GOTHAM IS CITY OF THE MISSING

More Than 23,000 Persons Disappeared in New York Last Year.

New York.—More than 23,000 persons were sought as missing in New York city last year, according to the annual report of the missing persons bureau of the police department made public recently.

The figures for the current year, however, point to the establishment of a still higher record for 1929, bureau officials said recently.

An analysis of the report shows that of the 23,147 actual cases reported for 1928, 22,420 cases were successfully concluded.

The recapitulation of all the cases in the report divides them into those originating within New York city and those coming from other cities.

The missing persons bureau located 17,050 of these in various parts of the world.

The actual work of the bureau is handled by Capt. John H. Ayers with a staff consisting of 37 men and 6 women detectives.

The totals in the report do not include criminals and fugitives from justice who are being sought by the police department on various charges.

"Many of the runaways have tried to get away from their poor environment," Inspector Donovan pointed out.

"The summer months always show a higher number of runaways. The heat probably stirs their wanderlust in the case of runaway children, the parents are often at fault because they forget that children require a certain amount of liberty."

Trinidad, Colo.—The fabled thief of story and myth was in evidence here at the home of Mrs. Roger Albo.

When Mrs. Albo returned from a shopping tour she noticed that someone had visited her home.

"Dear lady: 'Ate a little grub as I was broke I did not touch anything else in the house, but cleaned it up a little as a matter of returning a favor. I thank youse very lots."

Red Bluff, Calif.—Eugene Hardy turned his pocket inside out when it caught fire from a match.

New York, Dec. 4.—Private estimates from the soda jerkers union of Hoboken caused December to decline 24 points, but the horse-back riders straddled and sold short.

An old lady told me that she was up at the county fair not long ago and she saw a hot dog jump out of a frying pan and chase an old man home, and from heresay reports, it bit him right behind the smokehouse, but I don't believe a word of it.

Yo-yo-ing seems to be subsiding to some extent in our city. The school children have only 3 yo-yos apiece now, and the old ladies have actually got down to only 4 or 5.
