

COUNTY TREASURER'S NOTICE
1929

The books of the County Treasurer will be open for the collection of taxes for the fiscal year, 1929, at the Treasurer's office from October 15th to December 31, 1929. After December 31 one per cent will be added. After January 31st, two per cent will be added, and after Feb. 28th, seven per cent will be added until the 15th day of March, 1930, when the books will be closed.

All persons owning property in more than one township are requested to call for receipts in each of the several townships in which the property is located. This is important, as additional cost and penalty may be attached.

All able-bodied male citizens between the ages of twenty-one (21) and sixty (60) years of age are liable to pay a poll tax of \$1.00, except old soldiers, who are exempt at fifty (50) years of age. Commutation Road Tax \$1.50 in lieu of road duty. All able-bodied men between the ages of 21 and 55 are liable to road duty except those in military service, school trustees, school teachers, ministers, and students.

Proper attention will be given those who wish to pay their taxes through the mail by check, money order, etc., giving name of township and number of school district.

COTTON ENTERS
BUSINESS REALM

Cooperative Marketing Offers "Big Business," Says Alfred Scarborough, General Manager.

Columbia, Nov. 16.—The support being given by the Federal Farm board and the United States government to cooperative marketing offers a wonderful opportunity for having agriculture placed in the realm of big business with its attendant advantage, in the opinion of Alfred Scarborough, general manager of the South Carolina Cotton Growers' Cooperative association.

"First of all," said Mr. Scarborough in a statement, "to my mind one of the most important accomplishments is that every cooperative obtaining any Federal farm board money will be supervised by that board. The cooperative, efficiently and properly managed, will have a great asset in this because its proper procedure will be confirmed and sanctioned. It will be the best possible safeguard against the farmer placing his commodity in an institution that is not up to standard in every way. They must necessarily lend government money only to cooperatives as any creditor would when they know that the character of the institution is what it should be as in the case of an individual; that its management is capable and that its financial status and responsibility makes it safe for a loan.

"Secondly, we have the president of the United States, congress, as evidenced by the passage of the act, every member of the president's cabinet and the heads of all departments of the government in Washington solidly behind cooperative marketing and determined that there shall be proper coordination and effort put back of this program.

"Third, under this law, with the creation of the Federal Farm board we have one of the ablest groups of men in our country whose duty it will be to study the great problems of agriculture and work out a long time program that will establish an economically sound national policy toward America's agriculture. Heretofore these things have been matters of individual opinion and suggestions offered have been inadequate and at best only means of temporary help. This board is to deal with causes and means for their remedy. Remember, this board has almost unlimited authority, power and financial resources to effectuate their program. They will go the limit in forwarding a program that has the farmers in partnership through their organizations with Uncle Sam in helping the farmer to help himself, but they will not deal with individual farmers and be a party to perpetuating the individualism and indifference that has heretofore existed and largely been the cause of the farmers inability to cope with the economic situations and changing conditions developing in the midst of the most highly organized society in which he lives.

"Fourth, the Federal Farm board will recognize that it is as much the inalienable right of the farmer to sell through his farmer-owned cooperatives the product of his labor direct to the manufacturer or consumer as it is the right of all other lines of industry that have been practicing it for generations, having in mind at all times that there are three parties to be considered, the producer, the manufacturer of the raw product and the consumer. Heretofore it has been lost sight of that the producer was to be considered.

"Fifth, set up large scale centralized national commodity sales organizations through which the respective cooperative associations within a given commodity will combine their sales, thus gaining bargaining power in a large way, and being assured of complete elimination of any internal competition as between associations within a commodity. Of course this will insure the sale of the product in conformity with the demand as to time and place. It will tend toward standardization and stabilization in all phases of business."

COMMISSION NOW
SHAPING REPORT

To Be Submitted To Governor In Matter of Election On the Youngs-Dials Annexation Question.

Laurens, Nov. 15.—Members of the election commission, appointed by Governor John G. Richards several weeks ago, in the matter of the proposed annexation to Greenville county of 28 square miles of Youngs and Dials townships in Laurens county, were in town Tuesday securing certain data from the county auditor's books to be used in the report the commission will submit to the governor.

C. B. Owings, chairman of the commission, and Commissioners E. J. Sloan and John B. Cook, spent several hours here gathering information for use in the report. They found that the assessed valuation of the property in the area amounts to \$298,000 and that the total amount of taxes paid, including special school levies, is \$17,587. They also secured the amount of the county's bonded indebtedness and other facts that will aid in shaping the recommendation to the chief executive, who will use the information, coupled with the petition of the people of the area, in deciding the question of ordering an election.

Commissioners Sloan and Cook live

in that part of Youngs township seeking to be annexed to Greenville county. The other members are Mr. Owings and J. Ben Hunter, both of whom are residents outside of the affected area. Speaking of the proposed election on the question, Mr. Sloan stated Tuesday that he hoped that the election would be ordered held before the new year; that he had given much time and energy in getting the details of the proposition in shape, and that he proposed to see the matter through, win or lose. "There is no politics in the thing," stated Mr. Sloan. "We feel that our interests, as a whole, will be better conserved by withdrawing and lining up with Greenville county. There is no feeling in the matter, no spite work, just simply a question of casting our lot with another county," he added in conclusion.

It was understood from the commissioners that a new survey had been made of the line of demarcation, with three engineers doing the work. Practically no changes were made from the original survey. There are about 400 voters in the territory, and about 90 per cent of these, the commissioners from Youngs said, had signed the petition asking for the election. In the area there are four voting precincts, Grays, Stewart's store, Cook's Store and Jones Store. There are also three school districts and four white churches, Cedar Grove, Bethany, New Harmony and Durbin.

The annexationists are represented by Attorney C. G. Wyche of Greenville. County Attorney R. E. Babb of Laurens, has been consulted throughout by the commissioners living without the territory as to legal procedure in the enterprise.
