

DR. STACKHOUSE ADVOCATES TARIFF ON SOUTHERN PRODUCTS

Sends Out Call for Help to Get Protection On Products of Southern Farms. Cotton Listed for Seven Cents the Pounds Duty.

The Chronicle is in receipt of a communication from Dr. Wade Stackhouse, of Dillon, in which he lists the tariff duties on farm products that are grown or can be raised in South Carolina, that should be written into the present tariff measure in order to put the South Carolina farmer on a parity with other beneficiaries of the protective tariff system.

Dr. Stackhouse points out that practically everything the South Carolina farmer buys is highly protected while what he has to sell is either on the free list or inadequately protected. Dr. Stackhouse is urging all citizens of the state to get in touch with their repre-

sentatives in Washington and see that the senate gives the South Carolina farmer a square deal on the tariff.

The farm group and the gulf coast producers of truck and vegetables joined with the Southern Tariff association in requesting congress to enact the following tariff schedules on products grown in South Carolina:

Vegetable oils and oil bearing seeds, basic rates of 45 per cent with appropriate specific duties.

Barnett Brothers Circus and Animal Show To Be In Clinton On Friday, Nov. 1st.

An added attraction to the already wonderful program of the Barnett Bros.' circus and trained animal shows—Lillian Thelma Alton—England's premier prima donna—the woman that sings to beat the band, together with her wonderful presentation of "Sweethearts on Parade," introducing over one hundred women, children and animals, presenting a wonderful display of elaborate wardrobe, which brings out feminine beauty and grace—this part of the program precedes the regular circus program without extra charge—a fete participated in by the entire circus talent.

In the largest city, and the smallest town, the Barnett Brothers shows visit, the program is always the same—exhibited as one complete whole—without one single curtailment at either the afternoon or the evening performance. The country having comparatively few holidays and the work too often shuts out play—the advent of the Barnett Brothers circus is hailed with delight. Then it is that the young and the old, far and near, join hands and celebrate—for it is the one big circus day, one that teems with gleam, glitter, and gold—the music of the four bands, the cages of wild animals from every part of the globe, the quips of the funny clowns, the side shows with all the wonders of the world, the smell of the sawdust, the steam calliope, and all the thousand thrills of spangle-land.

WOFFORD ENDS GREAT JUBILEE

Diamond Fete Comes To Close. Tigert, Glenn, Smith, Kirkland and Few Are Among Speakers.

Spartanburg, Oct. 19.—After two days of celebration of the 75th anniversary of the founding of Wofford college, the institution's diamond jubilee was brought to a close today after having had a distinguished group of educators and some 300 alumni participate in a program that memorialized the cultural influence of the Methodist school that has extended over a quarter century.

The late Dr. James H. Carlisle, president of Wofford for 27 years, was eulogized by Bishop Edwin D. Mouzon of Charlotte, N. C., at Founders' day exercises today in the college chapel. Other speakers that took part in the program were Dr. Henry Nelson Snyder, president of the institution, and Bishop John M. Moore of Dallas, Texas.

An annual dinner attended by men who were graduated from Wofford college as far back as 1869 and as recently as 1929 concluded the first day's program yesterday with addresses being delivered by Dr. J. J. Tigert, president of the University of Florida, E. D. Smith, United States senator from South Carolina, and J. Lyles Glenn, United States federal judge.

Speeches in honor of the occasion were made earlier in the day by Chancellor James H. Kirkland of Vanderbilt university and Dr. W. P. Few, president of Duke university.

Seventy-two institutions of higher learning and five scholarship societies were represented in the group of ministers and laymen who were present for the celebration.

COLDS

EACH year since the introduction of Vicks VapoRub, more and more people have given up "dosing" colds and turned to the better way of treating them externally. Today, the trend of medical practice is away from needless "dosing." Just rubbed on, Vicks acts through the skin like a plaster; it also gives off medicated vapors which are inhaled.

Ever-growing demand again changes the famous Vicks slogan—there are now Over 26 Million Jars Used Yearly.
