Laurens — John Henry Morton, 38-year-old log crew hand, end employee of Watson, Kenneth Barkley of Easley, ap-day in flames that destroyed a three-room frame house where he lived near Bellview Baptist Church 4 miles north-east of Laurens.

Identification of the body was established by Laurens County Sheriff R. Eugene Johnson.

The house was owned by George Penland, whose own home is some 300 yards away. It was Mrs. Penland who spotted the fire about 8:30 p. m. Her husband raced to it smashed windows in an effort to get in, but was forced back by flames.

Laurens city firemen wet down the ember heap into which the house had burned so that the body could be recovered. It was found in what had been a bedroom.

Morton operated a chain saw for logger Milford Watson.

Sheriff Johnson said a week-end employee of Watson, Kenneth Barkley of Easley, apparently was the last person to see the blaze victim alive. He talked with him on the porch of the small house at about 5:45 p. m., the sheriff said.

Supervisor's Office To Get \$50,000 More

Columbia — The Laurens County supervisor would get an additional appropriation of \$50,000 this year for equipment under terms of a bill introduced last week by State Sen. W. C. Dobbins of Laurens County.

Dobbins' bill would transfer a total of \$55,000 from the county's general fund. Of this, \$5,000 would go into the county contingent fund.

The remaining \$50,000 would go to the supervisor's office, earmarked for the purchase of a front-end loader, a motor grader and three trucks.

Dobbins said there was \$106,000 in the county general fund, ample to supply the money for the supervisor.

The senator said he is taking action to provide more contingency funds because it appears that the \$5,000 allocated in the current supply bill will not be sufficient.

The Laurens solon said he pledged in his campaign to "look after" the supervisor and that his bill Wednesday was in line with that promise.
