# Joanna Man Is Killed In Wreck Near Here

A 21-year old Joanna man was killed and three other people injured in a two-car collision about 11:45 p.m. Friday on S.C. 72 about nine miles south of Clinton.

Laurens County Coroner Marshall Pressley said Johnny Carroll Arrowood was dead at the scene of the crash. Joe Canupp, 21, of Simpsonville, driver of the car in which Arrowood was riding, and Jerry Lawson 21, of Clinton, another passenger in the car were admitted to Bailey Memorial Hospital and were reported in fair condition Saturday.

Canupp later was released from the hospital.

The driver of the second car, Henry Allen Motes, 15 of Rt. 1, Cross Hill, was carried to Self Memorial Hospital in Greenwood and was reported in fair condition Saturday.

State Highway Patrolman J. L. Dancy said Motes apparently lost control of his car on

a curve, crossed into the north-bound lane and collided almost head-on with the car driven by Canupp.

A lifelong resident of Joanna, Mr. Arrowood was the son of Samuel L. and Mary Johnson Arrowood of Joanna. He was a former employe of E. L. Mansure Co. and served in the U. S. Marine Corps. He attended Pentecostal Holiness Church.

Surviving also are two sisters, Mrs. Pearl Wilson of Roanoke Rapids, N.C. and Miss Kathy Arrowood of the home; two brothers, Randall and Kenneth Arrowood of the home; and grandparents, Claude Johnson of Joanna and Mrs. Julia Arrowood of Marion, N. C.

Funeral services were held Monday at 3 P.M. at Pentecostal Holiness Church. Burial was in Rosemont Cemetery.

## Industrial Water Rate Increased

Clinton's water rate for industrial and institutional customers will be increased a little over seven cents per 1,000 gallons, effective Jan. 1, 1971.

At last week's meeting, City Council unanimously voted to increase the industrial and institutional water rate to 30 cents per 1,000 gallons. The action came after a study by Harwood Beebe Engineers, which showed it costs the city about 27.6 cents per 1,000 gallons to provide water service. The industrial and institutional rate currently is 22.4 cents per 1,000 gallons.

The new rate will not affect residential customers.

The motion to increase the industrial and institutional rate was made by S. A. (Chick) Pitts and was seconded by Talmadge Sanders.

## OTHER MEMOIRS

BY JOE H. SIMPSON

Have noted in newspaper accounts of recent years of the dropping of all phases of one of our businesses of yesteryear. I refer to that of building whaling ships in the northeast, which at one time was a very large and lucrative business, and of course the discontinuance of the whaling business itself. I am sure that the discontinuance of the use of the corset by our ladies did not put the whaling business out of existence, even though as a young salesman it was one of our talking points about the quality of whale bone that was used in making our line of ladies' corsets. Then of course the blubber of the whale has been replaced with other items. I enjoyed a recent picture on T.V. of what was termed as one of the last of the whalers from the Azores. Stated that the main use now was fertilizer and instead of the several thousand dollars the whaling men formerly made in a year, their income was now less than \$500.00 annually.

## Whitmire Man Charged In Fatal Shooting

A 67-year old Whitmire man has been charged with murder in the shooting death Wednesday night of an 18-year old Greenville County youth near Clinton.

Laurens County Sheriff R. Eugene Johnson said Thursday that Arthur Canupp of 112 Duckett St., Whitmire was charged with the shooting of Maxie Lee Brock of Rt. 4, Greenville.

The shooting occurred about 8:15 p.m. Wednesday at a junk car lot owned by Canupp just off U. S. 72 seven miles north of Clinton. The victim was dead on arrival at a Woodruff hospital at 9:30 p.m. Wednesday.

Corner Marshall Pressley

said death was due to four gunshot wounds from a 9 millimeter Mauser, Sheriff Johnson said the victim, along with two of his brothers, Leon and Lavon Brock of Greenville; a brother-in-law, Joe Mahaffey of Woodruff; and Billy Fowler of Greenville were reportedly in the vicinity looking for deer tracks and a suitable place for a deer stand.

The youths had entered an old house located in the junk yard where used automobile parts were stored and several were in the loft of the house when the shooting occurred.

Sheriff Johnson said South Carolina State Law Enforcement officers are assisting in the investigation.
