### STEEL WORKERS TO RESUME STRIKE

Washington, Dec. 14.—Continuation of nation-wide steel workers' strike was voted today by the conference here of the 24 presidents of unions connected with the steel industry. It was said there were only two dissenting votes, most of the union leaders maintaining that victory in the controversy was in sight.

Members of the strike committee commenting on the vote declared that the recent cancellation by the United States Steel Corporation of the huge foreign contracts was one of the most favorable auguries of the eventual success of the strike. It also was asserted that while many steel plants had resumed operation, production had been far below normal with the overhead charges of the company remaining the same as during normal production.

Definite plans for an active field campaign of four years were formulated at the conference which opened yesterday members of the committee said. The meeting was described by Chairman John Fitzpatrick as the most enthusiastic which had been held since the original declaration of the strike in September.

Replying to the question as to whether many of the strikers had returned to work, Mr. Fitzpatrick said that while there had been some defections among the strikers they were not sufficient to imperil the strike's successful issue.

### DAMAGE OF \$6,000 IN SCHOOL FIRE

Greenville High School Not to Reopen Before Tuesday, if Then. First Insurance Loss.

Greenville, Dec. 13.—Damage, estimated at \$6,000, was caused by fire which originated in the furnace room of the Central High School at 11:30 o'clock yesterday morning. As a result of the fire, it was announced yesterday, no school is to be held Monday, but efforts will be made to have repairs made so that the school may open Tuesday.

The loss is fully covered by insurance, it was learned from Chairman T. P. Hayne of the board of trustees. The insurance is carried with the state sinking fund commission in Columbia, and this is the first fire loss since the new insurance system was started.

A defective furnace flue permitted the woodwork in the basement to catch fire and the flames ate their way almost to the roof before being discovered. The fire department was summoned, and it was necessary to cut a hole in the wall to extinguish the stubborn flames.

### GOES OVER THE TOP.

The Forward movement of the A. R. P. Chireh has more than doubled its original amount of \$250,000. The local church here raised considerably over its quota and has made one of the finest records in the entire state.

### TO SPEAK SUNDAY.

Rev. L. D. Gillespie, Field Secretary of Sunday School Work of the Upper South Carolina Conference, will be the guest of North Broad Street Methodist church next Sunday, speaking at both morning and evening services.

### Some Time

You will be in need of printing of some kind. Whether it be letter-heads, statements wedding invitations or public sale bills, remember we can turn out the work at the lowest cost consistent with good work.
