

Former Professor Speaks To Students

(From The Blue Stocking)
Professor H. T. Lilly of Davidson college, a former English teacher at P. C., was the speaker in chapel Monday morning. Mr. Lilly had spent the past summer traveling through Russia and he took this subject for his speech.

When Mr. Lilly was at P. C. he was one of the most popular professors. In the past he has traveled over Europe with Dean Brown, and his travels have not only given him plenty of material to work with but also given him ideas which makes his speeches interesting on almost any subject. The subject of Russia was especially so inasmuch as the conditions in that country today are very different from any other country in the world.

Mr. Lilly began his talk with the difficulties of getting into Russia except by a guide who shows the visitor only those things that make the country look best. He said that one could take very little into the country. A month or six weeks is required to obtain permission to enter. Russian money must be exchanged at the border.

Probably the most interesting part of the subject was the attitude the Russian government takes towards marriage. It is altogether Communist and does not favor marriages. The marriage ceremony is a matter of signing a book. The same holds true in case a divorce is desired. Either party can obtain this without consent or consideration of the other. The government takes care of the children until they are of age, which is about sixteen years. In this time they are taught communism, to follow the teachings of Lanning and to believe that there is no God.

The Russian government will let no one into the country who might in any way effect the teachings of the government. The people are not allowed to hold property and ninety per cent of the population is the poor class. The people are willing to work but have no trade. The government handles all food and sells directly to the grocer. From our point of view some of the conditions seem practically hopeless and we are prone to wonder how such a government can exist.

Another interesting thing that Mr. Lilly pointed out was the misconception of the average Russian. He said the American people tend to look on the Russians as a bloodthirsty, evil type that would kill you were the opportunity to offer itself. Instead of this the people are as kind-hearted as any that can be found on the face of the earth. They are mistreated, but kind, and will gladly do anything to help a stranger. True, they are emotional, which accounts for the wonderful music produced by the Russian people. Mr. Lilly said that some of the most beautiful operas in the world are in Moscow.

It was surprising to hear just the conditions that existed in a country that formed one-sixth of the total world. While their condition looks hopeless, it is better today than it was before the war, and where it will end is a matter of guesswork only.

Fried Carrots Are Good

If the family does not like carrots plain boiled, fry boiling them until tender, then roll in egg and crumbs and fry in butter until a golden brown.

Ham and Apple Salad

Cut baked ham in small cubes; use one cup ham to one of diced apple and a half cup of diced celery. Add a few chopped nut meats; blend with mayonnaise and serve on crisp lettuce, garnished with ripe olives.

Little did I think I should ever be the beneficiary of one of your policies"

THE above is an extract from a letter of the widow of a man who had the wisdom to carry an Aetna Accident Policy. He was killed in a motor accident a month after he had taken out his policy and we paid \$15,000.

HOPE TO RE-OPEN COUNTRY CLUB

Movement Now Underway To Purchase and Operate Property As Lakeside Club.

Citizens of Laurens county will be interested to hear of a movement under way to re-possess and re-open the Country club under the new name of Lakeside club.

The first step in the movement was taken when a handfull of citizens of Laurens, Clinton and Goldville met two weeks ago at the club to consider whether such a plan is feasible.

A committee was appointed to negotiate with Dr. Jack H. Young, present owner of the property, and to investigate the condition of the club as it now stands.

The report of the committee was very favorable and citizens of the three communities were invited to meet at the club Monday night to hear the report.

The result of the meeting which was well attended was to enthusiastically endorse the report of the committee and set on foot plans for organization of a corporation to re-purchase and own the property, and direct the organization of the club.

In Clinton the committee appointed includes the following: W. P. Jacobs, chairman, B. O. Whitten, Frank Kellers, C. M. Bailey, R. E. Ferguson and George Cornelison, with W. A. Moorhead of Goldville.

Thirty-two members were enrolled at the meeting, with about twenty more indicating that they would join. The meeting set one hundred stockholders as the minimum and maximum, with stock par value of \$100.00 per share, and membership dues of \$7.50 per quarter.

The committee was directed to select the 100 members and collect the funds for the stock subscriptions on a basis of \$60.00 cash and 30 and 60 days notes of \$20.00 each for the balance. Of the \$10,000 collected, \$6,000 will be used for the purchase of the property and the remaining \$4,000 will be used for improvement of the club, equipment and maintenance.

A feature of the organization is in the "pay-as-you-go basis of finance." The meeting, considering that the club enjoyed too much credit in the past, and realizing that very small expenditures are necessary to place and keep it in good condition now, went on record as disapproving any further debt. As organized the club will owe nothing and will not under any condition be allowed to go into debt in the future. Its financial future can thus be reasonably assured.

The water is being immediately drawn from the lake. It will be cleaned out completely, all the old lake equipment removed and new rafts, diving towers, slides and other modern lake equipment will be installed and the lake floor sanded.

The golf course will be put in first class condition and other improvements will be made about the premises.

The committee reports that it is meeting with excellent success, with indications that the end of this week will see the completion of the membership drive and the close of the list. The fixing of the number at 100 has accelerated the movement and the committee is experiencing very little difficulty in completing the selection. Citizens desiring to be numbered in the 100 are advised to turn in their names to one of the committee this week to avoid disappointment.

It is understood that the interest in Laurens and Goldville is equally as great as in Clinton, a number in both localities having enrolled as stockholders.

It is stated that the present or replacement value of the property purchased is over \$15,000.

PRIEST KILLED BY WOMAN

Five Shots Fired At Ohio Father In Doorway of Church At End of Morning Mass.

Canton, Ohio, March 10.—Shot down by a woman as he stood in the doorway of St. Anthony's church here where he had just concluded 9 o'clock mass this morning, the Rev. Father Joseph A. Riccarbi, 34, parish priest, died at a hospital late this afternoon. Bullets entered his neck and abdomen.

No motive was given. Mrs. Mamie Guerrieri, 27, arrested and denied bail, was questioned by Prosecutor Henry W. Harter, Jr., of Stark county, but she would make no statement. The priest before he died, is said to have told the prosecutor that he "could not understand" what the motive was.

The woman during mass sat near the rear of the church with her 5-year-old daughter. After mass, the priest went into the vestibule to baptize a baby. The woman followed, according to witnesses, and exchanged a few words with him. She then drew a revolver and fired five shots. Three went wild. Hurrying into the street, she was arrested and the revolver taken from her.

The theory was advanced by Bishop Joseph Scrambs, of Cleveland, who during the day conferred with church officials here, that the shooting resulted from dissatisfaction over removal of the church from its old location. A dispute over the removal had caused bitterness.
