# Quit Laxatives, Purges; Try NR

NR Tonight — Tomorrow, Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs — promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. As a occasional NR tablet will keep your body in condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and you will be glad. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

To Whom It May Concern:  
This is to certify that I saw a report upon the Chemical Examination and Etc. [mud] from Davis Spring. The report was quite favorable as to oil. They reported that there was no doubt oil to be found somewhere around and as the scum around the Spring showed oil. It was strong evidence that it existed there.

# WILSON DEFINES TEN BIG POINTS

FUNDAMENTAL PRINCIPLES ON WHICH ACCEPTANCE OF THE TREATY IS ASKED.

## BOYCOTT SUBSTITUTE FOR WAR

Placing Peace of World Under International Oversight As Legitimate Interest of Every State.

On Board President Wilson's Special Train.—Ten points in the peace treaty were defined by President Wilson as the fundamental principles on which he is asking its acceptance by the United States.

The President made no stop for an address but instead made known through the newspaper correspondents the platform he desires to place before the people in his plea for the treaty's acceptance.

The ten points which epitomize the treaty provisions are as follows:

1. The destruction of autocratic power as an instrument of international control admitting only self-governing nations to the league.
2. The substitution of publicity, discussion and arbitration for war using the boycott rather than arms.
3. Placing the peace of the world under constant international oversight in recognition of the principle that the peace of the world is the legitimate immediate interest of every state.
4. Disarmament.
5. The liberation of oppressed peoples.
6. The discontinuance of annexation and the substitution of trusteeship with responsibility to the opinion of mankind.
7. The invalidation of all secret treaties.
8. The protection of dependent peoples.
9. High standards of labor under international protection.
10. The international co-ordination of humane reform and regulation.

## SIXTEEN ARE DROWNED WHEN HURRICANE STRIKES STEAMER

Miami, Fla.—According to report here the British auxiliary schooner, *Mystery J*, commanded by Captain Allen I. Johnson, which left here for Nassau, New Providence, Bahama islands, heavily laden with foodstuffs and carrying six passengers and a crew of 13, encountered the hurricane and sank near Bimini, the nearest of the Bahama group, 45 miles from Miami. The report says nine were saved.

## WORLD'S BASEBALL SERIES IS LENGTHENED TWO GAMES

Cincinnati, Ohio.—Nine games will be played in the world's series this year as against seven last year. August Herrmann, chairman of the national commission, announced. Herrmann said a majority of the clubs of both the National and American leagues had ratified the recommendation that nine games be played.

Herrmann said that the vote of the clubs on the proposition would not be given out at this time.

## PARIS COUNCIL WORKS ON TURK PEACE TERMS

Paris.—The supreme council, having virtually completed work on the Bulgarian treaty, will take up the drafting of the peace terms with Turkey. Premier Lloyd George will arrive here for this purpose. He will be assisted in the conference by Field Marshal E. H. Allenby, commander of the allied forces in Asia Minor, who has just arrived in France.

## WILSON TO CONFER WITH WESTERN LABOR BODIES.

Seattle, Wash.—President Wilson has agreed to meet a delegation of representatives of northwest organized labor here for a conference.

## RAILROAD ADMINISTRATIVE OFFICIALS ARE WELL PAID

Washington.—Seventy-two officials of the railroad administration described as "men on the staff of the director general" are receiving annual salaries aggregating \$1,139,000, according to an extension of remarks in congressional record by Representative Thompson, Ohio, who charged that other government agencies "seem to have utter disregard for economical expenditures of public funds."

## AUSTRIANS MUST NOT SIT IN GERMAN PARLIAMENT

Paris.—At the morning session of the supreme council of the peace conference, the terms of the note to be sent to Germany concerning the suppression of article 61 of the German constitution, relating to Austrian representation in the German parliament, were decided upon. The allied note, which is in reply to the recent German answer to the original allied ultimatum, will be communicated to the German peace delegates.

# WILL RECLAIM CHOICE LANDS

Two Dredging Boats Are Constantly in Operation on Turkey Creek; Much Progress is Being Made.

York.—With two dredge boats in operation day and night on the two prongs of the watercourse, satisfactory progress is being made of late in the work of dredging Turkey creek. The channel is being materially deepened and in some places where deemed advantageous is being entirely changed. The contractors were given 15 months in which to finish the job and barring unforeseen delays they will experience no difficulty in completing the work in that time. Twenty-six miles of the creek will be dredged, which will result in the reclaiming of several thousand acres of the choicest bottom lands in York and Chester counties now almost valueless on account of the overflow of the stream.

Anderson.—Many of the merchants of this city have signed an agreement for early closing hours this winter. The dry goods and shoe stores to close at 6 o'clock and the retail grocery stores at 7:30, with the exception of Saturdays.

Washington.—John G. Capers, former commissioner of internal revenue, died suddenly at his home here following a stroke of paralysis, aged 53 years. Mr. Capers was district attorney for South Carolina from 1901 to 1906.

Columbia.—Another carload of mixed canned goods will be ordered by city council for distribution at whole sale prices. The sale of the first carload was a big success and many Columbians profited by the reduced prices.

Greenville.—In pursuance of instructions contained in a letter from the attorney general of the United States, District Attorney J. William Thurmond, for the Western district of South Carolina, will appear as leading counsel for the defense of Jake Gosnell, deputy collector of internal revenue, charged with the murder of Sheriff Hendrix Rector.

Greenville, S. C.—An unprecedented scene was enacted in the Greenville county court house here, in the presence of a crowd of spectators when four negroes were sentenced by Judge James H. Peurifoy to die in the electric chair on October 10 and another was sentenced to life imprisonment, all having been convicted of murder.

Charleston.—It was learned that some time this month the Bell Manufacturing Company, a large Georgia garment making concern, expected to reopen the immigrant station at Charleston as a factory for manufacturing overalls and other garments for working men, and at the start 350 em-ployees are to be used with the expectation of eventually employing 1,200.

Gaffney.—Numerous auction sales of land in Cherokee county recently demonstrates the fact that real estate here is very high, purchasers in many instances selling the land at higher prices than they paid without even having the land transferred to themselves. More than \$1,000,000 worth of land will have changed hands within less than 60 days.

Aiken.—The new Baptist church, a handsome structure, is now practically completed. The finishing touches are being added and the beautiful house of worship will be dedicated on Sunday, October 5. The Rev. E. D. Gray, D. D., of Atlanta, Ga., secretary of the home mission board of the Southern Baptist convention, will preach the dedication sermon.

Greenville.—Expressing the belief that the Baptist \$75,000,000 campaign will aid in a large measure in the obliteration of illiteracy in this state by the work planned to be done with the educational quota, Governor Robert A. Cooper addressed an all-day rally meeting of Baptists of the Greenville association here.

## Would Cost \$70,000.

Chester.—As a result of a meeting held at Lockhart, it was found that the bridge across Broad river could not be built for less than \$70,000. A message was received by Supervisor Davis G. Anderson from Supervisor Askew, of Union county, saying that Union county will increase its appropriation for the bridge from \$12,500 to \$15,000, to make out the \$70,000, and urging Chester county to do the same thing. The government will pay \$35,000, and Monarch Mills has agreed to furnish \$5,000.

## Murder of Old Citizen.

C mden.—George Gladden, a 70-year-old white man, was waylaid and murdered as he was going to his work at the Wateree Power Dam in West Wateree and his body robbed of a considerable sum of money.

The old man is known to have carried a large sum of money with him at all times and his relatives state that he was relieved of around \$1,500. The crime occurred just before daylight on a by-road leading to the Hardaway Company's works.
