

This Is Better Than Laxatives

One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body. The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, salivary complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—sals, oils, calomel and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened-out-and-feel-just-right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well. Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me. . . . After 12 bottles, I am strong and well."

TAKE
CARDUI
The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

You Do More Work, You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

ANOTHER MEET TO CONSIDER STRIKE

NOT MUCH HOPE ENTERTAINED OF A SETTLEMENT UNLESS STRIKE IS CALLED OFF.

LEWIS LABORS UNDER STRAIN

Operators Must Change Stone-Wall Attitude and Indicate Willingness to Frame Another Agreement.

Washington.—Failing after an all-day conference to avert a strike of nearly half a million bituminous coal miners, called for the very eve of winter, Secretary of Labor Wilson invited miners and operators to send their full scale committee to Washington when another effort to bring about peace will be made.

Both sides accepted the invitation. This did not offer any great hope, however, for representatives of the operators stood firm in their determination not to negotiate any demand for a six-hour day, and not to deal with the unions unless the strike, set for November 1, was called off.

John L. Lewis, acting president of the United Mine Workers of America, whose word probably would swing the unions one way or the other, showed that he was laboring under a terrible strain when he left the three-cornered meeting.

Speaking to a group of reporters, he said he had told Secretary Wilson that the 32 members of his wage scale committee would be here to meet an equal number from the other side, but that it would be useless to reconvene the joint inter-state wage conference "unless the operators changed their stone-wall attitude," and indicated a willingness to frame another agreement.

URGE ADVERTISERS TO SUPPORT PUBLISHERS.

New York.—Resolutions recommending that the advertisers throughout the country pledge their support to the publishers here who have declined to grant the demands of the striking workers in the printing trades were adopted at a meeting of the board of directors of the audit bureau of circulation. The organization is composed of advertisers, advertising agents and publishers of newspapers and periodicals in the United States and Canada.

Two hundred and fifty employing printers met and reaffirmed their decision to hold out against the strikers.

LESS THAN 15,000 U. S. SOLDIERS NOW IN FRANCE.

Paris.—The actual number of American troops now in France is less than 15,000 and is rapidly diminishing. General W. D. Connor commanding the American troops in France, said. Within a month, he stated, virtually all of the soldiers will be gone, as the task of repatriating the German prisoners is now completed.

AVIATOR IS KILLED WHEN PLANE FALLS AT ST. PAUL.

St. Paul.—Lieut. Cameron Wright, in charge of the landing field here for the transcontinental air racers, was instantly killed when an airplane in which he was riding as a passenger went into a tail spin and dropped 200 feet.

NEW YORK WILL BE PUT BACK ON WAR-TIME RATION BASIS.

New York.—Arthur Williams, federal food administrator for New York, was perfecting plans to place the city on a sugar rationing basis similar to that during the war.

Increased use of sugar for "soft" drinks resulting from the enforcement of prohibition and the shortage in receipts of raw sugar resulting from the strike of longshoremen, which virtually stopped shipping, were blamed by Mr. Williams for what he termed the most serious sugar shortage since 1917.

INNOCENT PARTY TO DIVORCE MAY REMARRY IN THE CHURCH

Detroit, Mich.—Through action of the laymen of the Protestant Episcopal church in the 1916 general convention, sustained by both clerical and lay delegates, the innocent party to a divorce may be rewedded in the church. Amendment of the canons to prevent remarriage by an Episcopal priest of a person who has a divorced husband or wife living, by many of the clergy and a few of the laymen was defeated.

LEWIS AND SECY. WILSON CONFERRING ON COAL STRIKE

Washington.—John L. Lewis, president of the United Mine Workers of America, and Thomas T. Brewster, representing the coal operators, went into conference with Secretary of Labor Wilson, who had invited them here in an effort to avert the threatened strike of bituminous coal miners on November 1.

The first session was expected to continue several hours.

FOUR MORE STILL CAPTURED

United States, State, and County Officers Join in Extensive Raids in Aiken During Court Week.

Aiken.—Four stills, with a combined capacity of 80 gallons, were seized and destroyed by revenue and state officers in Aiken county a few days ago. Two white men were arrested and a mule and wagon seized. The men were taken before the United States commissioner in Aiken for a preliminary examination.

The four stills were in a cluster, and when the first had been located little difficulty was met with in finding the others. One still was of 50 gallons capacity, two of 20 gallons and a fourth of 10 gallons. About 50 gallons of beer were destroyed. The operation of the stills had hardly gotten under way when the officers arrived and they were not all working to capacity.

