

## THRICE AS MANY WEEVILS IN FIELDS NOT POISONED

Clemson College, July 29.—During the week ending July 27, examinations were made in 77 cotton fields in ten counties: from Florence, Orangeburg and Bamberg in the east, to Chester, Union and Greenwood in the Piedmont. In the general average, fields which had not been poisoned showed 24.5 per cent of the squares to be infested, while the poisoned fields showed only 8.7 per cent of the squares infested. In other words, the damage is three times as heavy in the unpoisoned fields as in the poisoned fields, says Prof. Franklin Sherman, entomologist, who summarized the data.

The general average of 8.7 for the

poisoned fields indicates a successful control, for so long as the infestation is held below 10 per cent the weevil does not seriously reduce the yield. The closeness of the figure to the danger point clearly indicates the need to watch carefully and dust as needed to hold it within control.

On the other hand, the average of 24.5 per cent infestation in the unpoisoned fields is destructive, and clearly indicates that a serious loss is occurring in unpoisoned fields. The data and press items from several counties indicate that a strong fight is being made against the weevil. The month of August will largely determine the outcome of the weevil control operations for the year.

### Change Made In Music Teacher

Miss Catherine Wells of Sumter, was elected yesterday as instructor of public school music in the Clinton schools for the ensuing year. She will fill the place made vacant by the recent resignation of Miss Margaret Cooper of Mayesville. Miss Wells is a daughter of Rev. J. M. Wells, D. D., and Mrs. Wells of Sumter, Dr. Wells being pastor of the First Presbyterian church of that city.

Dr. F. K. Shealy, is out of the city for several weeks doing post graduate work on diseases of children.

### Home Demonstration Notes

Miss Mary Shaw Gilliam, Agent

#### Mt. Pleasant Has New Club

The home demonstration agent met with the women of the Mt. Pleasant community on Thursday afternoon to organize a home demonstration club. There were eight present to assist in the organization. The following were appointed as a nominating committee to give a report at the next meeting, August 12: Miss Annie McPherson, Mrs. J. D. Fowler, Miss Lillie Nelson. After the business session the agent gave a demonstration in the food value and preparation of vegetable salads. At the conclusion of the demonstration, the group spent some time in learning new club songs.

#### Club Organized At Mountville

The seventh home demonstration club in Laurens county was organized at Mountville on Friday afternoon with eighteen members present. A nominating committee was appointed to report on the officers for the club

at the next meeting to be held at the school house on August 21. After the devotional exercises conducted by the agent, the demonstration of food preparation followed which proved very instructive to all present. The meeting closed with the singing of several club songs.

nice Johnson motored to Greenville and Chimney Rock with Jack Humphries and Luther Johnson for the week-end, visiting relatives and friends in Greenville.

Joe McQuirt spent the week-end with friends here.

### Frontis Jewelry Store

Clinton, S. C.

Just received a new line of clocks, and as a gift, a clock is ideal.

### Congregations To Unite Sunday

### Middle Life Troubles

"About twenty years ago, my health was very bad," says Mrs. Mat Howard, of Terrell, Texas. "I was passing through a critical time in my life, and I suffered a great deal. I was not at all strong, and my nerves got all upset. I had hot flashes, and sometimes would get suddenly so faint I could not stand up. My head would whirl, and I could not see a thing. I would have to lie down for hours at a time."

"I improved so much after I had taken Cardui for a while. I continued the medicine for some months, until I had passed the critical period. Since then, I have given Cardui to my five daughters. All of them have continued the use of Cardui in their homes. We have all been better for having taken it."

## CARDUI

Helps Women to Health

Take Theford's Black-Draught for Constipation, Indigestion and Bile-ousness. Only 1 cent a dose.

#### MANY SCHOOL IMPROVEMENTS

During the past session six rooms were added to the high school building. Home Economics and Agricultural Departments and a Library were also put in. These were all furnished and equipped. The high school auditorium was seated and a stage curtain and stage furniture were installed. The Florida Street school auditorium was equipped with stage scenery. Additional desks for pupils were purchased for the Academy Street school and the Bell Street school, and laboratory equipment for the Bell Street school. The usual annual repairing and painting of the plant were done.

The heating system of the Academy Street school needs repairing. This session the last room in both the white and Negro schools will be filled and next year it will be necessary to have additional room to care for our normal growth.

# Try Our New Plan

and eventually live with us in  
attractive — growing

## College View

We are introducing a new plan of home-site selection — a plan found popular and successful in several nearby cities.

We are opening, beautifying and improving a fine new residential section of College View — "THE WOODS." Partially wooded, partially open. With sewer, water, lights, sidewalks, etc. We have subdivided the lots so that we can now offer lots large, small, wooded, cleared, square or irregular of North, South, East or West facing. Any kind you desire. This section only a block off Broadway, is nearer the College and Orphanage and also nearer the center of town. First scale of prices very low.

## Price Range \$300 to \$850 Per Lot

10% Down. Balance on easy payments if desired

The novel feature of our plan is that the lot numbers, dimensions and prices are all prominently displayed on the front of each lot for your own examination, in the form of a tag. The first white person bringing the tag into the office of Wm. P. Jacobs at Jacobs & Company, with as much as 10% of the purchase price will get the lot (subject to prior sale) and convenient terms may be arranged for the balance.

### No High Pressure Sales Work — See and Select For Yourself

Lots unmarked already sold. Select now while all types are available. Low price range will be increased after sale of first 20 lots—12 already gone. We also will gladly cooperate in the erection and financing of a home now or later. This appeal is to prospective home owners. Drive through College View

## And Take Your Pick

New homes constantly arising. Fastest growing section of Clinton, without an undesirable feature.
