

Still Greater Values for the Remaining Days of This Gigantic CLOSE-OUT SALE

Entire Dry Goods and Clothing Stock of Farmers Mercantile Co.

The crowds came, they looked and they bought. Never before in the history of our stock buying career has the response to an announcement of a close-out sale been so great, and here's why. You people know the high class lines that were carried by the Farmers Mercantile Co., and the enviable reputation that they have enjoyed here in Clinton, and you realize that this stock was bought by us at a fraction of its real worth and mean to close out the entire thing in a very short while, and now prices have been placed upon this merchandise that are far below the actual cost to make. Now prepare yourself for a still greater shock in low prices, for new drastic cuts have been made for the remaining days of this sale to effect an immediate close-out to the naked walls. The time is short! Act today! Never before and maybe never again such values as these.

Remember! Everything Must Go In This Bargain Whirlwind!
