**HUN MUST FULFILL TERMS OF TREATY**

**NO EFFECTIVE PEACE CAN BE ASSURED UNDER PRESENT APPARENT CONDITIONS.**

**AGREEMENT NOT CARRIED OUT**

**Germany Will Be Required to Replace Vessels Either Sunk or Destroyed At Scapa Flow With Others.**

Washington.—Notice was served on Germany by the allied and associated powers in a note and accompanying protocol, that the treaty of peace would not go into force until Germany executed to the satisfaction of the allied and associated powers obligations assumed under the armistice convention and additional agreements.

The note, made public, provides that the German government shall send representatives to Paris November 10 to make final arrangements for the putting into effect of the treaty. But the note specifies that before the treaty can be made effective the German representatives shall obligate their nation to carry out the terms of the protocol.

The protocol contains a number of obligations assumed by Germany in the armistice convention and complementary agreements which have not been carried out and which have been the subject of urgent representations. These include the withdrawal of German troops from Russian territory. Most important, however, in the obligations Germany is asked to assume under the protocol is the replacing vessels destroyed at Scapa Flow with five light cruisers, and to make up for the first-class battleship sunk at Scapa Flow by turning over floating docks and cranes, tugs and dredges equivalent to a total displacement of 400,000 tons.

**ADMINISTRATION STOPS THE COALING OF FOREIGN CRAFT.**

Washington.—Still hopeful that coal developments at Indianapolis might point the way to an early ending of the coal strike, government agencies nevertheless put forth renewed and more determined efforts to protect the public against distress almost certain to result from a protracted suspension of mining operations.

Realizing that the country is burning three times as much coal as the mines are turning out, the railroad administration, the great coal distributing agency through its recently created central coal committee, took drastic action in ordering that the supplying of coal to foreign owned ships in American ports be stopped immediately.

**LOUISIANA SUGAR MEN FIX PRICE AT 17 CENTS**

New Orleans.—The price for this season's yellow clarified sugar was fixed at 17 cents a pound at a meeting here of Louisiana planters, the price subject to the approval of Attorney General Palmer. An additional cent a pound for choice plantation granulated was set and the scale of prices arranged.

The sugar shortage which has been acute since the strike of the long shoremens here is beginning to break. The release of 500 tons, or 1,000,000 pounds of the British royal commission's huge supply held up in storage here because of the strike.

**PLAN AERIAL RACING AS MAJOR SPORT AT COLLEGE**

New York.—Inter-collegiate aerial racing as a fixed sport policy is contemplated by at least three large universities—Columbia, Harvard and Yale.—It was revealed at a meeting of the Columbia Aero Club, when Major G. D. Larner, flight commander of the 103d aero squadron, A. E. F., was elected president.

**INSTRUCTIONS TO CLOSE EARLY ARE GIVEN CAFES**

Paris.—In order to reduce the consumption of coal, the prefect of the Seine has ordered cafes to close at midnight instead of at 1 o'clock. A delegation from the general federation of labor, which called at the ministry of reconstruction to inquire what measures were being taken by the government to avoid closing factories because of lack of coal, was told the coal shortage in Paris district would be ameliorated after Nov. 15.

**MEXICO NOT TO BE ASKED TO REFUND RANSOM MONEY**

Washington.—Mexico will not be asked by the American government to refund the \$150,000 ransom money which counsel for William O. Jenkins, American consular agent at Public paid bandits for release of Jenkins. Officials said they could not conceive of the American government paying a ransom in the event a citizen of a foreign country should be kidnapped in the United States and held for ransom.

**TROLLEY CARS ARE MOVED FROM CITY**

**TOLEDO RAILWAY AND LIGHT COMPANY PLAY A TRICK ON THE MUNICIPALITY.**

**PEOPLE NOW RIDE IN AUTOS**

**Not a Wheel Is Turning in Toledo That Is Under Actual Control of the Municipal Authorities.**

Toledo, O.—Car riders who voted for an ouster, ordering the street cars from the streets because they were paying six and eight cents to travel to and from their work, are now paying from 10 to 15 cents in automobile buses of which there was an abundance.