The officers were in Aiken attending court and made the raid early one morning before court had convened.

Gaffney.—A large amount of cotton is being marketed daily in Gaffney and although the crop is short, owing to the good price which is being realized for the staple renters and croppers for the most part will be able to meet all of their obligations and have something left.

Clemson College.—Attention of South Carolina farmers is called by the extension service of Clemson college to the sale of Berkshire hogs at Orangeburg, Tuesday, October 21. This is a consignment sale made up by the Berkshire breeders of the state and is the first co-operative sale of this breed ever held in South Carolina.

Bamberg.—H. W. Moody, chief of police of Bamberg, shot and instantly killed Kirk Antley, a former negro soldier. Apparently under the influence of liquor, Antley made himself particularly obnoxious to many people here and is said to have threatened any one who undertook to arrest him.

Columbia.—Reports from tobacco markets in South Carolina, compiled by the state department of agriculture, show that nearly 12,000,000 pounds of tobacco were sold by producers in the Pee Dee section in September.

The average price received was 18.5 cents, bringing in a total revenue of nearly \$2,250,000.

Gaffney.—Certain dealers in Gaffney, in the commodity known as gasoline have recently cut the price of the fluid, and it is likely that a price war in this very essential material will result. This of course is gratifying to the consumer, and he is standing by hoping that the matter will go far enough for him to be able to get it at a price which he considers reasonable.

Greenwood.—A recent census shows that 70 new residences have been built in Greenwood since the first of January, this year. The average cost was \$350,000 for residences in Greenwood thus far this year and there are a number of new ones in prospect now for the remaining three months of the year.

Sumter.—The Sumter county chamber of commerce, learning that B. F. McLeod, state manager of the South Carolina Cotton association, had said that headquarters of the association might be moved from Columbia, wired him as follows: "Sumter will heartily welcome headquarters of the South Carolina Cotton association and we will secure suitable offices for you."

Florence.—The jury in the case of the state against Lillian and Rebecca Meyers, charged with the murder of their father, Sylbert Meyers, returned a verdict of guilty of manslaughter, with recommendation to mercy. Judge Mauldin sentenced the two negro girls, who are aged about 14 and 16 years of age, respectively, to two years at such labor as they could perform in the Florence county jail.

Advance of Boll Weevil. Florence.—The boll weevil has advanced to a line ten miles south of the city of Florence. A scouting party consisting of J. A. Burley of the state crop pest commission, E. S. Tucker of Delta laboratory and Ward McLendon, county agent, made the discovery. They took three lines out of Florence, veering always to the south and found the weevil on the farms of many farmers. The pest is reported plentiful between Florence and Lake City and in the Olanita and Timmonsville sections.

Trustees Plan Extension. Spartanburg.—If the governing body of Converse college have not misjudged the soul of this community, the service of that institution will be largely extended and we shall have in Spartanburg a university for women. They have outlined a plan which should commend itself to the judgment and liberal gifts, of all who are interested in education. To carry out the plans of the trustees, the sum of \$500,000 will be needed, and of this amount the people of Spartanburg will be asked to subscribe \$200,000.

INQUIRY AT ACADEMY.

Washington, Oct. 9.—Alleged hazing at the United States naval academy, said to have caused the recent attempts at suicide by Midshipmen Phillip H. Seltzer of Lebanon, Pa., and Henry C. Wethersline, will be investigated at once with a recommendation of dismissal for any persons found guilty, Rear Admiral A. H. Scales, superintendent of the academy, today informed Secretary Daniels.

In his report to the secretary, in which he declared he was opposed to any form of hazing "no matter how mild," Rear Admiral Scales transmitted two statements from Midshipman Seltzer. Admitting that he had been "hazed a little," Seltzer denied, however, that this had caused his attempt at suicide which he said was due to

"discouragement and worry" over studies. The hazing he received, he said, was not "real hazing" but "just running" which consisted of a certain formula of questions put to him by upper classmen.

Owing to his condition following his attempted suicide no statement has yet been obtained from Midshipman Wethersline, the report said.

18 cents a package

Camel CIGARETTES

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! *You will prefer Camels to either kind of tobacco smoked straight!*

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarettey aftertaste or unpleasant cigarettey odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Just Received

A Car Load of THORNHILL WAGONS

WE HAVE just received a shipment of a car load of Thornhill Wagons—the wagon made in the heart of the hardwood region of tough highland oak and hickory.

These are the long wear wagons with many patented features. Made with the old standard track.

Not the lowest priced wagons but the best and in the end the cheapest.
