After the holiday glitter..

will you have to borrow to pay the bills?

When all the packages are opened and all the pretty wrappings discarded.

will you need a loan to pay for the fun?

Repaying that loan will cost you a pretty penny

in interest charges. But if you make the habit of saving

you will have the money when you need it The difference between borrowing

to pay the bills next Christmas and saving ahead

and getting earnings on your savings

can make a big difference in your holiday enjoyment. Saving makes the difference.

It does all the work, but on Saturday night which one goes to the party?

Once upon a time there was an ugly little bug. It could go about 27 miles on just one gallon of gas. It could go about 40,000 miles on just one set of tires. And it could park in tiny little crevices no big-

It was just right for taking father to the train or the children to school. Or for taking mother to the grocery store, drugstore, dime store and all the enchanting places mothers go when everyone else

The ugly little bug was just like one of the family.

But alas, it wasn't beautiful. So for any important occasion the poor ugly little bug would be replaced. By a big beautiful

chariot, drawn by 300 horses! Then, after a time, a curious thing happened. The ugly little bug (which was made very sturdily) never got uglier. But the big beautiful chariot didn't exactly get more beautiful. In fact, in a few years its beauty began to fade. Until, lo and behold, the ugly little bug didn't look as ugly as the big beautiful chariot! The moral being: if you want to show you've gotten somewhere, get a big beautiful chariot. But if you simply want to get somewhere,
