**Middle Life
Troubles**

"ABOUT twenty years ago, my health was very bad," says Mrs. Mat Howard, of Terrell, Texas. "I was passing through a critical time in my life, and I suffered a great deal. I was not at all strong, and my nerves got all upset. I had hot flashes, and sometimes would get suddenly so faint I could not stand up. My head would whirl, and I could not see a thing. I would have to lie down for hours at a time. I improved so much after I had taken Cardui for a while. I continued the medicine for some months, until I had passed the critical period. Since then, I have given Cardui to my five daughters. All of them have continued the use of Cardui in their homes. We have all been better for having taken it."

HEADS \$50,000 DRIVE

W. P. JACOBS

Director of campaign to be opened next week to raise \$50,000 in Clinton for Presbyterian college. Mr. Jacobs is a grandson of the late Dr. William Plumer Jacobs, founder of the college.

Clinton Students Win Scholastic Honors

More than twenty-five per cent of the total number of graduates of Presbyterian college have come from Clinton. These students have won more than twenty-five per cent of the scholastic honors. Of the ten students who will receive the bachelor's degree with honors at the commencement this year, three are from Clinton. William D. Adair will be the valedictorian and will receive his degree magna cum laude. Edward B. Martin and J. Carlisle Smith will be graduated cum laude.

William D. Adair has not neglected

student activities while earning high scholastic honors. In addition to being president of the honorary scholastic society, he is a member of the baseball team, captain of the basketball team and major of the R. O. T. C. battalion.

The highest scholastic standing in the freshman class was won this year by another Clinton boy, George K. Smith, whose scholarship standing is 94.17. He has also taken a prominent part in freshman athletics, having been a forward on the basketball team and halfback on the football team.

**We Believe In
Our College**

Citizens of Clinton could not be asked to invest in any enterprise with the hope of greater returns than to make the gift of \$50,000 to Presbyterian college.

What city would not be willing and eager to buy a million dollar plant for \$50,000 with an annual return of \$100,000? It's a sound investment. But, over and above the financial return coming to us, who could measure the many other benefits coming from our institution that have contributed toward making Clinton the cultured, refined, Christian city it is. Presbyterian college has been one of the most potent factors in making Clinton our pride. This is our opportunity to partly repay her by helping in this emergency.

I take great pleasure in endorsing this campaign. We must go over the top.
JACK H. YOUNG,
Mayor of Clinton.

**P. C. LEADERSHIP IN TRACK
ADVERTISES CLINTON**

The daily papers all over the South and many in the North carried special Associated Press dispatches on May 12 and 13 proclaiming P. C. winner of the S. I. A. A. track meet held in Clinton on May 11th. Many of these prominent papers carried full columns giving the details of this meet, and large eheadings across the entire sport page. "Presbyterians Praised," "P. C. Wins S. I. A. A. Track Meet Twice In Four Years," and other such newspaper headings brought a great deal of satisfaction to P. C. boosters.

P. C. with its splendid athletic field and stadium is probably better equipped than any other college in South Carolina to hold the S. I. A. A. track meet. No doubt, this is the reason why the Southern Intercollegiate Athletic association has held its annual track meet in Clinton twice during the past four years.

It is interesting to note the rapid development of track at P. C. Back in 1922 P. C. began with only two men training in this department of athletics. Interest has grown in track at P. C. until it is now second only to football. To win the S. I. A. A. track meet twice in four years is a great accomplishment. It is truly a remarkable record.

P. C. leadership in track has probably secured greater favorable publicity for Clinton and Presbyterian college than any other Clinton activity. An advertising expenditure of many thousands of dollars could not have produced a more favorable picture of clean sportsmanship at P. C. to the millions of Southern people than has been achieved by P. C. leadership in track.
J. F. JACOBS, JR.

**We Believe In

For a long period of years Presbyterian college has been an asset of inestimable value to our city and community. The campaign about to be launched here is to assist in delivering the institution from its present indebtedness and thereby enlarge its future sphere of usefulness. In the outcome of this effort, every Clintonian should be deeply interested. Let us as citizens endorse the drive soon to be made.
