## EXAMINER MAKES REPORT ON BANKS

STATE, BRANCH AND PRIVATE  
BANKS SHOW RESOURCES OF  
\$157,782,877.82.

### SHOW ONE STRIKING FEATURE

Savings Deposits Largely Increased  
Since September 12, Date on  
Which Report Was Compiled.

Columbia.

James H. Craig, state bank examiner, completed his report of the conditions September 12 of 342 state banks, 14 branch banks and one private bank, which reports gives the total resources of the 367 institutions to be \$157,782,877.82.

A striking feature of the report is the amount of savings deposits, which were \$35,360,436.53. Little cotton had been sold at that time and the amount has doubtless been greatly enlarged the last five weeks. Individual deposits subject to check amounted to \$60,537,772.02. Undivided profits approximated \$4,000,000, and time certificates of deposits exceeded \$12,000,000. The report shows that the banks own more than \$11,000,000 in Liberty bonds.

#### Making Intelligence Tests.

Intelligence tests similar to those given by the United States government in examining men for the army during the war days are now being given to freshmen at the University of South Carolina. These examinations are in the nature of experiments with the university, but they may have a significant meaning for future classes as it is planned to judge a student by the response he gives to the test and thereby be able to place him in the proper classification.

During the last two days a number of examinations have been conducted by several professors with interesting results. The tests are what are known as mental intelligence examinations and give a clear idea of the mental status of a freshman or any other student.

#### Trachoma in School.

Olin Shealy, member of the board of trustees of the O'Neal school in Newberry county, was in conference with the state health officer in regard to an outbreak of a disease among the school children suspected of being trachoma. Five or six cases have occurred in the school and some five or six of the pupils have been brought to Columbia for treatment. Trachoma is a contagious disease of the eye.

#### Several Million Saved.

Probably a million dollars will be saved to Columbia alone by the interstate commerce commission's decision not to allow railroads to make a general 20 per cent increase on all freight rates. News of this ruling was received in Columbia by the chamber of commerce, which body took an active part in the fight against the advance.

#### Record Pays Bethea.

The Record Publishing company withdrew its appeal to the supreme court in the case of A. J. Bethea against the company and paid the judgment of \$8,000 awarded to Mr. Bethea by the jury last summer in the libel suit brought by Mr. Bethea. The company also paid interest on the amount from the date the judgment was rendered and also the court costs.

#### Recruits for the Army.

Eight South Carolinians have been accepted for the United States army within the last three weeks by the army recruiting station in Columbia. They are: Theodore E. Snipes, Lancaster; James E. Tyson, Blythewood; Robert L. Baker, Fort Mill; Leonard Austin, Chester; William Harris, Columbia; Lawrence Chandler, Lancaster; Vernon Blackburn, Jefferson; Arthur Lambus, Washington.

#### Hold For Fifty Cent Cotton.

Returning several days ago from New Orleans, where he attended the World Cotton conference, J. Skottowe Wannamaker, president of the American Cotton association, issued a statement in which he declared that the consensus of opinion at the conference was that cotton was going much higher immediately. He is convinced, he says, that the staple will be bringing 40 cents within the next few weeks and that it will be bringing 50 cents before the present crop is disposed of.

#### Will Pay For Lands.

Washington. — Representative Byrnes called on Secretary Daniels to urge the department to act promptly in making its award to the owners of the lands on Par.s Island which were condemned for use during the war. Mr. Byrnes was assured that the award would be made within the next few days.

A large number of landowners are interested. The award has been delayed because of the difficulties encountered in the examination of titles

#### Cotton Will Go Higher.

The consensus of opinion at the World Cotton conference was that cotton would bring a higher price before the present crop is disposed of, and that there was a better understanding between the growers, factors and spinners as a result of the conference, said Governor Cooper, in a statement.

The governor returned from New Orleans where the conference was held. "There was no effort," stated the governor, "to fix any prices, as this was not the purpose of the gathering. I noticed, however, what appeared to be a fair attitude on the part of those present, all seeming to agree that the grower must have a reasonable profit."

