WOMAN'S CLUB NAMES OFFICERS

A business meeting of the Woman's club was held on Monday afternoon with Miss Clara E. Duckett presiding. Encouraging reports were given by all the committees. A new department of the Woman's club is the Music Club, with Mrs. J. F. Jacobs, Jr., as president. It has done unusually good work and the last of April is planning to give a cantata to help defray expenses for the next year. Below will be found the goal of the library committee.

The following officers were elected:
 President, Mrs. T. L. W. Bailey.
 First Vice-President, Mrs. W. A. Moorhead.
 Second Vice-President, Miss Clara Duckett.
 Third Vice-President, Mrs. Julia Griffin.
 Treasurer, Mrs. Reese Young.
 Secretary, Mrs. J. B. Parrott.
 Press Correspondent, Mrs. L. B. Dillard.
 Chairman Membership Committee, Mrs. J. H. Stone.
 Chairman School Committee, Mrs. B. H. Boyd.
 Chairman Library Committee, Mrs. Bothwell Graham.
 Chairman Civic Committee, Mrs. Wm. Bailey Owens.
 Chairman Ways and Means Committee, Mrs. T. J. Peake.
 Library Committee's Goal
 Clinton must have a beautiful little

library building with a well equipped reading room, children's department, etc. It should have a room where all the clubs and organizations could hold their meetings and should be made the center of the town's cultural life. It should have an art department and a music department so that our children can have the finer things of life. Already our library is of untold value to the school children, especially the high school pupils, and it would be impossible to estimate the value to the town of a well equipped library.

Other towns have splendid libraries—why not Clinton. If the women do not start the movement and arouse the interest of the town, we will never get a library. Most of the libraries in the various towns have been started by some woman's club.

Let's work for the best equipped little library and the best school system in the prettiest town in the state.

KIWANIANS ENJOY LADIES NIGHT

A cloudburst of hilarity visited the Hotel Clinton on Thursday evening when Kiwanians, Kiweens, and their guests assembled for their annual "ladies night." The air was laden with microbes of good fellowship, and the blowing of horns, the throwing of ribbon confetti, and the forward passes of pleasantries made all forget dull cares.

Long tables with runners of blue and white, Kiwanis colors, and bowls of narcissi placed between blue candles in crystal holders evidenced the fact that artistic hands had been at work. Each grapefruit bore a miniature blue candle in a glazed holder.

After a most wonderful repast, for which "Aunt Sally" is famous, W. D. Copeland, president of the club, extended a hearty welcome. John Holland Hunter, chairman of the program committee, in a true end-man style, presented the features of the evening. Miss Mary Lou Bell, with Miss Keels at the piano, favored the club with several popular selections. Jimmy Reid and Miss Anna Bell Hudson were generous with their piano selections.

John McSween was called on for the speech of the evening and he chose as his subject, "Nothing." Most glibly and humorously he handled his subject and for fifteen minutes he held his audience in literal scream. More than once town officials peeped thru the window but when they saw that the president of Presbyterian college had the floor they passed on. If any one has any doubts about his having that subject down to a fine point just ask for a discourse.

Mesdames J. A. Bailey, Henderson Pitts, W. H. Simpson and L. B. Dil-

lard were called on to participate in a balloon contest. A handsome prize was awarded the best blower and that was—well, guess.

Rex Phillips made a display of undiscovered talent. B. H. Boyd, F. C. Pinson and J. H. Witherspoon were given latest Parisian models of hats with all the new trimmings to be arranged according to the artistic temperament of the contestants. These bonnets were later donned by the trimmers and J. H. Witherspoon's coquettishness completely roped the judge. "I say, I say, I think I'll open a millinery shop!"

L. B. Dillard presented the next stunt which was classed as "Something New Under the Sun." John McSween and Rex Phillips were given blocks of hardwood and a couple of ten penny nails to drive with their hands. Mr. McSween's vocation before coming as president of the college was discovered. In Timmonsville he was a first rate carpenter.

