NO. 17

THE NATIONAL AUTOMOBILE TOUR

Atlanta to Pinehurst—Will Include Rockingham—Roads of Richmond County Commended—Fine Route for Great Event

Through the energetic efforts of Mr. Leonard Tufts, the Glidden Tour will in April be extended from Atlanta to Pinehurst.

This is the great national automobile event. It will pass through Rockingham, and the News and Observer, of Raleigh, of Feb. 10, has the following with reference to the matter:

"In the city yesterday, after an automobile trip from Columbia, S. C., were Messrs. Requarth and T. A. Crawford, of Lancaster, S. C., members of the automobile club of that place, who in a 30 horse-power roadster automobile made the trip as far as Pinehurst, where they stopped on account of the rain, coming to Raleigh by train for a short visit.

Mr. Requarth made the trip in seeking out a route, to be urged for the Glidden tour, which is sought to come through Raleigh and on South. In speaking of the trip he said:

"I found the roads in a pretty fair condition, coming from Columbia by way of Camden, Kershaw and Lancaster in South Carolina, Monroe, Wadesboro and Rockingham to Pinehurst in North Carolina. The roads were in twenty miles an hour condition, and with this record it would be a fine route for the Glidden tour if the South gets it. The counties through which I came can be banked on to give support if the route is through them, as they want to be on the highway. With a few exceptions the route I came will be an excellent one, as the rough places now existing can be remedied easily, a thing that I am assured will be done.

"I did not take any notes of the mileage but it is little more than any other practicable route from Raleigh to Columbia. On my return I will go from Pinehurst to Rockingham, N. C., to Hartsville, Bishopville, and Camden, S. C., and, then to Columbia, to see as to that route, as I wish to investigate two routes."

A Safeguard to Children

"Our two children of six and eight years have been since infancy subject to colds and croup. About three years ago I started to use Foley's Honey and Tar, and it has never failed to prevent and cure these troubles. It is the only medicine I can get the children to take without a row." The above is from W. C. Ornstein, Green Bay, Wis., duplicates the experience of thousands of users of Foley's Honey and Tar. It cures coughs, colds and croup, and prevents bronchitis and pneumonia. Sold by all druggists.

LEGISLATURE ADJOURNS

The South Carolina legislature has adjourned, and quiet has once more settled down over the capitol. The closing days of the legislative session were marked by the usual bustle and activity, and the usual late adjournment Sunday morning.

The final lap of the legislative Marathon was featured by the passage of the income tax amendment resolution, and by the adoption of a substitute asylum bill. Aside from these two measures of general interest, many other bills were disposed of—some were passed, not a few met untimely deaths, and others were removed from the path by the process of substitution.

The income tax amendment resolution—the resolution ratifying the proposed constitutional amendment permitting congress to levy an income tax without apportionment among the several states in accordance with their population—passed the house almost without opposition. On the second reading the vote stood 100 to three in favor of the bill, and on the third reading 100 to four. After its triumphal march through the house the resolution went to the senate, where it found the going less to its taste. However, after much discussion, the senate passed the bill to third reading by a vote of 24 to 15 Friday night. Saturday afternoon the senate formally ratified the amendment, without division. And so ends what had been an anticipated event.

The asylum bill, which was passed late Saturday night as a free conference substitute for the bill presented both in house and senate, calls for the appropriation of \$100,000 for land and new buildings for use of the state hospital for the insane. The execution of the law is put in the hands of a commission, one to be superintendent of the asylum, Dr. J. W. Babcock, one to be chairman of the state board of health, Dr. Robert Wilson and three to be business men appointed by the governor. The bill further provides for the payment of the commissioners for their actual work—\$5 per day and actual expenses. It is provided that no member of the general assembly may serve on this commission, which is to report to the legislature at the next session.

Thursday, after long and impassioned debate, the senate killed the judiciary committee's resolution calling for the resignation of Superintendent J. W. Babcock and the board of regents of the state hospital for the insane. The vote on the resolution, which came on a motion to table, was 27 to nine against the resolution. Thursday the house passed

Senator Sinkler's bill, which had already passed the senate, providing for a board to examine applicants for admission to the bar.

Senator Laney's fertilizer bill, prohibiting adulteration of fertilizers, and prescribing a penalty for violation, also was passed by the house Thursday, after having gone through the senate.

Friday the house passed, without division, the bill extending the powers of the dispensary winding-up commission, thus making it a law. The additional power conferred upon the commission is that of fixing the state's claims against any firms which formerly had dealings with the old state dispensary. The findings of the commission, the law says, shall be final.

The senators, not to be outdone in the matter of expressing appreciation for presiding officers, presented Lieut. Governor McLeod with a handsome walking cane. The robe which he has worn for the past four years as president of the senate was also presented to him.

Saturday was spent in free conferences, hearing the conference reports and ratification of acts.

THE BATTLESHIP SOUTH CAROLINA

The South Carolina's Command

Columbia, Feb. 12.—Capt. A. F. Fechteler, commander of the Battleship South Carolina, was here this afternoon, for a conference with the battleship commission. At the conference was discussed for the presentation of the silver service and the entertainment to be given in Charleston on the occasion. Capt. Fechteler was presented to the senate. Lieutenant Governor McLeod, the presiding officer, and was introduced by Governor Ansel, members of the General Assembly and to the State officials and visitors to the Capitol.

Governor Ansel stated this afternoon that the presentation of the silver service at noon April 12 would be on shore in the city of Charleston. "This will be done because it is more convenient to have these services ashore than on the battleship." He said "The people will thus have the opportunity of seeing the presentation. On this occasion the state flag will be presented to the battleship by the Daughters of the American Revolution. From

MICROBES IN THE SCALP

The Latest Explanation is that Microbes Cause Baldness

Prof. Unna of Hamburg, Germany, and Dr. Sabourand, of Paris, France, share the honor of having discovered the hair microbe.

