MRS. LIZZIE SUDDS, BETHUNE, DIES OF CAR INJURIES

Driver Exonerated as Witnesses' Testimony

Mrs. Lizzie Suds, 77, of near Bethune was struck by an automobile and fatally injured Friday afternoon while walking on the highway ten miles north of Camden on the Camden-Charlotte road.

The car was driven by H. S. Waddell, Jr., of Sumter and was occupied by H. S. Waddell, Sr., and E. D. Sydnor, also of Sumter. Accompanying Mrs. Suds was her 8 year old granddaughter, Melita Baker. Testimony of all witnesses, including the grandchild, was to the effect that Mrs. Suds, partly blind and deaf, became excited at the approach of the car and stepped in front of the moving machine. She was brought to the hospital, where she died soon afterward.

A coroner's jury exonerated the driver from all blame.

CANNING

The season for the canning campaign is now on. Let us take advantage of the opportunity to save our fruits and vegetables. Let none go to waste. Eat all you can and can all you can't. Follow your instructions for canning and drying by the budget for family use in the winter to supplement the green vegetables. You will have an abundance from your garden if your spirit of patriotism and family loyalty furnishes the proper incentive.

Can extra vegetables and fruits to help the sick and afflicted, the poor and needy. These extra cans may be transmitted through the County Council Chairman of Welfare, Red Cross, the Salvation Army and the Church organizations. Let every club woman do her bit to relieve the situation in this sad and serious time of need.

Following is a list of equipment for canning demonstrations and each leader will be supplied with our Winthrop Canning Bulletin No. 26.

Essentials for Canning

1. A clock conveniently situated.
2. Scales graduating from 1 ounce to 24 pounds.
3. Supply of towels or clean cloths.
4. Salt, sugar.
5. Preserving kettles, colanders, pans, buckets.
6. Paring knives, spoons, 1 coarse strainer, 1 fine strainer, 1 skimmer, 1 ladle, 1 large-mouth funnel for filling jars, a long handle wooden spoon, 1 wooden masher, a wooden rack.
7. Jars, rubbers, sanitary tin cans, tops, tongs for handling jars and cans.
8. Cannery, hot water and steam pressure. Sealing machine for sanitary cans.
9. Vegetables and fruits perfectly fresh and sound for canning.

System is a prime factor in making the canning operation easy and enjoyable.

The berry and cherry season is in vogue right now, so it is quite appropriate for the recipe.

Canned Berries

Gather the berries in shallow vessels so as to prevent crushing and can them as soon as possible after gathering. Sort the fruit and use the smaller and imperfect berries for the preparation of juice to use in making a syrup of medium sweetness. Wash carefully and remove caps and stems. Pack the fruit into containers, pressing it gently into place; cover with the prepared medium syrup boiling hot. Process quart and pint 20 minutes in boiling water, and No. 2 and No. 3 sanitary or enameled tin cans 15 minutes in boiling water.

For medium syrup use one cup of sugar to two cups of water.

Some berries shrink much. To obviate this, pre-cook the berries before filling the containers. To each pound of berries add one-fourth to one-half pound of sugar according to the sweetness of the fruit. Place in kettle and heat to boiling, stirring gently, and boil for five minutes. Pack boiling hot and process immediately in containers of all sizes for five minutes in boiling water.

String Beans

Pick over carefully, string, wash thoroughly, and cut into pieces of desired size. Add enough boiling water to cover and boil for five minutes in an uncovered vessel.

Pack in containers boiling hot, cover with the water in which they were boiled, and add 1 teaspoonful of salt to each quart. Process immediately at 10 pounds pressure or 240 F.

Miss Nell Goodale of Camden and Miss Blanche Jowers of Williston were chosen as maids of honor to the new queen. Twenty-nine young women participated in the contest.

Liberty Hill News

July 4.—Recent rains have been very beneficial to vegetable gardens and field crops which are doing fairly well with farm work generally well advanced. The infestation of boll weevils is said by farmers to be greater than of recent years.

