WHAT DO P. S. JEANES DO?

The "William and Mary" plan to subsidize exports of farm products is rejected by Mr. Hoover. The senate, nevertheless, plans to try it.

This Week

By Arthur Brisbane

The Chronicle does not necessarily endorse or commend all of Mr. Brisbane's views and conclusions. His editorials are published as expressions of opinions of the world's highest salaried editor.

HE SPRAYS HENS THE NEW FARM PLAN HEADS AND FISTS FIRST AID FOR HOOVER

Thousands that would not read an Einstein pamphlet will read this.

Walter Dorsey, colored, of Atlanta, Ga., confessing to chicken stealing on a wholesale basis, tells the judge, "I just sprays 'em with chloroform. Then stands back and waits. In about five minutes they flop off the roost and are ready for my sack."

That's more interesting to many of us than the distance of the farthest star.

The "William and Mary" plan to subsidize exports of farm products is rejected by Mr. Hoover. The senate, nevertheless, plans to try it.

The plan is to give farmers exporting wheat, etc., a bonus of one-half the American tariff on all the wheat or other farm products exported.

After consulting the departments of agriculture, commerce and the treasury, Mr. Hoover says the plan would enrich the speculators and reduce world prices, since foreign markets would have to meet the competition of subsidized products.

Also, says the president, the plan would cost the country \$200,000,000 a year, cause much bankruptcy and it would not solve the farm problem.

Farmers will cease moaning when they realize that the bonus money would be paid not direct to them but to merchants exporting products.

It needs "no ghost come from the grave" to tell farmers how little they would get of that bonus. Wheat gamblers and the middle-men would get it. The farmer in his taxes would have to pay part of it.

Mr. Tunney, world heavyweight champion, retired, has been visiting George Bernard Shaw on a small, sunny island in the Adriatic sea.

Tunney is barely thirty. Shaw is seventy-three. And Shaw, who has not retired, has no idea of retiring. The head lasts longer than the fists.

Eight hundred delegates to the Red Cross convention called upon President and Mrs. Hoover, and contributed "first aid" by refraining from the usual hand-shaking nonsense.

Why eight hundred intelligent human beings should want to squeeze the joints of the hand and tug at the muscles in the arm of a busy man is not easily understood.

Handshaking should be abolished, since it means nothing and spreads germs.

Germany permits all survivors of the Emden to add "Emden" to the rest of their name. Thus Frederick Garbe is Frederick Garbe-Emden. The Emden destroyed eighteen steamers and one cruiser before an Australian cruiser ended its career.

On the same basis Colonel Lindbergh would call himself Colonel Lindbergh-Atlantic Ocean.

BLOCK "P" FEAST IS INTRODUCED

First Gathering of Athletes Is Held Thursday. Hope To Make It a Permanent Function.

The first Block "P" banquet in the history of Presbyterian college was held in Judd hall at eight o'clock on last Thursday evening. This is an affair that has long been planned by Coach Johnson and the leaders of the club. The hope is that it may become a yearly event to honor those who have won distinction for their alma mater.

Roy Hogrefe, football and track star, and president of the Block "P" club, presided as toastmaster. The honorary guests were W. J. Bailey, donor of the Bailey Memorial stadium; W. P. Jacobs, chairman of the recently organized Clinton \$50,000 drive for Presbyterian college; John McSweeney, president of the college; Coach Walter A. Johnson; J. H. Hunter; Prof. H. E. Sturgeon, and Dr. J. B. Kennedy. Fifty-four letter-men, representing outstanding athletes in football, basketball, track, baseball, boxing, and tennis, were present to receive their certificates.

The excellent dinner was planned by Mrs. Myrtle Hunter, matron of Presbyterian college. It lived up in every way to the reputation that she has long held for events of this kind. After the meal Roy Hogrefe said a

few words as president of the Block "P" club. He then spoke of the generosity of Mr. Bailey, whose gift of \$10,000 made possible the erection of the splendid stadium that stands at Johnson field. The first speaker of the evening was John McSweeney, president of the Presbyterian college. His message of commendation for the work of the athletes this year was preceded by his usual witty and delightful appetizer. Mr. McSweeney was followed by W. P. Jacobs.

The closing item of the program was a talk by Coach Walter Johnson. He thanked the assembled men for their faithfulness in their work for P. C. during the past year, speaking with especial warmth of the graduating men who have been laboring for four years on the field. After this, the certificates were awarded to the various men.

After the guests had left, the wear-

ers of the "P" were asked to remain for a few minutes for the purpose of electing officers for next year. Philip A. Roberts, of Carthage, N. C., was named president for 1929-1930. The other officers elected were R. B. Caldwell of Chester, as vice-president, and R. T. Greene, of Black Mountain, N. C., as secretary-treasurer.

BUY "SHOES" FOR YOUR CAR AS YOU BUY SHOES FOR YOUR FEET

Your shoe dealer carries your size in different types of shoes, for different needs, at different prices. As tire dealers, we carry your size in different types, for different driving needs, at different prices. And we help you to select the right type for your particular requirements.

When we know that all you need is a very low-price Goodyear, we don't try to sell you an All-Weather. But when we know that you should have either a regular, heavy duty or oversize Goodyear All-Weather, we're frank to say so. Our sole object is to see that you get the tire which will last as long as you need it without costing you more than you need to pay.
