Mr. A. O'Daniel, Wholesale Representative,
Weaver Piano Company,
Clinton, S. C.

Dear Sir:

I have received the Modern Grand Piano purchased of the Weaver Piano Company and find it a magnificent instrument. The case is beautiful, chaste in design, and commented upon by everyone who sees it as the loveliest piano they have ever seen. But the instrument is not merely beautiful in case, it is a superb instrument in tone-quality, ease of action and general finish at all points.

We are very much delighted with the instrument and congratulate you upon representing a company which turns out a product of such superb quality.

Yours sincerely,

J. F. Jacobs
