COUNTY TREASURER'S NOTICE 1928

The books of the County Treasurer will be open for the collection of taxes for the fiscal year, 1928, at the Treasurer's office from October 15th to December 31, 1928. After December 31 one per cent will be added. After January 31st, two per cent will be added, and after February 28th, seven per cent will be added until the 15th day of March, 1929, when the books will be closed.

All persons owning property in more than one township are requested to call for receipts in each of the several townships in which the property is located. This is important, as additional cost and penalty may be attached.

All able-bodied male citizens between the ages of twenty-one (21) and sixty (60) years of age are liable to pay a poll tax of \$1.00 except old soldiers, who are exempt at fifty (50) years of age. Commutation Road Tax \$1.50 in lieu of road duty. All ablebodied men between the ages of 21 and 55 are liable to road duty except those in military service, school trustees, school teachers, ministers, and

Proper attention will be given those No. who wish to pay their taxes through No. the mail by check, money order, etc., giving name of township and number of school district.

that there is money in this country baying the 9-3-3. outside of banks' control.

Mr. Ecker, vice-president of the Metropolitan Life Insurance company, State Farm Aid has shown that the income of American wage earners is sixty billions of dollars a year. And they spend fifteen billions less than they earn.

Those fifteen billions are three times the total of brokers' loans. A nation that has every year fifteen billions of spending money might borrow a third of its excess annual wealth for investment, or even for speculation without making criminal usury necessary.

Wall Street men went to work last veek convinced that the world had not quite come to an end, and even a benevolent regulating Federal Reserve might be endured.

Some for whom this is the beginning of the spring lamb season, the uphappy wiped-out minority that tried the "faw down, go broke" ex- missioner's office. perience, will know better next time. Others will know better later.

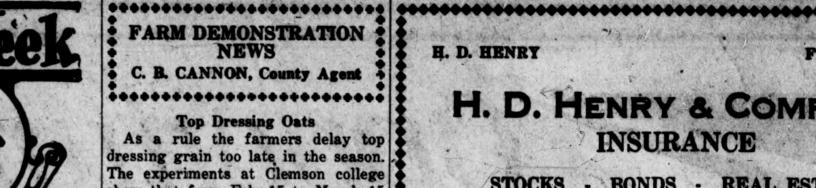

anywhere, and gambling gets you.

Lady De Bathe died recently a Monte Carlo, in her seventy-seventh year. As Mrs. Langtry, the Jersey Lily, she was known wherever English is spoken. Her reputation was due complexions have gone out. Even little girls are daubed and plastered.

Up above, the Jersey Lily has doubtless renewed acquaintance with Albert Edward, who admired her when he was Prince of Wales. Will he look natural, flitting about with white wings and a harp? Probably not. And how painful it must be for a sovereign or a famous beauty to be just like everybody else. Perhaps even ranking below Moody and Sankey.

FARM DEMONSTRATION NEWS

dressing grain too late in the season. The experiments at Clemson college show that from Feb. 15 to March 15 is the proper time to top dress grain. Experiments show that it is most economical to use 150 pounds of nitrate of soda, or its equivalent of any other ammonia, per acre. Last year a demonstration was conducted with J. M. Sumerel in the Hickory Tavern section, in which 150 pounds of ammonia was used as top dressing. The first application was on March 7th, which was 75 pounds, and the second application of 75 pounds, on March 14th. The yield per acre where no top dressing was used was 6 1-4 bushels per acre. Where top dressing was used a yield of 24 1-10 bushels per acre re-In response to warnings from the sulted, or an increase of 17 85-100 nills Federal Reserve, banks withdrew on bushels per acre by the use of top nills Friday \$25,000,000 of call loans. Will Be Started

Columbia, March 10 .- The state's "farm relief" program, for the aid of storm stricken sections, will begin to function this week. J. Clifton Rivers, state warehouse commissioner, advises the farmers of the state that an adequate amount of seed of high quality and guaranteed germination will be available within, possibly, a few days, with the perfection of details of a loan of \$200,000 authorized by an act of the 1929 legislature, the work of supplying seed can be under way.

Seed and also nitrate of soda and calcium arsenate are to be purchased by the warehouse commissioner and sold to the farmers at cost. The extension department of Clemson college is co-operating with the warehouse com-

Such house commissioner. The purchase of these reports. The seed is to be sold at cost plus expenses. The commissions in the counties are to serve without pay. Each commission is to have the assistance of the county farm demonstration agent.

The revolving fund created for the "farm relief" program is to be available only this year. Collections are to be turned over to the state treasurer and the fund is to be cleared up by October 1.

According to Commissioner Rivers, the commissions have been appointed in several counties and some orders have been received.

A Continuous March That Keeps A Step Ahead For You

An expenditure of more than \$27,000,000 was required last year to expand and improve the Southern Bell Telephone System in the nine southeastern states.

More than 51,000 new telephones were added to the system. convincing evidence of the increasing value of telephone service in every line of business.

This activity and growth reflect the progress of the South east, and the improvement in the service emphasizes the Bell System effort to provide the best possible service at the lowest

At the end of the year there were 960,587 telephones in the Southern Bell System. In addition there were 345,572 telephones owned by other companies and 38,508 telephones in farm homes, connected with the system.

The investment in service reached the enormous total of \$199,492,700 on December 31, 1928. It represents such permanent property as 912 central offices with switchboards and other associated equipment; 3,731,357 miles of wire (3.9 miles per telephone); 36,789 miles of pole line and 3,409 miles of

To build, operate and manage this great telephone system requires an army of skilled men and women whose payroll amounted to \$25,991,300 last year.

The tax bill for the year was also the largest in the history of the company, amounting to \$5,235,132. This was an increase of 224 per cent over the tax bill of 1920.

There was a greater number of local and long distance calls and the speed with which they were handled was substantially

Noteworthy as has been telephone progress during the past year, it will not stop. The entire telephone organization appre-ciates the friendly interest and confidence of the public—a spirit of cooperation which encourages them in their determination to provide the most efficient service at the lowest possible cost
