## STATE CAMPAIGN

### ALREADY BEGUN.

Candidates Are Abroad in the Land, Talking to Voters.

Columbia, March 10.—Campaigning in earnest has already been commenced by some of the candidates, this being election year in South Carolina, and the party machinery will soon begin to move in preparation for the Democratic primaries, which, in their state settle all contests for office, from United States Senator down to coroner. The preliminary meetings will be those of the precinct clubs, the county and state conventions and the state executive committee.

On April 23 the precinct clubs will elect their officers, choose delegates to the county convention and name a member of the county executive committee. On May 3 the county convention will meet in the several county seats. These conventions will each elect a county chairman, a member of the state executive committee and delegates to the State Democratic convention. On May 18 the State executive committee will meet in Columbia. Its work will be largely routine. The only years in which the convention is important are those of presidential elections.

The state democratic executive committee, which handles machinery of the party, will meet at the call of Chairman Willie Jones, to arrange for the primaries, the first on August 30 and the second on September 13. The committee will also fix the schedule for the campaign meetings.

There will be no campaign for the United States Senator unless Senator Tillman should resign or some other contingency of that sort should arise in which case the governor would appoint a senator to serve until the meeting of the General Assembly and the senator for the remainder of the term would be chosen in the primary this summer the choice of the primary being merely ratified by the legislature. This was done when Senator Earle died in 1907.

The state campaign proper opens usually about June 15 and lasts until about August 15.

He was accompanied by Secretary Frank Weldon, of the association. Augusta was the immediate destination from Columbia, and it was proposed to spend the night there.

### FREE IF IT FAILS.

Your Money Back if You are Not Satisfied with the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to their healthier activity.

The discovery of the active principle of our remedy involved the labor of the world's greatest research chemists. As an active agent it possesses the active qualities of the best known intestinal tonics, as well as being particularly pleasant and prompt in its results.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. They come in two sizes of packages; 12 tablets, 10 cents; 36 tablets, 25 cents. Sold in Cheraw only at our store, the Rexall Store, J. T. Ladd.

### Early Morning Fire.

About 9:30 Tuesday morning the fire alarm rang out on the air and immediately Cheraw's "fire fighters" were awake to the situation and away to fight the fire. It was found to be only a small blaze, caused by a defective flue, on the top of the office of the "Pe Dece News" office. Fortunately indeed was it that the fire was discovered as soon as it was otherwise it might have resulted in a bad fire, as it was very little damage was done.

## Receiving Liquor is Made a Crime.

Drastic Decision of the Court of Sessions at Bishopville, Judge Klugh Presiding. Hotel Keeper Fined \$200 for "Receiving" Barrel Containing 12 Quarts of Whiskey, Though No Unlawful Purpose Was Shown.

A case of special interest here and no doubt of general interest to the State, was tried at Bishopville last week. This was the State vs. James R. Durant. Mr. Durant is the proprietor of the Durant Hotel, and was tried on the charge of "unlawfully receiving alcoholic liquors."

Lee county voted out the dispensary last August, and on the 15th of November went under the operation of the Prohibition Act of 1909.

The evidence showed that on the 29th of December Durant received by freight a barrel containing twenty-five quarts of rye liquor. There the State rested. The defense offered no testimony.

The Judge charged the jury that the indictment stated an offense, and if they believed it was proved, they should find the defendant guilty. The jury very promptly found a verdict of guilty, and the defendant was sentenced to four months on the public works, or a fine of \$200.

The defendant was indicted on another similar charge, alleged to have been done on December 27. He at once pleaded guilty and was given a like sentence on that charge, which, however, was suspended until further order of the Court.

The Act of 1909, under which this indictment was brought, plainly prohibits the receiving of liquor for any purpose, but many lawyers and laymen have argued that such a meaning was not intended, and that to warrant a conviction it must be shown that the stuff was received for an unlawful purpose.

It will be noted in the above case that the defendant was not charged with receiving it for an unlawful purpose, and no attempt was made to prove such purpose.

Therefore this conviction means that it is judicially determined that the Act means just what it says, and that it is unlawful to receive, keep or store liquors for any purpose. It, therefore, looks as if this law provides a remedy against the much talked of evil of ordering whiskey. All that is necessary are juries that will convict.

## New Building and New Business for Cheraw.

The contract has been let by Mr. J. R. Harrell for the erection of a large store building 50x100 feet, on his vacant lot next to the building occupied by Mr. A. B. Coward. The Cheraw Door & Sash Co. have the contract and work will be commenced on the building at once. This building is to be built in modern style and with all the conveniences for the conduct of a modern down to the minute department store. A long lease for the building has already been signed by parties who are thoroughly familiar with department store methods and this assures to the people of Cheraw and surrounding country that in a very short time they will have right here a store equal to any of its kind to be found anywhere.

Such a store as this is something that Cheraw has long needed and we hope when it gets ready for business to see less and less packages of goods coming by express from the department stores of Columbia, Charleston, Richmond, Raleigh, Charlotte, New York and other cities.

## Reliance Life Insurance Company, of Pittsburgh, Pa.

JAMES H. REED, President.

Assets \$2,976,383.34

Liabilities \$1,259,659

More money behind each individual policy than in any other company in the United States. Our dividends are as LARGE or LARGER. Some companies estimate that the accumulation of dividends equal four premiums and that a 20 payment life policy is paid for with a sum equal to 14 annual premium payments. Why take an estimation when the Reliance Life guarantees you an amount, on a 20 pay policy, equal to more than 5 1-2 premiums, if allowed to accumulate at 3 1-2 per cent.

On \$10,000 policy, 20 payment life, age 30, premium \$347.60. Guaranteed accumulation of dividends \$1,927.10. Guaranteed cash value end 20 years \$7,007.10 or paid up policy \$13,380.40. If dividends are used to reduce premiums annually, \$41.50 is the first and \$173.10 is the 19th dividend guaranteed. Compare these figures with the policy you now have or write for information regarding any policy you would like. Reliance Life policies are second to none. Men of ability wanted to write life insurance on liberal commission contract or straight salary. Golden opportunity.
