Live at Home Programme For Kershaw Co. Farmers

Some of the things to observe in a Live-at-Home programme are:

1. Have a large, fertile all-year garden with a large variety of vegetables. Try new vegetables.

2. Two or more milk cows (breed these to high quality bulls).

3. Keep stables and lots well littered. Produce and conserve more stable manures. Put it on the fields as made so it won't heat or leach in the lot.

4. Care better for the woods and lot and forest. Keep out fire. Ask your county forester for help on thinning, fire control and other forestry work.

5. Have at least 100 laying hens.

6. Have 2 or more good brood sows (breed only to high quality boars).

7. Use more summer and winter legumes.

8. Home-mix fertilizer, using only what you need. (Consult your county agent on this before buying.)

9. Try to get a work mare to replace a mule and raise a young mule.

10. Develop some side-line for sale, such as home-made sausage, butter, eggs, turkeys, corn meal, molasses, fruit or berries, hams and sides.

11. Put up large quantities of foods by canning, drying, curing (Consult your Home Agent in this.)

12. Subscribe to at least one county newspaper and farm magazines. Attend your farm and home meetings. Secure and study agricultural bulletins on subjects you are developing.

13. Develop a few special acres to high state of productivity with legumes and manure. This will insure a crop in a dry year — like 1932.

14. Have a good orchard. "Eat what you can and can what you can't."

15. Sell something every time you come to town even if it's only a bunch of turnips, a few pounds of butter, a chicken — any surplus commodity on the farm.

16. Determine — each member of the family — to get ahead of the game by selling more than is bought.

17. Study your farm problems harder than ever before. Cooperate closer with your Home Agent and County Agent.

18. Raise an abundance of a few foods and feeds.

19. Care better for all livestock on farms.

20. One important item is left of this list. I should like for farm folks who read this to write me their ideas as to what should be added to this list.

21. Study nutrition. Have balanced meals, especially for children (Consult your Home Agent.)

22. Don't be downhearted in 1933. We are going right on living and we must make the best of things. Smile and keep your chin up. Depression have come and gone before this. Your condition and the children's condition in 1932, 1930, and 1925 will depend to a large extent on what you do now. Use your energy for thinking, not for worrying.

23. Let's all of us cooperate very closely in 1933. I believe in the people of Kershaw County you have been leaders in the past. I believe you'll continue. Let's not bury any of our talents in 1933.

Respectfully,
HENRY D. GREEN, Co. Agt.

Poultry Shipment To Be Held Soon

We are trying to arrange to ship a car of poultry beginning at Camden Tuesday morning, January 31, all day, stopping at Kershaw Wednesday, February 1, and continuing through Lancaster County. However this is not definitely arranged yet and we will not get final information until after the county newspapers have gone to press. In case we are able to schedule a shipment we will send out notices through the mail to various places in the county such as stores, post offices, and a number of general box holders on the various R. F. D. routes.

The prices will not be high but many of our farmers are anxious to get rid of non producing hens. It is urged that those farmers who do sell be careful to cull their hens and ship only those not laying.

Anyone interested can get information as to whether this shipment will be made from the county agent on Saturday, the 28th, or Monday, the 30th.

Respectfully,
Henry D. Green, Co. Agt.

RADIO IN PROPHECY

Dr. Wimberly Repeats This Noted Address

Because of the many requests, since Dr. Wimberly delivered this address at the Baptist church, some weeks ago, he will repeat this Sunday night at the regular evening hour. He will not begin his lecture until 8:00 o'clock giving time for all who wish to a chance to be there.

As the Baptist church will call in this night service, a cordial invitation is extended to the congregations of the other churches to meet with the pastor of the Methodist and his people. It is expected that a capacity house will greet Dr. Wimberly to hear this sermon on The Radio in Prophecy.

THE COLORED PEOPLE

I am asking that the people of the Colored churches attend this Sunday night lecture: The Radio in Prophecy. The gallery will be reserved for them, and it is hoped that it may be filled, as many have expressed a desire to hear it. The choir of the Trinity (Colored) Methodist church has been invited to render one of the spirituals, which if they do, will be a real treat for our people.

C. F. WIMBERLY, Pastor.

LANCASTER SHERIFF MAKES BIG LIQUOR HAUL

Members of the Sheriff's force made a big liquor haul on Sunday when they got 100 gallons at the home of Dave Reed, a negro, who lives near Kershaw and two negro women who were at the place at the time were arrested. The women gave their names as Annie Reed and Bessie Nixon.—Lancaster News.

Harry Itskovitch of Chicago, weighing 500 pounds, rode from his home to the federal building on a motor truck to become an American citizen.

The third open safety pin he has swallowed within a month has been removed from the throat of Samuel Schwartz, 17, of New York.

Washington, Jan. 22.—The twentieth amendment, eliminating defeated legislators from participation in the government henceforth and hastening inauguration of president and meeting time of each new congress, became today a part of the constitution of the United States.

Submitted to the states by congress on March 8 of last year, it was ratified in near-record time, the state of Missouri winning the distinction of being the thirty-sixth and last needed state to approve, this modernization of the federal machinery.

The amendment will become operative October 15 next.

After that each regular session of congress will begin on January 3, every year with no fixed adjournment date, and each new president will be inaugurated January 20th.

Had it been in force now, Franklin D. Roosevelt would have been president since last Friday. The new, overwhelming Democratic congress would have been in session since January 3, instead of the filibuster-ridden and nigh helpless present short session which must adjourn March 4 and can not possibly dispose of its big tasks in that time.

The ratification was victory climaxing ten years of patient effort for the veteran independent, Senator George Norris of Nebraska. He hailed the outcome today with the statement:

"The enactment of this amendment is a great step toward placing the control of our government in the hands of the chosen representatives of the American people."

He expressed confidence too, that it will do away with filibustering such as has paralyzed the senate for the last two weeks, pointing out that with no adjournment date the tactics of delay can not finally succeed.

In ratifying as 36th, Missouri had to beat Massachusetts and Nevada both ready to act today. The Missouri senate having already acted, the house managed to meet ahead of the scheduled two o'clock convening hour so as to overcome the time zone advantage held by Massachusetts. The maneuver succeeded.

Honor of being first to ratify goes to Virginia which acted last March 4 before even a copy of the resolution proposing the amendment had been laid before it.

Atlanta, Jan. 23.—Georgia today became the 37th state to ratify the lame duck amendment to the federal constitution.

The senate and house in rapid succession adopted the resolution of ratification.

The following services are announced at the First Baptist Church:

Sunday school at 10 o'clock, Mr. C. O. Stogner, superintendent. Public worship conducted by the pastor, J. B. Caston at 11:15 A. M. Subject: Evidences Of The Spiritual Birth. As the pastor will be out of the city there will be no evening services next Sunday. Midweek service Wednesday evening at 7:30, weekly teachers meeting Monday evening at 7:30, B. Y. P. U. Sunday evening at 6:30.

The public is cordially invited to attend all the services of this church.
