

Rheumatism Relief--25c.

Nature's Remedy (NR Tablets), Are Helping Thousands Who Tried Expensive Things Without Result. It's Guaranteed.

There are three vital processes of human existence—the digestion of food, the extraction of nourishment from it and the elimination of waste. Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Rheumatism, due to some interference with the process of elimination, failure to get rid of certain body poisons—cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body?

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things?

A 25c box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days—must help you, must give you prompt relief and satisfactory benefit or cost you nothing. Nature's Remedy is not only for the relief of rheumatism. It improves digestion, cleanses the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

Youngs Pharmacy

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

August 17, 1919.

To Whom It May Concern:

This is to certify that I saw a report upon the Chemical Examination and Etc, [mud] from Davis Spring. The report was quite favorable as to oil. They reported that there was no doubt oil to be found somewhere around and as the scum around the Spring showed oil. It was strong evidence that it existed there.

Yours truly,
C. P. Vincent, Jr., M. D.

EMPLOYEES ENJOY ANNUAL PICNIC

Spent Tuesday at Yarborough's Mill--Given by Jacobs and Co.

The second annual Labor Day picnic and barbecue given by Jacobs & Company, Clinton, to their employees and families took place on Tuesday at Yarborough's Mill about 15 miles from Clinton. The location was superb for this delightful affair to which nearly 200 people attended. Two large motor trucks carried the crowd to the Mill while other people arrived in buggies and privately owned cars.

Messrs. H. S. Coffman and O. P. Slater prepared a most bountiful and delicious barbecue which was spread on long tables beneath the shade and historical surroundings of Laurens County.

Everything listed on the menu as refreshments were served from pig to ice cream including cigars and chewing gum.

Mr. J. F. Jacobs, Sr., president, offered prayer before the dinner was served.

After the "eats" were heartily enjoyed and eaten with a relish, various athletic contests were run off as follows:

The first race for married ladies with 12 contestants was won by Mrs. Thos. Jacobs and the victor was presented with a dainty bottle of perfumery.

The second contest, which was for men, was won by Pringle Copeland and the prize was a fountain pen.

Third, young ladies, won by Miss Maude Poole, prize, box of candy.

Fourth, three-legged race, won by Coach Johnson and Al Brice, prize, box of cigars each.

Fifth, little girls, won by Miss Ethel Copeland, prize, box of candy.

Sixth, little boys, won by Jim Copeland, prize, box of candy.

The balance of the afternoon was spent by the guests in bathing and motoring until 5:15 when the start for home was made.

Mr. J. F. Jacobs, Sr., President of Jacobs & Co., has the best interests and welfare of his employees at heart as well as each member of the firm, who co-operated with him in making every guest present feel that this barbecue and picnic given for them was to bind the feeling of good will and fellowship. The employees and their families acclain in one accord that the holiday was the most delightful one of the year for them and will long be remembered for its bountiful dinner, hospitality and cordiality manifested.

CONFESSES CRIME

MAN KILLS HIMSELF
Ben Kilpatrick Found Dead in Cell of Jail at Philadelphia, Miss.

Philadelphia, Miss., Aug. 27.—Two hours after he had confessed to a coroner's jury to having killed John Breland, one of the victims of a double murder committed near here Friday, Ben Kilpatrick, 45, farmer, married, was found dead in his cell in the county jail here today.

When found Kilpatrick's body was suspended by a wire rope made from part of a cot. He was in the condemned cell.

According to the story told the coroner's jury by Kilpatrick, Breland and Lewis Burnett, brothers-in-law, farmers, were building fences with him Friday. The latter two quarrelled, then Breland hit Burnett in the back of the head with a small axe, killing him.

Kilpatrick, who admitted an interest in Breland's wife, said that a few minutes later, with the same weapon, he slew Breland in the same manner. Mrs. Breland was taken into custody last night. No formal charge has been placed against her. She has three children.

When the murder of Bennett and Beland was discovered Friday it was thought they had killed each other.

TO WELCOME GENERAL

New York, Aug. 27.—General Pershing will be officially welcomed home by New York city with a great military review on September 10, according to plans announced today by the executive committee of Mayor Hylan's committee on reception to distinguished guests. The great home coming welcome will continue from the hour of General Pershing's arrival on board the Leviathan on Monday, September 8, until he departs for Washington.

General Pershing is expected to ride at the head of thousands of overseas veterans who will march up Fifth Avenue.

PLANT'S CONTROL GIVEN EMPLOYEES

Rock Island Arsenal Shops Left in Hands of Committees of Its Workers. Efficiency Increased, Production Cost Less.

Washington, Aug. 31.—Actual control of the production activities of the Rock Island arsenal harness shops, including appointment of foremen and the determination of prices to be paid workmen has been turned over to the committees of the employees. This became known today when Secretary Baker made public correspondence between the war department and representatives of the employees. Matters of administration are left with the regular management, but even bids submitted on contracts are influenced by the committees.

In carrying out new plan, which is characterized in the correspondence as "the first recognition of the people of democracy as applied to the manufacturing industry," an arsenal orders branch has been established in the ordnance department here to obtain orders from other governmental agencies. An advisory committee of employees' representatives included in this branch, who "actively assist in figuring cost when bidding for work."

Official reports to Secretary Baker assert that the result has not been only greatly increased efficiency but a radical reduction in manufacturing cost. Two examples cited are orders for mail locks, formerly cost \$45 per thousand, but produced at Rock Island for \$38, and an order for azimuth optics at prices reduced from \$55 each to \$20.74.

Development of the new system, the announcement today said, grew from the situation immediately following the signing of the armistice, when it became apparent that the operating force would be reduced from lack of work, but the necessity for a change had been foreseen even before the war. "A condition of antagonism and distrust" had grown up prior to the war between the management and the workmen, as a result of the attempted introduction of "so-called scientific management methods," and the men "finally found their only recourse was to place a deliberate limit on production."

On the outbreak of war, however, it was said, the men voluntarily removed these limits, insisting only that piece work prices should not be reduced without their consent. Instances are cited of the men recommending reduction in piece work prices in order that the arsenal could secure additional orders and of voluntarily agreeing to work during lunch hours in order that an order "which had been figured very closely" might be filled.

HOG PRICES DECLINE IN CHICAGO MARKET

Drop of One Dollar Per Hundred Pounds Noted. General Protest Helps.

Chicago, Aug. 27.—A drop of \$1 a hundred pounds on the average for hogs with lower prices for beef cattle at the stock yards today was ascribed to several reasons, including the general protest against the high cost of living. Market men said the tendency was for still lower hog prices, particularly after the fall marketing, and they professed to see a break in high living costs. The public has curtailed its buying of pork and beef recently while live stock receipts are large. The eastern market failed to act as an emergency outlet and the packers virtually withdrew their buyers from the pens today, leaving thousands of hogs and cattle without buyers. Speculators were hit hard.

Live stock men say export business has been depressed by the foreign exchange situation and that this coupled with receipt of hogs that accumulated on farms during the railroad shopmen's strike and the prospect of a strong run of hogs, helps to cause the weak market.

While the average drop for hogs was at \$1, the difference between today's lowest point was fully \$1.50, live stock authorities said, while the average drop for beef cattle today ranged from 50 to 75 cents a hundred pounds. Sheep also sold lower.
