Chesterfield News.

The farmers are busy preparing for another crop, not so much cotton and more corn is the talk.

Mrs. Elijah Smith, of Cason Old Field, died Friday. Her life was filled with beautiful thoughts and deeds. Many friends and relations speak of her as a lovely woman. A good woman is of great and lasting good in this old world but God in wisdom saw fit to take our kinswoman and our hearts are sad.

The trustees have elected Miss Grace Littlejohn and Prof. F. H. Funderburk to teach this school for next winter.

Rev. Croun's lecture last Thursday evening was considered high toned and interesting.

April fools will soon be here but it is a mystery to me why April made the fools any bigger.

Some person or persons has a habit of turning horses and mules loose on the town. It would be well for the mayor to look after this. The women and children are fearful of the stock—of course we men are not afraid of anything but ourselves.

Mrs. Mary Roberson died Saturday in North Carolina. She had been paralyzed many years. Mrs. Roberson was a native of Chesterfield and has many friends and relations here. Miss Caroline Chapman, of this place, is her only surviving sister. The deceased was kind and gentle, the beloved of many. "Blessed are the dead that die in the Lord."

Our mayor is in Monroe this week. "When the cat's away, the mice do play."

They are moving the road up above Chesterfield further away from the railroad. Now, don't really misunderstand us. They are not moving the road but use it, but Messrs. E. N. Redfern and J. A. Welsh, as commissioners, have laid off another road that they think will be better for the travelling public. Now, would it not be just as legitimate to compel the railroad company to buy this old road as for Chesterfield county to be compelled to buy the Pee Dee river bridge?

Under the law, Chesterfield county is entitled to twenty-five school libraries. The legislature appropriated five thousand dollars to be divided among the several counties of the State. There are only two schools in the county that have thus far complied with the law. The school desiring a library must first raise ten dollars, then the county will give ten dollars and the State ten dollars, making a total of thirty dollars to put into the purchase of books. The Pleasant Grove school is the second school to raise the necessary funds since January 1st.

Our people were very much pleased with the Keith moving picture performance Saturday night. Some thought the Japs swimming the Yalu river was the best picture exhibited, but one man says the one truest to life was the old fellow fighting the bed bugs.

The Colonel's Waterloo.

Col. John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure, Dyspepsia, Biliousness and Kidney disease, by Jas. T. Ladd and Theo. E. Wannamaker, druggists, at 50c a bottle.

Ruby News Items.

The artesian well has been completed and the water is pronounced the genuine stuff. Arrangements are now being made for the tank and engine and for laying the piping.

Mr. Malloy, of Cheraw, is spending a short while in town looking after the interest of his insurance company.

Mr. Marco Foster, of Darlington, and J. Bart White, of Wilmington, registered at the Central hotel last night.

Mr. Walter Douglass, of Douglass Mill section, has enlisted in the Ruby High School.

The school at this place is in a flourishing condition and continues to grow larger every week with boarding pupils from afar. Miss Malloy, of Cheraw, has charge of the music department and has quite a flourishing class of pupils; in fact we have as good a school and as good water as there is in the Carolina, considering.

It is no joke, the guano is leaving here from early dawn till close of day.

Get your doors and sash at Smith Oliver's.

Mr. H. C. Allen has been confined to his bed for several days with gripe.

The Keith Moving Picture show gave an entertainment at the academy Monday night to quite a large crowd. Every body seemed to have enjoyed it. The California train robbery was a natural reproduction of such scenes out west, we imagine, but we don't want the experience.
