TRAIL IS BLAZED FOR SETTLEMENT

PROPOSALS ARE PRESENTED LOOKING TO ARBITRATION OF GREAT STEEL STRIKE.

GOMPERS' ACTION SURPRISE

Explanation Is Made that Proposals Have the Support of Labor Delegates, and the Brotherhoods.

Washington.—Concrete proposals designed to bring about better relations between employers and the employed were laid before the national industrial conference by members of the various groups making up the gathering. The proposals included:

"Arbitration of the nation-wide steel strike with return of the men to work pending settlement; an industrial truce starting immediately and continuing three months; creation of an arbitration board by the President and Congress, and including among its members all ex-Presidents; and a comprehensive plan for adjudication of industrial disputes through boards of arbitration in the various industries."

The proposal for settlement of the steel strike, introduced by Samuel Gompers, president of the American Federation of Labor, and one of the delegates, soon after the conference met in the first of the day's two sessions, came as a surprise to the groups representing the public and the employers. In offering the proposal, Mr. Gompers explained that it had the support of the labor delegates including the representatives of the railroad brotherhoods. The proposal, like all others submitted, under the conference rules was referred to the general committee composed of five representatives of each group.

PRESIDENT FORCED TO REMAIN IN BED

COTERIE OF PHYSICIANS SAY A — PROLONGED REST IS AN ABSOLUTE NECESSITY.

PUZZLING CONDITION ARISES

A Possibility, Incident to Peculiar Situation Is That Vice President May Be Given Full Control.

Washington.—Hope that President Wilson might regain his normal health and resume fully the duties of his office was swept away by his physicians, who announced it would be impossible for him to leave his bed "for an extended period."

The announcement, made after a consultation between Rear Admiral Grayson and the three other physicians aiding in the case, said there had been no interruption of the President's slow improvement, but emphasized that he still had a long road to travel before he reached complete recovery.

The physicians' announcement was not taken to mean that Mr. Wilson would be prohibited from sitting up in bed and it was considered entirely possible that he might be permitted to sign a few important bills and orders each day as his progress continues.

Announcement that President Wilson cannot leave his bed "for an extended period although in keeping with the program of rest originally planned for Mr. Wilson by Dr. Grayson, brought home to officials the possible effect of the President's illness on public affairs and renewed discussion as to what expedient might be adopted should the press of the executive business reach a point demanding more attention than he could give it.

The constitution provides that in case of the President's disability the vice president shall act as chief executive, but there is no precedent for such a transfer of authority and official opinion is divided as to how it might be brought about should the necessity arise.

Who could declare a President's disability is known to present something of a puzzle to the legal advisers of the government. The constitution is silent on the point.

LETTISH TROOPS ENGAGED WITH HUNS OPPOSITE RIGA.

Riga has been bombarded by the attacking forces. Bridgeheads east of the river are still being held by Lettish troops, it is said.

BELIEVE GERMANY WILL FEEL WRATH OF ALLIES.

London.—A wireless dispatch from Berlin, dated Saturday, says Marshal Foch's reply to the German note regarding the evacuation of the Baltic provinces is expected momentarily. A majority of the newspapers, the dispatch adds, consider the measures Germany has taken will be regarded as inadequate. They express the fear that a "hunger policy" will be introduced to punish Germany for the developments in the Baltic.

MONTENEGRINS WALLOP SERBIAN DETACHMENTS

Paris.—Montenegrin forces have inflicted heavy losses on Serbian detachments in the Montenegrin insurrection, which is continuing, according to a statement issued by the Montenegrin ministry of foreign affairs. Montenegro, it is said, has again asked the great powers to order the Serbians out of Montenegro.

DISCUSSION OF UNIMPORTANT ASSERTION CONSUMING TIME

Pittsburgh.—Strike leaders from the industrial districts where the steel controversy is being waged were given almost the entire day by the senate investigating committee in an attempt to prove the assertion of J. G. Brown, one of the union organizers, that "the long arm of the steel trust has reached into the government of western Pennsylvania to strangle the workman's right of free speech and free assemblage."

INCREASE ALLOWED LOWER CLASS POSTAL EMPLOYEES

Washington.—Senator Harrison of Mississippi induced the senate to adopt amendments to the house resolution on postal salary increases in order to allow slightly greater increases to carriers and fourth class postmasters, so that the bill will now go to a committee of free conference unless the house shall concur in the senate amendments. Senator Dial of South Carolina voted for the Harrison amendments.