We listened in with Mr. R. C. Jones at his store late Friday night on the radio report of the nomination of Governor Roosevelt for president by the Democratic Convention in session in Chicago. The "wild" and enthusiastic demonstration of applause by the army of delegates and gallery spectators was quite inspiring, and we hope omens the victorious closing of the campaign in November. On Saturday speaker Garner was unanimously selected for Vice-President.

Roosevelt and Garner are the open spaces of the great southwest as running mates, why can't we hope for and expect a great victory for the Democratic cause?

Miss Elizabeth Dendy of Grover, N. C. has been spending some time with her cousins, Misses Carolyn and Louisa Drennan at the home of their parents, Rev. and Mrs. F. A. Drennan.

Mr. R. B. Cunningham of Decatur, Ga. and Mr. E. J. Cunningham, of Spartanburg, have been recent visitors in the home of their brother, Post Master C. D. Cunningham.

Miss E. L. Jones and W. C. Perry were in Camden Friday last on business.

Miss J. E. Hoffman of Camden has been spending a while with her sister Mrs. R. C. Jones.

Misses Mary and Sara, bright and attractive twin daughters of Mr. and Mrs. C. D. Cunningham, stood the Winthrop scholarship examination in Camden last week, and since have been visiting in the home of their relatives, Misses Margaret and Susan McDowell of the Knights Hill section.

Former Gov. John G. Richards was in Camden on Saturday last shaking hands with his friends.

Mr. and Mrs. F. B. Floyd and Messrs. N. S. Richards, L. A. Perry and W. C. Perry and son, John, were also Camden visitors on Saturday.

In Camden on Sunday we attended services at the Presbyterian Church conducted by Rev. A. D. McArn, and at night heard an interesting talk by Miss Virginia Hill at the First Baptist Church. Miss Hill is in Camden to conduct the Bible study school at the Baptist Church throughout the week.

County Agent Calls Important Meeting

More food must be produced and conserved for our people this winter. Money with which to buy food will be mighty scarce.

This is a matter which demands attention and action from the thinking people of Kershaw County. It is the duty of all our people, especially our agricultural and business leaders, to do what they can to prevent hunger and other hardship in our county this winter.

An important meeting in this connection is to be held in the Court House Friday, July 8th, 4 P. M. Everybody in the County is invited. Specialists from Winthrop and Clemson will attend. Definite plans will be made. Organized work will be undertaken for all parts of the County. Please notify your neighbors. Let's each one do our part by first attending this important meeting Friday afternoon. Help us organize the program and receive your part of the work to be done.

Respectfully,
SADIE B. CRAIG, H. D. Agt.
HENRY D. GREEN, Co. Agt.

COUNTY-WIDE MEETING FOR A PRODUCTION, CANNING AND STORAGE CAMPAIGN

Every section of Kershaw County will be represented at a County-wide meeting at the Court House on Friday afternoon, July 8 at 4 o'clock. At this meeting plans will be made for community canning meetings to conserve the surplus fruits and vegetables that heretofore have been going to waste. The meeting will discuss the best methods of drying fruits and vegetables for winter use.

Present to assist the County and Home Agents in this meeting.

Watch next week's paper for the complete program and make your plans to attend.

Respectfully,
HENRY D. GREEN,
County Agent.
SADIE B. CRAIG,
Co. Home Dem. Agt.

PLANT MORE LEGUMES NOW

Kershaw County farmers are urged to take advantage of the remaining part of the season to plant still more legumes such as soybeans, cowpeas and velvet beans. This is very important for two reasons. First, these crops will increase your supply of high quality feed for stock, and second, they will increase the productivity of your soil by placing large amounts of nitrogen and considerable humus in the soil, thereby decreasing the necessity for so much commercial fertilizer for the production of the following crops. We shall have to depend upon legumes and livestock manure more and more for fertilizer in crop production. It is increasingly evident that we shall have very little cash with which to purchase commercial fertilizers next spring.

Try to put in a few more acres of soybeans, velvet beans or cowpeas. Build up your land, make plenty of feed so that you can better weather the economic storm. Let's hope for the best but prepare for the worst, advises Henry D. Green, County Agent, Kershaw County.
