Each scout was given a task to complete for Friday night. Everybody is cordially asked to attend this meeting. Mr. Harper, the Scout Executive, will be here.

Troop No. 4
Troop No. 4 met at the Mission on Monday night. Mr. Harper was present and gave the certificates to eight boys, two more boys will receive them later. Mr. Harper then held an investiture ceremony. Musgrove Council
The local council, B. S. A., of Clinton, held a meeting in the office of Mr. R. W. Wade on Tuesday afternoon at 4 o'clock. There were six of the local members present. In addition to these the Scout Executive was present and gave his report of the work in Musgrove Council for the past four months. He announced that at the present time there were fifteen troops actively at work in the council with a membership of 296 boys. There are fifteen Scoutmasters, fifteen Assistant Scoutmasters, and 49 men who are members of troop committees. In addition to these troops there are about 15 more to be organized during the coming months. He announced that at the present time there were 69 boys enrolled in scouting in Clinton. There are still two troops to be organized in Clinton. There are four Scoutmasters, three Assistant Scoutmasters, and 12 troop committeemen.

The Executive also announced that arrangements for the camp in June were not complete, but that there would be a camp held by Musgrove Council during the month. Arrangements as to dates for this camp will be made later.

The Executive remained in Clinton after the council meeting, and at 7:30 p. m. held an organization meeting at the Clinton Mill. There were about fifteen boys present. At this time, Mr. Harper, the Scout Executive, arrived and the meeting was turned over to him. He made a short talk to the boys. The meeting was adjourned by Mr. Harper, giving the Great Scoutmaster's benediction. It was announced that at this time that Troop No. 1 is leading Musgrove Council in the Efficiency contest. This Troop has at the present time the largest number of boys of any of the Clinton troops, but the others are coming on.

FAVORABLE WEEK AID TO FARMERS IN MOST STATES

Conditions in South Carolina No So Good, However.

Washington, April 23.—Crop and weather conditions in southern states during the week ending yesterday was summarized today by the Department of Agriculture as follows:

Moderate temperatures were the rule in the cotton belt, though the nights were rather too cool in the western portion. Rainfall was mostly light, except in the eastern states, said there was a high percentage of sunshine in most of the belt. It was generally favorable for field work, and planting made satisfactory progress, except for delay by rain during part of the week in some eastern cotton sections. In the Mississippi valley, some cotton was planted northward to extreme southern Illinois, and this work was begun generally in southern Oklahoma. The early planted was coming up to a good stand in South Carolina and Georgia. Some cotton was up to a fair to good stand in Alabama, and the early planted was coming up in Arkansas, although it was rather too cool in the latter state.

The germination and growth of later-planted cotton was reported as fair in Texas but the early-planted continued in generally poor condition.

Satisfactory advance in potatoes were reported from the southeast. Truck crops continued to show improvement in the east Gulf districts and remained in generally good condition in west Gulf sections. Melons are backward and mostly poor in Florida but tomatoes made good progress with shipments continuing from the southern portion of the state.

Sugar cane continued to make slow growth in Louisiana, and was sprouting poorly in Georgia. Tobacco plants did well in the Ohio valley; transplanting was begun in South Carolina and nearly completed in Georgia.

Dull, Sluggish Feeling

"BLACK-DRAUGHT" is our household stand-by," says Mrs. Thomas H. Kell, who lives near Ellijay, Ga. "We have been using it years and years. My mother's family used it and we do here and my four sisters do, too. "I could not run my house without Black-Draught. I give it to the children whenever they need a purgative, and both Mr. Kell and myself take it. As a medicine for sluggish liver and headache, and the ills that come with constipation, Black-Draught is fine. "Lots of times I have felt dull and sluggish, my head would ache and I had to make a great effort to do my work. A little dose of Black-Draught would correct this feeling. We always keep it on the medicine shelf. Be sure that you get Theodor's, the old, reliable Black-Draught powdered herb liver medicine. At all dealers'.
