

# CHERAW CHRONICLE

JOE LINDSAY, Editor

## WE MAKE A YEAR

This issue of the Chronicle commences the second year of the newspaper under the present management. A year ago we did not know anything about the editing and publishing of a newspaper, now we know it all. At least, we have seen and experienced all of the dark side of the business and we know what the bright side would look like and be if we could but arrive there. We have tried to give Cheraw a clean, newsy country newspaper in spite of hard times, fair support and troubles galore. How well we have

succeeded you know. Our joy is that we have "made our first year." Many have complimented us on our sheet and but one man has suggested that we try to improve it. We are grateful for our kind-hearted and patient readers. We know possibly better than anyone that we have only taken part of a step toward giving this community a real newspaper, but we have had a year's experience now and presently we will have more experience and eventually D. V. we will give Cheraw a paper she will be proud of.

We expect to get fresh CUT FLOWERS each week and will appreciate your patronage, we will also have in stock a full line of designs for all classes of funeral work.

## Never Had a Doctor

Yet Strong and Healthy at Five Years Old.

Mothers who watch children carefully can prevent the development of serious illness. At the first sign of fretfulness, fever, colic, coated tongue or cold give a course of the old reliable Dr. Thornton's Easy Teether and note the immediate improvement. J. Cullen Wright, J. P. of Hartwell, Ga., writes: "My baby is now five years old, and I used only Easy Teether prepared by your during her teething period. I have never had a doctor for her since she was born. I feel like it is the only remedy, and heartily recommend it." For fifteen years this scientifically prepared prescription of a successful baby specialist has been winning hundreds and hundreds of such unsolicited testimonials from appreciative parents, doctors and druggists. Dr. Thornton's Easy Teether is a sweet powder that children like and take more freely than sticky syrups or liquid medicines. It is composed of antiseptics, digestants and granular stimulants that work efficiently and harmlessly on the stomach, bowels and kidneys. It positively contains no opiates or harmful drugs; this we guarantee. If it fails to help your child, your money back immediately without question. Twelve powders in a package with full directions, 25c at your druggist.—Advertisement.
