

ATTORNEYS AGREE ON SETTLEMENT

Verdict for \$7,250 Given To Plaintiffs In Suit Against Clinton Cotton Mills.

Laurens, Nov. 1.—An agreement verdict for \$7,250 was yesterday given in civil court in favor of the plaintiffs in the suit brought against the Clinton Cotton Mills by the administrator and administratrix of the estate of the late Homer Barnes, who was fatally injured, as alleged, in an accident in the plant of the defendant company last May.

Barnes was fatally hurt, it was alleged, when a piece of shafting fell and struck him on the head while he was employed in the mill.

Suit was brought for damages in the sum of \$50,000 against the mill company by Otis P. Huff as administrator and Edna Barnes as administratrix of the estate of Homer Barnes, deceased, and the case was set for trial yesterday in the court of common pleas.

Following a conference yesterday morning between the attorneys representing both sides of the suit, an agreement was reached whereby the defendant company is to pay the plaintiffs the sum named above. After a jury had been empanelled, the foreman was directed by the court to write a verdict in accordance with the announced agreement.

The plaintiffs were represented by Huff and Huff and the law firm of Blackwell, Sullivan & Wilson, while the defendant company was represented by Dial & Todd, and the firm of Simpeof, Cooper & Babb.

Did You Ever Stop To Think?

By Edson R. Waite

I was much interested in reading in the Rangoon, Burma, India, Times an address made by His Excellency, Sir Charles Innis, governor of Burma, to graduates of the University of Rangoon. In part the governor said:

"Once you have been taught to think, you gain experience. You have a chance of becoming what is known as a man of good judgement. Also you become more and more considerate of the opinions and mistakes of others, for you find out for yourselves how difficult it is to acquire a right judgement in all things.

"We in the government are accustomed to criticism. Indeed, every day of my life my chief secretary puts up to me the criticisms made in the press and elsewhere of the government of Burma, and I read them with due attention and such philosophy as I may. Some of them are valuable; some insincere, at least they seem to be so to me, and some again are a mere repetition of current political catchwords which in other countries, as well as Burma, are apt to take the trend of political thought.

"Criticize as much as you like, but at least let your criticism be fair, informed and thought out."

Much can be gained if we would stop and think more before we speak. We are all too prone to criticize our state and national governments with careless words and without full knowledge of what we say. It is always best to help make our government better. If we have to criticize, well thought out, constructive criticism is best.

Maple Frosting

To make maple frosting for cake the simplest way: Add maple syrup to confectioner's sugar until it is of the right consistency to spread on the cake.

THE AMERICAN RED CROSS

RED CROSS EXPENDS EIGHT MILLIONS FOR RELIEF IN DISASTER

Year Just Closed Put Heavy-Task on Society—120 Calls for Help Were Met.

An unusually large number of disasters in the United States and its insular possessions have required assistance from the American Red Cross during the year just closed. The organization sent emergency relief workers to the scenes of 120 tornadoes, floods, fires and other types of catastrophes and expended \$8,020,000 in relief and rehabilitation of the victims.

Calls for aid came from eleven other nations in which earthquakes, floods and other problems caused distress to large populations, and the Red Cross sent \$76,300 to help in relieving the suffering.

The catastrophe causing the greatest loss of life and most widespread devastation was the West Indies hurricane of September, 1928, in which more than 2,000 lives were lost in Florida, Porto Rico and the Virgin Islands. A relief fund of \$5,883,725.62 was contributed by the public, following a proclamation by the President of the United States, to which the Red Cross added \$50,000 from its own treasury, and the society was enabled to give relief to more than 700,000 persons.

In the early Spring, river floods in the southeastern states cost a heavy loss to many persons, 76,000 inhabitants being affected in four states. The Red Cross assisted 4,333 families, approximately 28,000 persons, with food, clothing, temporary housing, feed for stock and seed for replanting.

