Number 26

PEE DEE VALLEY RAILROAD.

Work Begun on Survey Tuesday-To Run from Cheraw by Kollock and the Pegues Section to Wolf Pit in This County

Actual surveying was begun on the Pee Dee Valley Railroad which is to run from Cheraw to Kollock through the famous Pegues section to Everett's mill, and up into the Diggs neighborohood in this county, with a possibility of being extended to Rockingham.

Nothing definite can be learned as to who are the promoters of the new road, though the general belief is that Messrs. Bonsal and McLeod are interested. The Manufactures Record of Baltimore says:

"Construction of an independent railroad from Rockingham to Cheraw, S. C., about 25 miles is expected. About \$75,000 is reported subscribed in Rockingham and other subscriptions are to be solicited along the route and in Cheraw."

The Pee Dee Valey Railroad will tap one of the best farming sections of the South—a section that raises hundreds of bales of cotton, and thousands of bushels of corn, where hundreds of itons of fertilizer are hauled for miles and where there are vast areas of virgin timber that will tapped, and it goes without saying hat if the survey proves the route feasible one the people in the section will do everything within reaon to see it built.—Rockingham (N. G.) Post.

E. B. C. Watts is Dead. erday morning from Ashe announcing the fact that Vatts was dead.

Cash went up to Asheville several weeks ago with the hopes that its climate and the treatment to be had there would prove beneficial. But that dread disease, tuberculosis, had fastened its fangs too strongly and at 4 o'clock yesterday morning the angel of death relieved him from his suffering.

Cash was the eldest son of Associate Justice R. C. Watts and was in his 29th year. The remains will be taken to Laurens and the interement will take place at the Laurens cemetery today.

Mothers Day.

Mother's Day will be observed at the Methodist church on the third Sunday in May instead of the Second.

Chesterfield County Fair

The Chesterfield Board of Trade Gives Out List of Exhibits for Which Premiums Will be Offered.

Committees of the Chesterfield Board of Trade have for some time been working out various features of the County Fair to be held at Chesterfield next fall. The Fair this year will continue two days and possibly three. Every effort is being made to make the occasion of interest and value to the entire county. A very full and complete list of exhibits has been prepared, but it is in order to make additions to this list as other items may be suggested. The Chesterfield Board of Trade will see that prizes are offered for all the exhibits mentioned in the list below, but will be glad to have any individual or business interest to offer prizes for such items in the list as they may select. The list of exhibits is published now so that persons who wish to compete for any of the prizes may have ample time to plan their exhibits. Later on a schedule will be published in the county papers and distributed by circulars showing the prizes offered for the various items and naming the person who offers each prize. Persons who wish to offer premiums or desire further information of any kind should see or write W. J. Tiller, Chesterfield, chairman of the committee on exhibits and prizes.
