NOTICE TO STOCKHOLDERS

A meeting of the Stockholders of the First National Bank of Clinton, S. C., will be held September 9, 1919, at 4 o'clock p. m., in the Directors' room, to decide upon an increase of the Capital Stock, and to transact such business as may come before the meeting.

Yours very truly,
B. H. BOYD,
President.

**This Is Better
Than Laxatives**

One NR Tablet Each Night For A Week
Will Correct Your Constipation and
Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illnesses.

Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well.

Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

**ATTORNEY GENERAL
TO ASSIST STATES**

POSITION IS MADE PLAIN BY
PALMER IN ISSUING ORDERS
TO OHIO OFFICIALS.

PLAY SHUTTLECOCK SYSTEM

Administration Hopes for But Little
from Congress Unless the People
Prod Their Representatives On.

The opposition to any extension, in the control act, is growing on the senate side. Several democratic senators, Smith, of South Carolina; Smith, of Georgia, and Ransdell, of Louisiana, blocked action on the Palmer suggestions for more power.

The senate is to be the storm center of the resistance to the efforts to bring the food profiteer to justice. The fight to stay the President is already on.

The administration hopes for very little from Congress unless the people prod their respective members on. It is feared that great food handling agencies will be able to delay first, and then defeat any remedial legislation.

The serious nature of the opposition was shown in the senate and house committees on agriculture.

The attorney general will assist state officials in routing food boarders that cannot be reached under local statutes. He will not permit the packers and other big interests to evade the law by removing stored food from one state to another to escape penalties. His position was made plain when he instructed the representatives of the department in Ohio to make seizures of stores of food reported there by Governor Cox. Immediately upon being told of this supply of meat, and the conditions under which it is held, Mr. Palmer directed his agents to act.

This means that Mr. Palmer is to take a hand in carrying on the spirit of state cold storage laws, to prevent the shuttle cock system of big concerns, which in sending their stocks from state to state to hold them longer, and dodge the state laws.

**APPEAL IS ISSUED TO
FARMERS OF COUNTRY.**

Washington.—Farmers throughout the country were appealed to by the national board of farm organizations to protest by petition and ballot against "the unfair and un-American methods being used against farm organization engaged in the collective sale of their farm products." Congress and state legislatures were called upon to clarify the purpose of the anti-trust laws in order that the "farmer shall have the right to unmistakable terms to do collective bargaining in accord with the original intent of the law."

**TIN MAY BE IMPORTED
FROM GERMANY NOW**

Washington.—Tin, in pig or alloy, may now be imported from Germany, under war trade board regulations issued which still further modify the blockade which existed during the war. Restriction against importation of goods into the United States from Germany now only apply to the coal tar products, drugs and dyestuffs.

**HAS SEVEN LIVING WIVES,
GOES TO SING SING PRISON**

New York.—Convicted of bigamy on his confession that he has seven living wives, one of whom he married twice, Charles Hugh Wilson, 48 years old, former Y. M. C. A. secretary evangelist and traveling salesman, was sentenced to three years and six months in Sing Sing prison where he announced he will take up prison reform work.

**CHARLES DECLARES HE IS
STILL KING OF HUNGARY**

Berlin.—A courier has arrived in Budapest, according to reports received here, with a letter from former Emperor Charles to Archduke Joseph, in which Charles declares he is still the crowned king of Hungary and commissions Joseph to take over the sovereign power until his return.

**A MORE DEFINITE STAGE IS
REACHED IN NEGOTIATIONS**

Washington.—Negotiations between Democratic and Republican senators looking to ratification of the peace treaty with reservations reached a more definite stage.

Democratic leaders, feeling out sentiment on the Republican side, were told that the treaty never could be ratified without qualification but that more than 20 Republicans wanted to see it accepted in the near future with reservations.

**CLOSE COOPERATION BETWEEN
THE STATES AND GOVERNMENT**

Washington.—Close co-operation between state authorities, who possess detailed information of food and price conditions, and the attorney general and his staff of assistants, empowered to enforce the food control law, is being established as a part of the government's fight to reduce cost of living. Instructions went out from Attorney General Palmer to the two district attorneys in Ohio to proceed immediately to assist Governor Cox.