In all, thirty-eight states were visited by calamities during the year, affecting 364 counties. Twenty-eight counties were devastated twice by storms, fires and floods.

Red Cross expended \$434,000 from its treasury in giving relief in these disasters, and at one time had as many as 120 disaster relief workers, nurses and other representatives in the field.

Funds for this relief work are obtained in the annual roll call for members, which occurs from Armistice Day to Thanksgiving Day, November 11 to 28. Only once a year—during this period of Roll Call—does the Red Cross ask public support to carry on its many activities.

COFFEE CROP AIDED BY RED CROSS IN ISLANDS

Disaster relief given following the West Indies hurricane which struck Porto Rico, the Virgin Islands and Florida, as well as other islands in the Caribbean Sea, presented one of the largest tasks yet undertaken by the American Red Cross. In Florida, where 1,810 lives were lost, the Red Cross aided 41,236 persons. In Porto Rico and the Virgin Islands, where the loss of life was not so great, but where the devastation was almost complete, the Red Cross aided 731,712 persons.

Destruction of the coffee plants was the gravest loss, and the Red Cross aided in rehabilitating this industry by employing 67,000 natives to clear the coffee-land, so that replanting would go forward immediately, thus providing work and wages for thousands.

WOMEN KNIT AND SEW FOR RED CROSS RELIEF

Volunteers Aid Through Motor and Canteen Corps—Send Gifts to Service Men.

Recalling the days of the World War, many women still make pajamas and other hospital garments, many knit sweaters, and more than 2,500,000 surgical dressings were rolled by volunteer workers for the American Red Cross Chapters all over the nation, in the year just closed.

The hospital garments are given to veterans and the surgical dressings go to civilian or Veterans' Bureau hospitals, or wherever needed. Many Chapters also maintain well stocked closets of surgical dressings and garments, in order to be prepared should a disaster strike their communities.

Volunteer workers make children's clothing and layettes which are distributed in time of major catastrophes. The Motor Corps of Red Cross women and the Canteen Service, also first created during the World War, still are maintained by many Red Cross Chapters. Last year the various Motor Corps, some with ambulances, answered about 30,000 calls and the Canteens served more than 20,000 persons. They were especially active where floods or forest fires or other catastrophes called for feeding refugees or firemen engaged in active work fighting disaster.

Another activity of women volunteers is that of filling Christmas bags—small cretonne ditty bags—to send to soldiers and sailors who are stationed at posts or ports abroad. More than 40,000 of these are sent each year for distribution to the Americans at Christmas time.

CHURCHMEN ASK SUPPORT OF RED CROSS ROLL CALL

Leading churchmen of the nation have joined in asking public support of the annual Roll Call of the American Red Cross. Two distinguished leaders who have sent messages to their congregations all over the country are quoted, as follows:

"I plead for an extension of our Red Cross membership until we can call a roll of every adult American," stated the Most Reverend Michael J. Curley, Archbishop of Baltimore. "I would like to see the children listed in the organization by their parents. I plead for it because of the spiritual reaction I visualize in our millions of contributing members."

"As president of the Federal Council of the Churches of Christ in America, I bespeak for the Roll Call of the American Red Cross the fullest cooperation of all the churches in the constituency of the Council," writes Francis J. McConnell, president of the Federal Council. "I cannot imagine that there is any minister who will not be grateful for the opportunity to call the attention of his people to the work of the Red Cross and to urge them to enroll in its membership."

The American Red Cross expended \$8,969,627.24 in disaster relief work in the United States and its insular possessions and in eleven other countries during the year ending June 30, 1929.

Effective Now! Prices of Ford Cars and Trucks Will be Reduced

The Ford Motor Company believes that basically the industry and business of the country are sound. Every indication is that general business conditions will remain prosperous.

We are reducing prices now because we feel that such a step is the best contribution that could be made to assure a continuation of good business throughout the country.

Following is the list of New Prices for Ford Cars and Trucks:
