CENSUS BEGINS TOMORROW

Get Ready to Tell the Enumerators All About Yourself, Your Family and Your Business.

In every county in the United States census enumerators will

begin. In all there are some 70,000 enumerators and they will complete the work of taking the census in a month.

Chesterfield county will show to the world its wonderful progress during the past ten years. Every one just tell the enumerator the truth, nothing more or less, and our record will be such that we can refer to with pride.

Messrs. G. A. Malloy and W. J. Coward are the enumerators for Cheraw townships.

Why does Great Britain buy its oatmeal of us?

Certainly it seems like carrying coals to Newcastle to speak of exporting oatmeal to Scotland and yet, every year the Quaker Oats Company sends hundreds of thousands of cases of Quaker Oats to Great Britain and Europe.

The reason is simple; while the English and Scotch have for centuries eaten oatmeal in quantities and with a regularity that has made them the most rugged physically, and active mentally of all people, the American has been eating oatmeal and trying all the time to improve the methods of manufacture so that he might get that desirable foreign trade.

How well he has succeeded would be seen at a glance at the export reports on Quaker Oats. This brand is without a rival; is packed in regular packages, and is hermetically sealed tins for hot climates.

Shoes. The earliest mention of shoes is in an Egyptian papyrus about 2,200 years before Christ.

NO REASON FOR DOUBT

A Statement of Facts Backed by A Strong Guarantee

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will supply it free. That's a frank statement of facts and we want you to substantiate them at our risk.

Rexall Orderlies are a gentle, effective, dependable and safe bowel regulator, strengthener and tonic that are eaten like candy. They re-establish nature's functions in a quiet, easy way. They do not cause any inconvenience, griping or nausea. They are so pleasant to take and work so easily that they may be taken by any one at any time. They thoroughly tone up the whole system to healthy activity. They have a most beneficial action upon the liver.

Rexall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's our faith in them with our promise of money back if they do not give entire satisfaction. Two sizes: 12 tablets 10c and 36 tablets 25c. Remember you can obtain Rexall Remedies in Cheraw only at our store, the Rexall store, J. T. Ladd's Drug Store.

GEOGRAPHICAL ODDITIES

Some Peculiar Facts About These United States

Boston Globe.

The following collection of geographical peculiarities about the United States and places therein embodies certain unique points well worth remembering.

A novel way to demonstrate the size of the state of Texas is to spread out a map of the Union and stretch a string across Texas the longest way; then placing one end of the measure at Chicago one will find that the other end will extend into either the Atlantic or the gulf of Mexico.

The two largest counties in the United States are Custer county, Mont., and San Bernardino county, Cal. Each of these is a little more than 20,000 square miles in extent, and the states of Massachusetts, Rhode Island, Delaware and New Jersey could be put inside the boundaries of either of them. The smallest county in the Union is Bristol county, Rhode Island, which has only twenty-five square miles.

About fifty miles Durango, Colo., there is a point where four states meet. Here by stepping a few feet in either direction one can walk in four different commonwealths in as many seconds. These commonwealths are the states of Colorado and Utah and the states of New Mexico

NEW RAILROAD MEANS GREAT THINGS FOR CHERAW

Increase Population and Property Valuation

It is being rumored that the Atlantic Coast Line and the Seaboard Air Line have come to terms and expect to erect a depot, near the present location of the Chesterfield and Lancaster depot, to be used by all roads coming into Cheraw as a union station. This building, as we understand, will be a modern structure built of brick or stone and with every modern convenience.

This will be a great thing for Cheraw in more ways than one. It means that that part of town, once considered to be very unfavorably located for the reason that it was so far from the business section of town, will be very valuable indeed. It means that all through trains stop at Cheraw, which will be a convenience for the traveling public.

Now that the railroads have their eyes on Cheraw, it will be well for the board of trade to make some effort to have the shops of the South Bound located in Cheraw.

Automobile Owners in Chesterfield County

Following is a list of automobile owners in our county, with the numbers as registered with the clerk of court. There are probably several cars in this list that are numbered more than once owing to the fact that they have been traded by their original owners, who have bought new cars. In addition to these cars listed there are several cars in the county that have not been registered but will be in a very short time we hope.

Tired Women

leave you of Cardui, that cardinal remedy for ailments and weakness of women. Thousands of women have tried Cardui and write enthusiastically of its great benefit to them.

Take CARDUI

A recent letter from Mrs. Charles Bragg, of Sweetser, Ind., says: "Tongue cannot tell how much your medicine has done for me. Before I began taking Cardui I could not do a day's work. I would work awhile and lie down. I shall always give praise to your medicine." Try Cardui. For sale everywhere.

Staging a Trial. "Now, your conduct during the trial may have considerable effect on the jury." "Ah, quite so!" responded the ultra swell defendant. "And should I appear interested or just mildly bored?" —Kansas City Journal.

Telling Eggs. The problem of telling eggs is not an easy one by any means. Very few of us know how to do it properly. On the other hand, there are those who think they should not be told at all, but that is old fashioned nonsense, inspired entirely by false modesty. It is safe to say that eggs should be told at as early an age as possible consistent with their temperament. If allowed to go too long there is grave danger that the egg will become bad, and when an egg becomes bad it is hopeless. The world is full of bad eggs which might have been saved if they had been told in time.—Lippincott's.

Wasting Effort. At a fire recently a brave fireman came gasping and panting from the burning building with his beard and eyebrows singed in the flames. Under one arm he carried a small but heavy box, which he deposited in a place of safety with the air of a man who had saved a box of government bonds from destruction. On opening the box it was found to contain six bottles of a new patent fire extinguisher.—Argonaut.

The Last Word. "You should bear in mind," said the publisher, "that four-fifths of the people who read novels are women." "That's why I call my new story 'The Last Word,'" replied the novelist. "Every woman will want it."—Philadelphia Record.

Impoverished. Newlywed—What \$30 for a hat! Why, it's simply ridiculous, my dear! Mrs. Newlywed—That's what I thought, Harold; but you said it was all we could afford.—Lippincott's.

The Demon of the Air Is the germ of lagrippe, that breathed in brings suffering to thousands. Its after effects are weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys. The great need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore health and good spirits after an attack of lagrippe. If suffering, try them; only 50c. Perfect satisfaction guaranteed by Theo. E. Wannamaker.

A Question of Salutations.

"What is your favorite salutation?" she asked the dilatory youth. "Eh! Why, I don't know. What's yours?" The fair girl yawned wearily. "It would have been good night," she said. "But in about two minutes it will be good morning." "Goodby," said the dilatory youth.—Cleveland Plain Dealer.

Our First Street Car Line.

The first street railroad in America was completed between the city hall, New York, and Fourteenth street, in 1822. The car—the first for service in the streets of any city in the world—consisted of three compartments, each holding ten persons, and seats were provided on top of the car for thirty or more persons. The fare paid varied with the distance, being sixpence from the city hall to Fourteenth street. Boston was the next city to adopt the new system, in 1856, and Philadelphia followed in 1857.

A Good Lifer. "John," she asked, "do you ever play poker for profit?" "No," he replied thoughtfully; "the game serves as my way of being charitable."—Philadelphia North American.

Saved From the Crave

"I had about given up hope after nearly four years of suffering from a severe lung trouble," writes Mrs. M. L. Pix of Clarksville, Tenn. "Often the pain in my chest would be almost unbearable and I could not do any work but Dr. King's New Discovery has made me feel like a new person. Its best medicine made for the throat and lungs." Obsolete coughs, stubborn colds, hay fever, la grippe, asthma, croup, bronchitis, hemorrhages, hoarseness, and whooping cough yield quickly to this wonderful medicine. Try it; 50c and \$1.00; trial bottles free. Guaranteed by Theo. E. Wannamaker.

stops a few minutes to allow passengers to alight and enjoy a view which permits them to look into three states, Maryland, Virginia and West Virginia.

The highest and lowest elevations in this country are in California within 100 miles of each other. The loftiest is Mt. Whitney, 14,000 feet high, and the lowest Death Valley, about 450 feet below the sea level.

Two Oceans Pass in Yellowstone Park is so named because whenever there is a shower in the vicinity and a certain small creek overflows, its waters spread out over the edge of the continental divide and pass into tributaries of rivers which flow to the Atlantic and to the Pacific.

The High Cost of Living

Increases the price of many necessities without improving the quality. Foley's Honey and Tar maintains its high standard of excellence and its great curative qualities without any increase in cost. Studebaker

Motives and Methods

Studebaker motives remain constant

Behind every Studebaker vehicle stands the unchanging purpose of the maker to produce the best vehicle that it is possible to make for the use for which it is intended. That policy hasn't changed a particle since the Studebaker Brothers started in the little blacksmith shop in 1852.

Studebaker methods keep pace with the times

Studebaker methods are constantly changing and being improved. There isn't an improvement in vehicle building that the Studebakers haven't tested, and if found good, adopted; in fact many of the most modern and improved methods of vehicle construction have originated in the Studebaker shops.

What does this mean to you?

It means that every Studebaker is an absolutely honest vehicle, made in the most approved manner, and the best value you can get for the money.
