**Worried Night after Night as health declined**

"I SUFFERED frequently from nervous headaches, and I could not sleep well," says Mrs. Cora Dover, R. F. D. 2, Hickory Grove, S. C. "I was thin and pale. I was so weak I could scarcely walk. I tried several remedies which were suggested, but nothing seemed to help me. Night after night I worried because I could see I was going down-hill. I had my children to look after, and I was afraid of what would become of them if anything happened to me."

"I began to take Cardui on the recommendation of a friend. It wasn't long until I was beginning to pick up. My strength gradually began to return. I rested better at night and was less nervous. I took several bottles of Cardui, and when I had finished taking it I was in fine health."

**Hints for the Home**  
 by Nancy Hart

To lengthen the life of linens, remember these rules for their care:

Tablecloths and napkins of linen damask should be washed at home, if possible. Otherwise, select a reliable laundry where cutting solutions are not used.

New linens should be laundered before they are stored away. Then pack them in chests subjected to even temperature, always avoiding the concentrated heat of radiators and piles. Cedar chests are probably the best containers.

Linens enjoy exposure to sun and dew; in fact, no substitute compares with this means of keeping them beautifully white. It also helps to preserve whiteness to wrap linens in fast colored blue paper when storing them.

**An Easy Sunday Dinner**

- Fruit cup
  - Chicken fricassee
  - Rice
  - Buttered spinach
  - Tomato salad
  - Ice box pudding
  - Iced tea
- (Chicken, spinach and pudding can be prepared on Saturday.)

**Eggs With Rice a Good Entree**

Use 1 1-2 cups boiled rice, 6 hard-boiled eggs, 1 1-2 cups white sauce, 1 teaspoon chopped parsley and teaspoon chopped parsley and 1 teaspoon Worcestershire sauce. Pile hot rice on platter, cut eggs in quarters and nest in the rice; spread over all the white sauce and seasoning and sprinkle top with chopped parsley.

**Bake Asparagus**

Try baking asparagus with cheese sauce. Lay stalks (which have been boiled tender but not soft) in buttered baking dish and pour over them the cheese sauce which is the usual white sauce containing grated cheese. Spread buttered crumbs over top and bake in a hot oven until crumbs are brown.

**An Economical Salad**

Finely shredded spring cabbage, diced apple and celery mixed with mayonnaise and garnished with chopped sweet pickle makes a tasty and economical salad that fits nicely into spring menus.

**Prevents Odor of Cooking Cabbage**

A teaspoon of vinegar added to the water in which cabbage is boiled will overcome the unpleasant odor.

**NOTICE OF SALE**

In the District Court of the United States for the Western District of South Carolina.

In the matter of J. C. SPARKS COMPANY, Bankrupt.

In Bankruptcy, No. B-1142.

Pursuant to an order bearing date the 26th day of April, 1929, signed by S. E. Barron, Esq., Referee in Bankruptcy, in the above entitled matter, we, the undersigned Trustees in Bankruptcy for J. C. Sparks Company, will sell the stocks of merchandise and fixtures of the said Bankrupt in the cities of Union, Newberry, Clinton and Beaufort, in the State of South Carolina, at public auction to the highest bidder on the premises of each store in said cities at the times hereinafter stated:

**Cotton Situation**

I believe that one-third of the cotton of Laurens county is planted, and since the storm, or the excessive amount of rain last week, it may be necessary to replant one-half of the cotton over in this county. However, we have plenty of time yet to produce a cotton crop. There is quite a bit of demand for planting seed in the lower part of the state, due to the recent storm destroying the cotton crop. Quite a bit of cotton seed are being sold that should not be sold at the prices they are obtaining. A person should figure on a reasonable profit and not have in mind too great a profit on cotton seed.

I would suggest that those planting cotton leave their rows not over 36 inches, and upon chopping the cotton leave 1, 2, and 3 stalks every hoe's width. I would suggest using a top dressing of nitrate of soda, or sulphate of ammonia, or any other quickly available ammonia at the rate of 100 pounds to the acre. Last year top dressing gave excellent results. Katherine Langston, 4-H club member of Barksdale, used 200 pounds of nitrate on her club acre, producing 405 pounds of lint cotton. On the check plot she produced 188 pounds of lint per acre. Gray Nelson, club boy of Hickory Tavern, produced 510 pounds of lint where top dressing was used at the rate of 200 pounds of nitrate of soda per acre, against 270 pounds where no top dressing was used. Harold Brown, club member, produced 428 pounds of lint by the use of 200 pounds of nitrate of soda as compared with 256 pounds per acre where no top dressing was used. This top dressing should be used at the time of chopping.

I would suggest that each farmer of the county be prepared to fight the boll weevil this spring from the beginning. Results obtained from boll weevil control on the farms of Z. R. Traynham, Barksdale; D. E. Todd, Barksdale; C. W. Stone, Clinton, and R. W. Griffin and Ed Adams of Cross Hill, are very gratifying.

A bachelor is a fellow that didn't own a coupe when he was young.

Be sure you take a ride in a New Ford before you buy your new car. There is nothing like trying one out yourself. People say, "Well, I did not know they would do it."

Women are steadier drivers than men, say the scientists. But then, women can use two hands.

We have a good stock of Firestone Tires. Let us put you on a set before the weather gets too hot.

"This is sure some snappy suit," said the baby as he put on his rubber panties.

We wash and grease all makes of cars. Bring yours in. There is nothing like a nice clean car and it well greased.

Hubby: "You are an hour late. What do you mean by keeping me standing around like a fool?"

Wife: "How can I help the way you stand around?"

Bring us your repair work. We have a well equipped shop and trained mechanics.

The biggest fools are those who frown at all frivolity.
