING CHICAGO SHOPMEN RETURNING TO THEIR JOBS.

Chicago.—A break came in the strike of railway shopmen when several thousand strikers returned to work in response to President Wilson's request and the appeal of international representatives of the six crafts involved. Director R. H. Ashton, of the northwestern region, and Hale Holden, of the central western roads, said there was much encouragement in the situation.

JUSTICE CLARK ON 'PRINCIPLES'

CHIEF JUSTICE OF SUPREME COURT OF NORTH CAROLINA CHAIRMAN CONFERENCE.

KEYS TO POSITIVE SOLUTION

American People Are Asked to Weigh Carefully and Without Prejudice All Phases of Plumb Plan.

Washington.—A national conference to consider all plans submitted to Congress for solution of the railroad problem will be held here October 6, under auspices of the Plumb organization bureau.

In making public announcement of the meeting, Chief Justice Walter Clark, of the North Carolina supreme court, and chairman of the Plumb plan preliminary conference, said special committees would be appointed to analyze the different proposals.

The American people were urged by Judge Clark to consider all the proposals "without prejudice and without passion, and to examine those which have been outlined in the light of the principles which we have enunciated."

Declaring that efficiency and economy in transportation are the keys to the solution of the problem of the high cost of living, Judge Clark added that any plan for solution of the railroad problem "must meet the test that it will provide transportation at actual cost."

A Man and the World. The world owes you nothing, unless by your own achievements you have made it your debtor. The man who imagines that the world owes him a living has taken the first step toward knavery; the second step is taken when he tries to collect the debt which is not due him. The greater his success in this, the greater thief he is, if he takes out of the world more than he has put into it.—Lyman Abbott.

NEW WRIGLEY CHEWING GUM FACTORY, CHICAGO

THE already tremendous chewing gum factory of the Wm. Wrigley Jr. Company, at 35th Street and Ashland Avenue, Chicago, is to be doubled in size. The first large unit of the new structure is now under construction. When completed, the new plant will comprise a million and a quarter square feet of space, devoted entirely to the manufacture of chewing gum. The area covered is six hundred by three hundred feet, the building being eight stories high with basement. It is of heavy re-inforced concrete and steel, white terra-cotta exterior. Track facilities for loading fifty cars at one time are provided. Special features are a modern roof-garden, recreation hall, restaurant, hospital, welfare department, library, club rooms, stacking room, hand-ball courts, gymnasium and showers. S.
