Before marriage she was Miss Bertha Rubenstein of Augusta, Ga. She is survived by her husband and one daughter, Miss Sara Wolfe, also by the following sisters, Mrs. Ray Rubens of New Orleans, La. and Mrs. Esther Jacobs, of Richmond, Va. ### MUSIC STUDIO FOR CAMDEN

Mr. Newell Wimberly is now home with his parents, Dr. and Mrs. C. F. Wimberly; he was lately of the Wentworth Military Academy, Lexington Mo. Mr. Wimberly has had a broad experience in all lines of music, and will open a studio in the public school building, where he will teach violin, saxophone, clarinet, or any of the band instruments. Beginners can be formed in classes, so the expense will be very little. Those interested can communicate with Mr. Wimberly, and arrange an interview. Camden greatly needs just such interest aroused, and it is hoped may be done through the coming of this young man to our town.

### A BRASS BAND FOR CAMDEN

All those who are interested in becoming a member of the band, will please meet in the American Legion Hall Thursday night at near 7:30, as we can assemble. I wish to know what instruments each one plays, and what they wish to play, and also the instruments that are now available. We have already nearly twenty ready to join this aggregation. No reason why we should not have a band ready for service and entertainment in a very short time. Meet me at Legion Hall, Thursday night.

### A LESSON FOR MOBBS

How unjust it is to judge of guilt on the strength of superficial circumstantial evidence was illustrated some time ago by the case of a 11-year-old boy murdered in Arkansas, presumably for a small amount of money he carried.

It was known that shortly before his death he had been in company with a one-eyed negro boy, who also was missing. Search for the negro was begun, with open threats of summary vengeance. After several days the negro boy was found not far from where the white boy was killed. But he was also dead, with indications that he gave his life in common battle with the white lad's murderers.

Now suppose that the two boys had separated before the white boy was killed. And suppose the mob had captured the negro lad, whose sightless eye would have identified him beyond question. There would have been just one more lynching of a negro, despite his pleadings and protestations of innocence.

## Hog Shipment Within Next Two Weeks

Farmers interested in shipping hogs by carlot to Richmond within the next 2 weeks will please notify the county agent this week.

Last week the prices for hogs delivered to Richmond was \$7.75 per 100 lbs. for hogs weighing from 165 to 225 lbs.; \$8.80 to \$9.75 per 100 lbs. for hogs weighing 225 lbs. to 250 lbs.; \$8.30 and \$8.60 for hogs weighing from 250 to 300 lbs.; \$8.40 to \$8.70 for hogs weighing 125 lbs. to 150 lbs.; \$8.00 to \$8.40 per 100 lbs. for hogs weighing from 100 lbs. to 120 lbs.

It will be more profitable to our farmers if we can ship approximately 200 hogs using a double-deck car since the rate per 100 lbs. will be less than in cars only a one-deck shipment is made.

The prices quoted above which were in effect at Richmond last week are given here only as an index to the price situation. It should be borne in mind that prices received at the time we may ship within the 2 weeks from now may be slightly deviated from the above prices.

If you think your neighbor may have hogs for sale kindly call the matter to his attention as it is absolutely necessary that we have all shipments listed in the county agent's office not later than Saturday, February 18.

Henry D. Green, County Agent

### Greenville Woman's College Takes An Important Step Forward

At a recent meeting of the G. W. C. Board of Trustees, Miss Betty Mittell of Savannah was elected to the position of "Enlistment Secretary." Miss Mittell is an honor graduate of the class of 1929. During the succeeding five years, Miss Mittell has held several responsible positions, so she goes out to solicit students for her Alma Mater equipped with a heartfelt interest in the college, with experience in contact work and with all the charm and winsomeness of youth.

The Executive Board of the Greenville Woman's College Alumnae Association in session Wednesday afternoon, February 8, duly elected Miss Mittell a member of that Body and authorized her to organize G. W. C. Clubs wherever she goes in the interest of securing students for the 1933-34 session. This arrangement promises much for Greenville Woman's College. The organizations will send the names of their officers directly to Mrs. J. D. Hughey, Chairman of the Executive Board of the Alumnae Association. This is the first time that a College Official has been duly authorized by the G. W. C. Alumnae Association to perfect local units of the state association. In this manner a network of communication will be established and it will then be possible for the Alumnae (the Association) to accomplish great things for the college.

At the meeting of the Association February 8, it was decided to get to work on refurbishing the "Lons Parlor" which will, when completed be dedicated to the memory of the late Miss Lula Cagle of beloved memory. This is the first step in carrying out the resolution of the Association to restore all memorials. The next step contemplated is the placing of a permanent marker in honor of Dr. Charles S. Gardner former pastor of the First Baptist Church of Greenville. It is known to many in the city of Greenville as to many in South Carolina and elsewhere that Dr. Gardner raised the money for the first auditorium the college ever owned.

This act on the part of the Alumnae Association is one way of preserving and handing down the history and tradition of which the Alumnae and other friends of Greenville Woman's College are justly proud. There are other memorials to be restored and each will be taken up as rapidly as reasonably possible.

Effort has been made by some members of the Department of English at G. W. C. to enlist the interest of the students in doing original research work on the history of Greenville Woman's College. This is not only an excellent exercise for the students, but the results will doubtless be some valuable papers for the

### BAN OF BILLBOARDS

Drastic action against the billboard nuisance is reported from the province of Ontario, Canada, where strict regulations are being enforced in pursuance of a recently enacted law. It is said that existing billboards are being removed at the rate of about 100 a week.

The Ontario law prohibits the erection of billboards on the public highways, and even forbids the painting of advertising on barns or other buildings near the roadside. Signs erected by a person on his own property are restricted in size and are subject to a tax. No billboards may be erected at turns in the road, and old, unsightly signs must be cleaned up or removed.

Enforcement of the new regulations has already made a marked improvement in the appearance of the countryside, and the absence of billboards will tend to reduce the number of traffic accidents, it is believed. Regulations similar to those established in Ontario are being adopted in other Canadian provinces and might well be extended to the United States.

Correct this sentence: "I have no difficulty in dealing with women, because I understand them."

college archives—"Truth shall not perish from the earth", "The good that men (and women) do shall live after them".

An institution that has been founded and built through the foresight and love of good men in the past and has lived through the life blood of others who have followed on will "carry on." A school great in all its aspects will survive these days of difficulty and live for generations on the hallowed soil now occupied by the Greenville Woman's College.

Greetings to all Daughters, Yours for the cause, Kettle McNeill Carpenter, Publicity Chairman of G. W. C. Alumnae Association.
