**Atlanta Acclaims Heroes Of Gridiron**

Atlanta, Jan. 7.—The Golden Tornado of Georgia Tech, greatest football storm of years, was finally subdued tonight—some 60,000 cheering home folk accomplishing the feat as the team returned from a Rose Bowl victory over the University of California.

Reaching the Atlanta terminal station on a special train at 8:37 p. m., from Pasadena, Calif., amidst the shriek of locomotive and factory whistles, the clang of bells and every noise-making device available, the unbeaten and untied football team came home.

From the moment they unloaded in the station yards, surrounded by hundreds of hilarious admirers who had forced the gates, the celebration started. Scores rushed Coach William A. Alexander as he stepped from his car with his mother, and he laughingly grabbed as many hands as was humanly possible before the rush was carrying him up the steps into the station corridors. Stumpy Thomason, Warner Mizell, Capt. Peter Pund, Maree, Wade, Jones, Durant, Lumpkin and every man of the squad had his own little army of well-wishers milling around him.

**MONTHLY MEETING HELD BY COUNCIL**

Several Needed Improvements Authorized In Sewerage and Street Departments.

City Council held its regular monthly meeting Thursday night with Acting Mayor Harris presiding and all aldermen present. A number of routine matters were before the meeting for consideration and acted upon.

The financial statement presented by the clerk and treasurer, showed all of the city's outstanding notes and obligations paid up to January first. The finance committee was empowered to make the necessary loan to meet bond indebtedness due in January and February in anticipation of the regular tax money available for this purpose in the fall.

John H. Young, W. P. Jacobs, John T. Young, and Dr. L. R. Lynn of the orphanage, appeared before Council with a request for certain needed sewerage improvements and extensions. Council approved the extension of the orphanage sewerage line to the new septic tank as it was under previous obligation to do, and likewise the installation of a sewer line in College View to accommodate a number of new houses that are immediately to be erected. A petition for a sewer line on Frances and Gordon streets adjoining the Academy Street school building was also authorized to serve a new development now being completed in this section by the Clinton Cotton Mills. A petition before Council signed by all property owners on the street, was also favorably acted upon for guttering and surface treatment of the "missing link" of Hampton avenue running from South Broadway and tapping Woodrow street at the corner of Dr. S. C. Hays' and R. Z. Wright's property.

Council took cognizance of the death of the late Mayor Sloan and ordered a general election for Feb. 26th to name a successor to the office. Acting Mayor Harris and City Attorney Wade were authorized to prepare res-

olutions on Mr. Sloan's death to be forwarded his family and a page in the minute book to be inscribed to his memory.

The report of the police department for the month showed \$147.25 assessed and collected in fines and 210 days on the county chain gang passed upon violators. Several other matters of routine business were acted upon, after which Council adjourned.

**Public Schools Resume Work**

The Clinton public schools were reopened for classes after the holiday season on Monday with a full attendance of teachers and a very large percentage of pupils present. It is felt that the influenza epidemic has passed its crisis in the city schools now and that the work can be resumed and carried on without handicap.