Misses Anna Bell Hudson and Mildred Harris were the lucky "Thirteeners" in the hand-shaking contest. The attendance price, John Holland presented to Mrs. Gary Martin. But, alas, alack, the imported etched water set was a victim of an unavoidable accident.

The evening's program culminated in the black face stunt presented by three boys of the seventh grade, Dill Ellis, Talmadge Veal and Robert Vance. If you haven't heard this don't miss the next opportunity.

Even good times must come to an end and the singing of a farewell song heralded the parting of the guests.

POLITICAL ADVERTISEMENT

TO THE VOTERS OF CLINTON

I hereby announce my candidacy for Mayor of Clinton to fill the unexpired term of the late E. B. Sloan. As a member of City Council for the past two years, and Acting Mayor since the illness and death of Mr. Sloan, I have acquired an intimate knowledge of the city's condition and problems, and with due modesty, feel that this experience equips me to continue to fulfill the duties of the office. I am the candidate of no clique and if elected, I will give to all citizens and all classes a square deal and the city a business administration.

My platform, briefly stated, is: PROGRESSIVE but not EXTRA-VAGANT.

I wish to briefly mention some things I stand for and others I oppose:

I stand for a well organized, active Public Health Department.

For improved streets and roads that are well built, well lighted, well cleaned.

A sanitary and proper disposal of sewerage and garbage.

The immediate beautifying and development of Rosemont cemetery, one of the city's most pressing needs.

For well organized fire and police departments properly trained and equipped.

For the erection of an adequate City Hall building for the accommodation of all departments of the city's business as soon as it is feasible to finance same without a bond issue.

Law enforcement—I stand for an impartial enforcement of all city ordinances. I am opposed to lawlessness, bootleggers and blindtigers, immorality and vice of all kinds, and stand for reverence and observance of our Sabbath Day laws.

I am in favor of continued municipal ownership of the city's water and light plant and strongly opposed to any proposals for its acquisition by power companies or individuals.

I stand for administrative efficiency, a united cooperation on the part of City Council and all city employees.

I am opposed to any further increase in the city tax levy in view of present business conditions.

I favor a sympathetic, whole-hearted cooperation on the part of the City with all organizations working for the advancement of Clinton, such as: Chamber of Commerce, Rotary and Kiwanis clubs, Woman's club, Public Library, etc.

I stand for living wages for all city employees and a full support and cooperation with them in their work, and it will be my purpose to demand efficient service from all employees in order that the City may receive full value for every dollar it spends.

I stand for business efficiency—a progressive, wide-awake administration. The City is today enjoying A-1 credit and this record should be maintained. On January the first we had met all outstanding obligations and did not owe a dollar floating debt other than a few fire truck notes, none of which are now due. We have begun the year 1929 without any debt except as stated, and as far as possible without crippling or impairing the efficient and progressive functioning of the various department of the City, the expenditures for each year should be kept within the income for the same period. By careful development of the present budget system in operation this can be done.

The City should be prompt in meeting its obligations. We require of our people; upon penalty of law, that they meet their obligations to the town by the 10th of each month. The City in turn should do likewise, not asking or requiring its citizens to do that which the administration is failing to do.

In conclusion, will state that if I am elected, I will give the time and thought needed to the position and will diligently perform the duties of the office. Not only do I stand for a BIGGER Clinton, but likewise for a BETTER Clinton with a law-abiding citizenship. I believe in full publicity of the City's affairs, the publication of financial statements and regular audits in order that the taxpayers (the people who must foot the bills) may have an intelligent knowledge of how their money is being expended. I will give all of the time necessary to carry on the work thoroughly and efficiently. I am in favor, so far as practical, of spending the City's money at home, of giving preference to our home people, both white and colored, in carrying on public improvements. "Clinton First" will be my slogan as it has always been as a private citizen and with the cooperation and advice of City Council, I will endeavor to plan and provide not only for today but build for the future.

"PROGRESSIVE but not EXTRA-VAGANT" is my platform summed up in four words.

The support given me in this race by the voters of Clinton will be deeply appreciated.

W. W. HARRIS.