Baldness is not caused through a few weeks' work of these hair microbes, but is the result of conditions brought about by their presence. Baldness may not occur until years after the microbes begin work, but it is certain to come sooner or later.

The microbes cut off the blood supply. They feed on the fatty matter about the roots of the hair, through which the blood is absorbed. Finally the fatty matter is consumed, the food supply of the hair is gone and it starves and finally dies.

Resorcin is one of the most effective germ destroyers ever discovered. Beta Naphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter, and creates a clean, healthy condition.

Pilocarpine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair when loss of color has been caused by a disease.

Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs, and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

We want every one who has scalp or hair trouble to try Rexall "93" Hair Tonic, which contains all these ingredients. If it does not give you complete satisfaction in every particular, we will return every penny paid us for it, for the mere asking and without question or formality.

Of course you understand that when we say that Rexall "93" Hair Tonic, will grow hair we do not refer to cases where the roots are entirely dead, the pores of the scalp closed, and the head has the shiny appearance of a billiard ball. In cases like this there is no hope. In all other cases of baldness Rexall "93" Hair Tonic will grow hair, or cost the user nothing. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Cheraw only at our store,—The Rexall Store. J. T. Ladd's drug store."

When You Need

Foley's Orino Laxative. When you have that dull, heavy, feverish feeling, accompanied by constipation. When you have headache, indigestion, biliousness, pain in the stomach and bowels, then you need Foley's Orino Laxative. It moves the bowels freely and gently, and thoroughly clears the intestinal tract. It does not grip or nauseate and cures constipation. Sold by all druggists.

1:30 to 6 o'clock in the afternoon, a reception will be given by the captain and officers of the South Carolina. Boats will be at the wharf to convey guests to the battleship. Cards will be presented at the landing. The invitations for the river service exercises will be sent out by the battleship commission. Of course the invitations for the reception aboard the battleship will be sent out by the captain and officers.

The South Carolina will leave Philadelphia on March 6, and will go to Hampton Roads to coal. Thence the battleship will go to Culebra and the return trip will be to Charleston, arriving there April 10.

Capt. Fechteler is very much pleased with the assignment of the South Carolina and he is proud of the nation's best battleship. There is one South Carolina on board the South Carolina.

The South Carolina officer referred to in the above article is mid-shipman Hugh Bellinger of our city.

LaGrange's that prevade the system, LaGrippe coughs, colds and strain, are quickly cured by Foley's Honey and Tar. It is a safe and reliable laxative, safe and reliable. Sold by all druggists.

Look at your policy.

Note the expiration.

Give it to us.

We will do the rest.

Board of Trade to Meet March 3rd.

The next regular meeting of the board of trade will be held in the council chamber on the evening of Thursday, March 3, at 8 o'clock.

Some very important matters will be up for consideration at this meeting, among others the matter of water works and sewerage for the town. The town council will be invited to be present and it is earnestly hoped that every member of the board of trade will be on hand. And right here let us add, if there is any citizen of the town who has the welfare of the town at heart who is not a member of the board of trade, now is a mighty good time for him to join. Come to The Chronicle office and get a copy of the Constitution and By-Laws of the board of trade, see what the board is in existence for, and then join the "Push Cheraw" crowd.

Among The Churches

Schedules of the Various Churches for the Coming Week.

Baptist Church.
DR. L. H. SHUCK, Pastor.
Sunday School 10 a. m. Morning service 11.15 a. m. B. Y. P. U. 8.45 p. m. Evening service 7.30 p. m.

Presbyterian Church.
REV. A. H. MCARN, Pastor.
Service Sunday morning at 11 o'clock, and Sunday evening at 7.30 o'clock.
The Westminster League meets Sunday evening at 6.45.
Sunday school at 8.30 p. m.
Prayer meeting Wednesday evening at 7.30 p. m.

Methodist Church
MARVIN AULD, Pastor.
Preaching Sunday at 11 a. m. and 8 p. m. by the pastor.
Sunday School at 8.30. J. D. Smith, superintendent.

Devotional meeting of the Epworth League Wednesday evening, March 2nd, at 8 o'clock.
The presence of every member is earnestly desired as there are important matters to come before the church conference at the close of the morning service.
About the middle of March the ladies of the Aid Society will have a shirt waist sale at the Civic League Hall, the proceeds of which will go to the pipe organ that has recently been purchased.

Chesterfield Mission.
JAMES RUSSELL, Pastor.

Preaching first Sabbath at White Oak 11 a. m., and at Ruby 3.30 p. m.
Preaching Second Sabbath at Chesterfield 11 a. m.
Preaching third Sabbath at White Oak 11 a. m., and at Ruby 3.30 p. m.
Preaching fourth Sabbath at Chapel 11 a. m., and at Chesterfield 3.30 p. m.

St. David's Episcopal Church.
REV. A. S. THOMAS, Rector.
Service Sunday at 11 a. m.
Sunday School at 10 a. m.
Service and Sermon at Tuesday evening at 8 o'clock.
Service and address Wednesday and Friday at 4:30 p. m.

Took All His Money
Often all a man earns goes to doctors or for medicines, to cure a Stomach, Liver or Kidney trouble that Dr. King's New Life Pills would quickly cure at slight cost. Best for Dyspepsia, Indigestion, Biliousness, Constipation, Jaundice, Malaria and Debility. 25c at Theo. Wannamaker's.
