

The Chronicle's New Press

This is the new press installed by The Chronicle during the past few weeks: Last week's issue was the first printed on the new machine and gave the pressmen an opportunity to make adjustments. The press is now in full use and will produce 5,000 folded 8-page papers an hour. It replaces a press that printed only four pages at 2,000 an hour.—Photo by Yarborough.

The Clinton Chronicle Vol. 67 - No. 11 Candidate Filing Date

The Laurens County Democratic Party has received a ruling from Attorney General Daniel R. McLeod that all candidates for nomination in the June Democratic primary must file with Mrs. Betty Satterfield, secretary of the party, by Monday, March 21, at 12 o'clock noon.

It had previously apeared, according to Party Chairman Richard T. Townsend, that amendments to the South Carolina Code, Section 23-373 had moved the filing date to March 22.

On March 10, Governor Robert E. McNair signed a bill the purpose of which was to provide for the filing of entries for State Senator. Since Laurens County is a single county district with one Senator, the same arrangement and same filing date of March 21 will apply to the office of State Senator, according to Townsend.

All candidates are urged to file with Mrs. Satterfield on or before Monday, March 21, at 12 o'clock noon.

The Clinton Concert Association reports a "very successful" drive for 1966-67 membership, following its campaign which closed last

Saturday. Mrs. Frank Sherrill, president of the association, said the drive went over the top with approximately 1,200 members signing for the next season beginning in the fall.

The more than 100 new members are eligible to attend this season's April 5th concert, "Two Go Dancing," as a bonus.

Campaign co - chairmen Mrs. Robert Honson and Mrs. Robert Wassung, especially appreciate the workers who assisted in recruiting new memberships. Cards will be issued in the fall.

Artists who will appear here in the aduditorium next season are The Manhattan Pops, pianist Ronald Turini, and the Revelers, a male quartet. "Dates to be announced later," Mrs. Sherrill

Clinton's Image Projected to 1985 By Clemson Architectural Students

These are photos of model designs suggested for rebuilding of the downtown section of Clinton. They were made by the fifth-year class of architectural students at Clemson University under the su-

the idea of building a subway to remove the railroads from the middle of the business area. The square would be rebuilt, to be featured by a handsome new city hall. The project was undertaken at the pervision of Dean H. E. McClure. The over-all plan centers around | request of the Chamber of Commerce, and was made by the team

of students after a study of the town's history, cultural and business assets, and the needs of the community projected to 1985. Photos by Dan Yarborough and Clemson News Bureau.