#### Hazing at Annapolis.

Washington (Special). — Senator Dial has brought strongly before Secretary Daniels, who is personally directing the investigation of an alleged recrudescence of hazing at the naval academy, certain statements in regard to conditions at Annapolis made by Midshipman Acery Wood and transmitted to the senator by the cadet's father, T. D. Wood, a business man of Fountain Inn. Midshipman Wood, an underclassman, wrote to his father that many of his fellow cadets had dropped their courses, two had attempted suicide, two had gone to a hospital for observation as to their mental condition and many others found themselves unable to sleep or study by reason of the hazing.

#### State's Share Federal Aid.

South Carolina's share in the \$25,000,000 of federal aid for the construction of post roads throughout the United States this year is \$359,004.76.

The largest state apportionment of this fund is that to Texas, \$1,465,399. The smallest state share is Delaware's, \$40,668. In announcing the apportionment of the \$25,000,000, the secretary of agriculture announced that the sum of \$750,000 was deducted from the appropriation to take care of the cost of administering the money. This was 3 per cent of the total.

#### Swelling Charter Fees.

If the volume of charter fees collected in the office of the secretary of state may be accepted as a barometer of business conditions in South Carolina, the business enterprises of the state are in a very healthful condition.

The total amount collected from this source during the year 1918 was \$12,278. For the first nine months of this year the charter fees amounted to \$17,277. The remaining three months are always very large for the formation of new enterprises, and the office expects the full amount at the end of the year to be approximately \$25,000, or twice the full amount of last year.

#### South Carolinians Interested.

South Carolinians are especially interested in the national air derby now in progress because one of the leading flyers is a native son. Capt. John O. Donaldson, close on the heels of the "flying parson" is a South Carolina boy, the son of Brig. Gen. T. Q. Donaldson now stationed in Washington. Captain Donaldson saw several months' experience on the western front and narrowly escaped death several times.

#### Christmas Seal Sale.

County chairmen and other campaign workers from every county in the state in the Christmas seal sale of the South Carolina tuberculosis association have been called by Mrs. F. S. Munsell, state campaign manager, to meet in conference in Columbia Saturday, November 1. Plans for the campaign will be discussed and all details mapped out.

#### Session of U. S. Court.

The United States court will convene in Columbia on Tuesday, November 4 with Judge H. A. M. Smith presiding. F. H. Weston, district attorney, is arranging the docket. Many offenders will be brought before the court charged with violating various acts of congress.

Revenue officers have conducted a vigorous campaign against owners and operators of stills and the docket is dotted with such cases.

#### Several New Enterprises.

The Eagle Machine and Manufacturing company of Florence was chartered by W. Rank Dove, secretary of state, with a capital stock of \$20,000. The Franklin Corporation of Charleston was commissioned with a proposed capital stock of \$50,000. The Allendale Grocery company was commissioned with a proposed capital stock of \$50,000. The Trenchard-Sparrow Lumber company of Florence was commissioned with a proposed capital stock of \$50,000.

#### Conference on High Prices.

A. Mitchell Palmer, attorney general of the United States, has written to Governor Cooper and S. M. Waife, attorney general, asking that a conference be held in Columbia within the immediate future relative to the high cost of living and the cooperation of the state and federal authorities in reducing this cost. Mr. Palmer will attend the meeting or will have a representative here. No date has been fixed, but it will likely be early in November, the date to be suggested by Mr. Palmer.

THE FLAVOR LASTS  
SO DOES THE PRICE!

Give the world  
the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling, "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—says the Seven Seas—squints at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore-leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

Shove off! - Join the  
**U. S. Navy**

#### No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS child TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

#### Medicinal Properties of Beech Tree.

The beech, which is found in the temperate zone in Europe, America and Asia, is valuable in medicine for the creosote distilled from its tar. Creosote, creosote carbonate and guaiacol are medicines used to supplement the hygienic measures which have done so much to reduce the death rate in sufferers from pulmonary tuberculosis.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E. W. GROVE'S signature on box. 30c.
