

LABOR EMPLOYMENT BUREAU CONTINUED

CHANGE COMES OVER SPIRIT OF DREAMS OF OFFICIALS AT WASHINGTON.

WORK DELAYED BUT ONE DAY

Appropriation of \$400,000 Will Enable Bureaus to Continue Operations Pending Passage Permanent Bill

Columbia. Offices of the United States Employment service throughout the country which were abolished by the director general, John B. Densmore, because Congress had failed to appropriate necessary funds for the continuance of the work, were reopened by an order from Mr. Densmore revoking his previous order. This action was taken after Congress had passed the sundry civil bill carrying \$400,000 for the employment service.

The appropriation of \$400,000 will enable the service to continue for two months and by this time it is believed the permanent employment service bill now pending in both houses will be passed. In the meantime the offices will continue their work as before, except they will be supported entirely by federal aid and will not rely upon outside help which has enabled the work to go forward since the latter part of March.

Work Ahead R. R. Commission.

The South Carolina railroad commission has some busy weeks ahead.

The commission will hold a hearing in Walterboro, Colleton county, July 16, relative to the stopping of through trains at Green Pond, where connection is made to Walterboro.

The same day the commission will go to Ehrhardt to consider the urgency of additional train service between Walterboro and Ehrhardt over the Walterboro branch of the Atlantic Coast Line. The question of the erection of a new depot at Ehrhardt will be considered the same day.

While in Walterboro and Ehrhardt the commission will make an inspection of the physical condition of the roadbed and equipment of the Walterboro branch of the Atlantic Coast Line and the Bamberg, Walterboro and Ehrhardt Railroad.

July 17 the commission will have a hearing in the Columbia office relative to the necessity of additional train service between Boston and Andrews in Georgetown county.

On this same date a hearing will be given relative to the plea for additional service over the Seaboard Air Line between Savannah, Charleston and Georgetown, and also additional service between Georgetown and Andrews.

Car Fare Reasonable.

Holding that the plaintiffs in the case against the Columbia Railway Gas & Electric Company, who sought to have an injunction issued against the company restraining it from collecting seven cent street car fares in Columbia, do not appear to have suffered any injury other than that common to all other citizens who may wish to use the lines of the street car company, Judge W. H. Townsend refused the application for a temporary injunction. The effect of the refusal of the court to grant the injunction is that the street car company will continue to collect seven cent car fares as it has been doing since July 1.

Schools Making Progress.

One hundred and seventy-nine districts in 22 counties participated in the disbursement of state aid under the terms of the equalization law for needy schools. The amount paid out totals \$58,120, leaving in the state treasury an unexpended balance of \$64,880.

R. C. Wright, publisher of the Columbia Record states that he will appeal from the Bethea libel verdict, to the supreme court.

Edwin Robertson Commended.

Edwin W. Robertson, who gave his services unreservedly to the country during the war period by acting as state chairman of the first four Liberty loan campaigns and district chairman of the Fifth Federal Reserve District organization in the Victory Loan drive, has received a very complimentary letter from Carter Glass, secretary of the treasury.

"You have served loyally at the sacrifice of your personal interests, and you deserve the gratitude of your country," the letter concludes.

Board Experts and Marketing.

The board of exports and marketing, which has recently been appointed by Governor Cooper, has charge and regulations of the corporations that may be organized for the purpose of engaging in the business of exporting commodities from the United States to foreign countries or to the insular possessions of the United States. When a concern organizes to engage in the export business, it shall enter into articles of association which shall state the object for which the association is formed.

A TIP FROM UNCLE SAM

To His Nieces and Nephews: "Beware of the man who offers you something 'just as good' for your Government securities."

College Educations are Made Possible By Government Plan

Director of War Loan Organization of This District is Anxious to Explain Method to All Who Are Interested and He Invites Requests for Information.

Perhaps in no other thing is Uncle Sam more interested than in the future of America in the citizens of tomorrow—the children of today—and he consequently realizes the tremendous importance of inculcating in the minds of the children the principles of thrift and enkindling in their hearts a desire to improve their condition in life. With these things in view the government is suggesting ways whereby a higher education may be had by many boys and girls who otherwise would never receive the benefits of a college course.

"In the 2,000,000 homes in Maryland, the District of Columbia, Virginia, West Virginia, North Carolina and South Carolina," said Albert S. Johnstone, director of the War Loan Organization, Richmond, Va., "there are perhaps 1,000,000 boys and girls, 12 to 15 years old, who are looking forward to entering college—some day. Their parents realize, if the boys and girls do not, that this 'some day' will come very, very soon.

"It is not merely a question of money. Enkindled ambition, steadily

adhered to by both the child and his parents, is necessary. Otherwise the money will probably not be accumulated in time, nor appreciation of the value of a college education be so developed in the minds of the boy and girl that they will stick to their purpose to get it regardless of the obstacles in their paths.

"There is a method—provided by the United States Government—by which this money can be accumulated gradually and be ready when it is needed. Meanwhile it will be absolutely safe, will draw a splendid rate of interest and be exempt from all state, county, and city taxes, both as to principal and interest, except estate or inheritance taxes. Moreover, the process of getting this money ahead is so simple, so direct, that all the members of the family may share in it, though no one can get it except the one to whom it belongs."

Mr. Johnstone says he would like to tell every interested parent, boy, or girl more about it. He asks simply that you fill out the coupon below, clip it out, and mail to him at the address given on it. He promises a prompt reply.

Mr. Albert S. Johnstone, Director,
War Loan Organization,
Richmond, Virginia.

Dear Sir:

I have read of the method, provided by the United States Government, by which the accumulation of money in advance to secure a college education is being encouraged. I would like to know more about it. Please write me fully.

WAR SAVING STAMP VALUABLE SECURITY

There are eight points of excellence that are possessed by War Savings Stamps which are especially appealing and which are not combined in any other security now to be obtained in any market. War Savings Stamp workers would do well to get these eight points and to see that their advantages are not lost sight of.

(1) Every War Savings Stamp is a direct promise to pay on the part of the strongest government in the world.

(2) It bears interest at the rate of 4 per cent compounded quarterly if held until maturity.

(3) The amount of money required for the investment is so small that every person can own at least one interest bearing security.

(4) It is readily obtainable. Any post office, almost any bank and any other agency will supply them.

(5) It is always in season, and may be purchased at any time.

(6) Its principal is always maintained with an accrual of interest.

(7) It is the most liquid of all securities, readily converted into cash on short notice and is redeemable upon maturity at convenient places.

(8) Its interest is received immediately at the time of purchase, instead of periodically during the life of the securities.

ARE YOU CIVILIZED?

"The difference between the civilized man and the savage is thrift. Keep expenditures always below income; save something," said Andrew Carnegie.

How far are you civilized?

Do you simply live in today, as does the savage, or are you preparing for the necessities of tomorrow? Will you be ready to take advantage of future opportunities? Will you be able to own your own home, to travel, to change your position or enlarge your business? Are you confident of what old age will bring, and what opportunities you will be able to give to your children?

In other words—ARE YOU SAVING?

You can do it. Join the great movement for a Thrifty America. Make a start with your odd quarters today. Thrift Stamps may pave the way to a happy, comfortable and more civilized tomorrow. Are you traveling this smooth road, or is yours an unpaved one? Choose between the two.

Lincoln said: "Be a patriot. Don't mar the immortal emblem of humanity, the Declaration of Independence." Buy Thrift and War Savings Stamps.
