IF LIFE WERE ALL VACATION
If life were all vacation,
I wonder how 'twould seem,

Would not our hearts grow weary
Of empty hours at length,

The job that rules the temper;
The rule we must regard—

Hints for the Home by Nancy Hart

Did you know that fruits and toma-
toes may be canned by the water-bath
method, but all non-acid vegetables
should be processed under stem pres-
sure at a temperature higher than 212
degrees Fahrenheit, to make sure that
all dangerous organisms or bacteria
are destroyed.

Use for Strainer Lid

When cooking a food that scorches
easily, try placing it in a strainer lid
which will hold it off the botton of
the kettle and still permit the food to
boil naturally.

Prevents Rings When Cleaning

If you will add a little salt to ben-
zine or gasoline used for cleaning fab-
rics, this will prevent rings or the for-
mation of circles.

A Laundry Hint

When washing silk handkerchiefs
the best results are obtained by using