The Toledo Railway & Light Co. has quietly spirited the cars out of the city until not a vehicle with wheels under it was left within the jurisdiction of the city officials, who were responsible for the ouster ordinance passed last June being submitted to the people.

Mayor Cornell Schreiber himself introduced the ordinance when the company increased the fares from five cents to six cents, and two cents for a transfer to take care of an increase in carmen's wages.

The cars were removed without notice to public and city officials alike. All were taken into Michigan and stored on sidetracks.

**FORMER EMPEROR WILHELM IS NOT CONSIDERED A CRIMINAL.**

The Hague.—Former Emperor William came to Holland a year ago. Since that time there has been no demand officially or unofficially, for his extradition or delivery to the allies, nor has Holland at all changed its viewpoint toward him.

Holland's viewpoint as regards William Hohenzollern may be stated frankly as follows:

The Netherlands, which for centuries has accorded political refuge to all, considers the former emperor and crown prince not as royalty, but as persons entitled to their rights as any plain Johann Schmidt who fled to Holland during the war.

Holland considers the former emperor beyond extradition, as there is no possible way, legally to hold him as a criminal.

**PUBLIC OPINION BREAKS BACKBONE OF A STRIKE**

Miami, Fla.—The pressure of antagonistic public opinion is credited with putting an end to the proposed general strike, which 27 branches of organized labor affiliated with the American Federation of labor had called. The people openly declared themselves in the issue and many union men asserted it was unjust that the public should be made to suffer because one firm, Thorpe & Knight, insisted in employing laborers on the open shop basis for the erection of their Tamiami hotel.

**SENATE REPORTS FAVORABLY DIAL ELECTROCUTION BILL**

Washington.—Senator Dial of South Carolina recently introduced a bill providing that the electric chair be substituted for hanging as a death penalty in the District of Columbia. A favorable report has just been made embodying the South Carolina statute of 1912 which allows ten days in which to make ready the death chamber, summon the witnesses and make other necessary preparations.

**GERMANY SUSPENDS TRAIN SERVICE FOR PASSENGERS**

Berlin.—Germany's suspension of a railroad passenger traffic for two weeks is proving to have been a step taken in earnest, as doubtless thousands are discovering who are unable to induce railroad officials to permit them to travel even on freight trains.

**OHIO AGAINST REPEAL OF STATE-WIDE PROHIBITION**

Columbus, Ohio.—Ohio voted to sustain the action of its legislature in ratifying the federal prohibition amendment by a majority of 1,480, according to complete returns from all but two precincts in the the 88 counties, received and tabulated at the office of the secretary of state. The vote stood:  
For ratification, 499,776; against, 498,296.

**INTERNATIONAL BANKING BILL PASSED BY HOUSE**

Washington.—The house by a vote of 197 to 21 passed the Edge bill providing for the creation of international banking corporations by national banks and other financial institutions to the extent of 10 per cent of their total capital stock and surplus.  
The bill which is designated to encourage export financing now will go to conference. Little opposition developed during discussion of the measure.

**Siamese Object to Walking.**  
The Siamese, above all nations in the world, hate to walk. No such mode of progression is tolerated by a Siamese if he or she can by any means ride. A Venetian gondolier will walk sometimes, even a Hollander will ride on his rough cart, but a Bangkok man—not if he can help it. His family boat for him.

**Wives for Colonists.**  
In 1621 on August 21 a cargo consisting of marriageable women was consigned at London to the colony of Virginia. The market price of these ladies, eleven maids and one widow, was set at 120 pounds of the best leaf tobacco for each maid. No reduction in price was mentioned for the widow.

**An Old Trait.**  
Uncle Eben—"I just had a letter from my English cousin. He was in the trenches. He says one day his company was ordered to charge, and the first thing he knew he ran into a lot of barbed wire, saw a mine and a hundred German bayonets." Aunt Nancy—"Just like George—never looks where he's going."—Life.
