You better live your best and act your best and think your best today; for today is the sure preparation for tomorrow and all the other tomorrows that follow.—Ex.

Discussing the clipping of Uncle Joe Cannon's wings the other day Henry Watterson, editor of the Louisville Courier-Journal, gets off the following spicy comment:

"Stand up, you magnificent old reprobate, whilst we salute you and amid the cowardly clamor and the ribald jeers we render you the homage of a life-long foe-man."

"You fit a good fight; you held out long and well. Except that you are an old man, they would not have dared—but even at that you made them play ball."

"Now they want to unload on you the sins of the Republican party. Ah, Joseph, Joseph—dear old Uncle Joe—it is true enough that parties, like republics, are ungrateful!"

Attention has been called to a number of Orientals who have been visiting Cheraw with paltry and bedridden, appeals from Mar Sergius, a bishop of Turkey, in behalf of an orphanage in that country. Those who have taken the trouble to investigate the matter, find that these persons are frauds and the alleged bishop is probably getting half of the funds they collect. As a rule these men get endorsements from ministers of leading denominations and then prey upon their respective flocks. If the endorsements are not secured, forged articles are said to be produced in some cases.

No town, country or community will ever prosper where there is a division or strife of any nature. In helping others you invariably help yourself. "Opposition is the life of trade," and merit wins. No town will prosper and grow where a lack of enterprise and push on the part of its citizens is felt. The true motto of each and every citizen of a town is and should be to assist and help your neighbors, encourage business of all kinds; there's no danger in gorging the market in this line; unite in the matter of improvement in making the town attractive and giving it a home-like appearance. When this is done people from a distance will form a good opinion of the place and it will be an inducement for them to locate with us and become permanent and substantial citizens.

The hook worm disease must have struck this town, judging from "that tired feeling" so many persons appear to have.

The Columbia State offers each of its correspondents the use of its columns to give a reason why their town is the best town in South Carolina. The Cheraw correspondent's opportunity is at hand; if he can't give sufficient reasons to prove Cheraw the best town in South Carolina he is not properly on-to his job.

Several cases that have attracted public attention during the past week show that the law still has terrors for the evil-doer. The supreme court says that Jones of Union must go to the penitentiary for life for wife-murder, and the circuit court at Abbeville convicted a "prominent" citizen of debauching a young girl, and he is sentenced to ten years in the penitentiary.

South Carolina juries, whatever their faults, can be relied on to hold a man to strict account for crimes against women. Another case that speaks in tones of terror to evil doers is that of Chester Kennedy of Barnwell who, the supreme court says, must go to the penitentiary for life for hiring two negroes to kill a white man. And the conviction of a lot of white men, as well as negroes, in the city of Sumter within the past few weeks, with the imposition of fines amounting to about \$2,500, is another evidence that in the hands of honest and conscientious and patriotic men, the violation of law is no light matter.

A Large Crowd Visits the Grounds Last Night and Enjoys the Show.

The Carnival opened last night. The attendance was most gratifying to the management for it was unexpectedly large. Everything will be ready for the public tonight and they are invited to come in full force, they will all be taken care of.

There are a number of good shows on the grounds, the animal show is especially crowded, it is a good attraction, as is the minstrel show, the horse show, the Jesse James' show, and the "Crazy House" affords a world of amusement to the young folks, it is a great attraction.

There plenty of nice riding devices for the little folks and the older ones who like to feel young again, which are always popular.

Icy Tears.

A traveler who had spent a winter in Sweden was describing the intense cold of the country. He said: "In Haparanda the day before I left I attended a performance at the theater. It was a tragedy. Everybody wept. But it was so terribly cold that the tears of the spectators in the upper galleries fell like hailstones among the occupants of the pit."

Saved a Soldier's Life

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold" he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 180 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a bad fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman."—Mrs. Ella E. Alkey, Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and bladder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ills, and I am nearly sixty years old."—Mrs. Sarah Leighton, Baird, Wash.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