**APPOINTMENTS BY
GOVERNOR COOPER**

AWARDS OF SCHOLARSHIPS IN
THE MEDICAL COLLEGES OF
CHARLESTON ARE MADE.

GOOD FOR ONE YEAR ONLY

Selections Are Made From Among
Applicants Who Are Unable to Pay
Their Own Expenses.

Columbia.
Governor Cooper announced the awarding of scholarships in the Medical College of South Carolina at Charleston, for the medical and pharmaceutical courses. There is one appointment from each congressional district in each course. The appointments carry an appropriation of \$150 and are good for one year.

These appointments were made as far as possible, after careful investigation, to applicants who did not have the financial means to pay their way through college. They are:

School of Medicine: Ashley B. Haight, Charleston; John D. Bunch, Clark's Hill; Arthur Kennerly, Greenwood; M. G. Patton, Fountain Inn; W. M. Jones, York; John Melver Wilcox, Darlington; and James Furman Herbert, Columbia.

School of Pharmacy: W. L. Califf, Denmark; Francis Mabry, Abbeville; K. T. McKinney, Greenville; Thomas P. Crawford, Blairs; F. W. Henderson, Conway, and M. S. Riley, Leesville.

There was no applicant for the school of pharmacy from the First Congressional District, and in several of the districts there was only one applicant.

Speculators Made Uneasy.

Uneasy will lie the head of the dealer or individual who is hoarding or speculating in foodstuffs. Uncle Sam with his whole detective force is after him, and yawning jails await the offender who is wilfully contributing to the high cost of living.

District Attorney Weston has received a telegram from the department of justice instructing him to use all agents of the government in ferretting out those who are hoarding foodstuffs and to proceed against them with the whole force of the government.

Prosecutions have already been entered in other states for infractions of the hoarding and speculating law and convictions secured.

Low Prices for Tobacco.

The tobacco crop of South Carolina is not bringing as high an average price this year as it did last year, or even the year before. The figures for the month of July have been paid on South Carolina markets during the month of July was but 21 cents and a fraction, against 33.86 cents last year and 21.65 for 1917, month of July.

The average prices for the several months last year were: July 33.86, August, 33.37, September and October 17.90.

Census Supervisors.

Washington.—Appointments of census supervisors for South Carolina were announced by districts as follows:

- First, to be announced later.
- Second, David W. Gaston, Jr., Alken.
- Third, Elbert H. Aull, Newberry.
- Fourth, Oscar W. Babb, Laurens.
- Fifth, Seabrook C. Carter, Chester.
- Sixth, to be announced later.
- Seventh, Julian S. Wolfe, Orangeburg.

Synod Authorizes Drive.

Raising the proposed amount of \$150,000 for educational purposes for Newberry and Summerland Colleges to \$300,000 and showing a spirit of enthusiasm throughout the meeting, the South Carolina Lutheran Synod authorized the campaign for funds for the two institutions at the special meeting here. The doubling of the amount to be asked came somewhat as a surprise to the most enthusiastic supporters of the campaign.

Rainbow Division Chartered.

The secretary of state incorporated the South Carolina Division of the Rainbow Division, as an eleemosynary institution, "to perpetuate that spirit of comradeship which has been the greatest single factor in the success of the division and to commemorate the deeds of our dead comrades." The headquarters of the chapter will be in the office of the state highway engineer at Columbia.

The divisional organization was formed at Mayschoff, Germany, April 8, 1919.

Dial Is Fish Hunting.

Washington.—(Special) — Senator Dial has been in correspondence with the federal bureau of fisheries in regard to deliveries next spring of fish fry for stocking of ponds on South Carolina farms. There are more of such ponds than might be supposed and many of them furnish considerable additions to the family table.

Distributions of stock by the bureau of fisheries cars are made in the spring and late summer and autumn, but applications filed after June are not filled until the subsequent spring.
