Kershaw County Fair Plans--

Will Open October 11th

Plans for the County Fair to be held between Oct. 11th and 15th are being pushed to completion and nothing is to be left undone to make it a success. The bulk of the work is being done by John T. Mackey, President of the Merchants Association and T. V. Walsh of the Legion and Shrine Clubs.

Wednesday will be Merchants and Manufacturers Day and a tent 60x120 has been secured to take care of the exhibits of the local merchants and manufacturers. Booths will be attractively decorated, and there will be many free souvenirs handed out to the large crowd that is expected to be in Camden that day.

Another big feature on Wednesday will be the free barbecue, which will be given to the visitors that day by the merchants and manufacturers. Five thousand people are expected to enjoy the bountiful repast that day, which will be cooked under the supervision of experts.

To wind out a complete day, at dusk dark will be the display of wonderful fireworks. This feature will be worth travelling miles to see. The fireworks many will linger to see the carnival attractions of the fair.

Thursday will be Farmers Day, and many farm and community clubs in the various parts of the County will compete with each other for the most attractive booths. Fine livestock and farm products will be on display. A complete program of that day's activities will be announced later.

Friday will be school day, and thousands of school children from all parts of the County will come to Camden, and the school parade through the streets to the fair grounds will well be worth witnessing. That afternoon will be a football game between the famous Camden High School team and some worthy opponent, which will be announced later.

On Saturday, the last day, will be the Negro day at the fair and the negro school children will parade through the streets to the fair grounds. It is needless to say the negroes will be in Camden that day by the thousands.

Those who are planning to have community booths or individual fair displays, will please get in touch with A. E. Miller, or T. V. Walsh, by October 1st. The exhibits must be in place by 10 P. M., Oct. 10th.

Various prizes will be given to visitors on the Merchants and Manufacturers Day, such as prizes for the oldest automobile to visit Camden that day, the largest family to enter the fair grounds, etc. And in addition prizes will be given to the merchants with the most attractive window displays and to the exhibitor in the tent for the best booths. It is possible that a platform will be erected at the tent for an old fiddlers contest. Plans for that day are being worked out by J. T. Mackey, T. V. Walsh and Thomas Ancrum.

ANNOUNCES FALL OPENING
Mr. David Wolfe, well known and reliable business man, who has been in business in Camden for forty-eight years, announces through the columns of the Messenger his Fall Opening and showing of New Fall Merchandise.

Mr. Wolfe wishes to thank his many patrons for their past favors and solicits their continued patronage in his re-organized business. He is conducting his new firm from the same location, 1042 Broad Street. Read his advertisement, elsewhere in this issue.

Products in Kinship
Naphtha and gasoline are both petroleum products. They are both solvents, fuels and illuminants. Naphtha is intermediate between gasoline and benzine, and consists largely of heptane, called also Danforth's oil.

Black and Light Hair
A woman with black hair has about 600 hairs per square inch on the top of her head, while a blond has about 700 per square inch, and a brown-haired person about 650 hairs per square inch.

Fruit of the East
In size the lychee is about that of a strawberry or small English walnut. The shape more nearly resembles that of the strawberry, however. When fresh the skin has the toughness of a thick-skinned grape. It is eaten like a grape, too—the pulp being removed after the skin is broken. When dried, though, the skin snaps open with the brittleness of our paper-shelled almonds. The dried fruit resembles a raisin.

Feast Dates

City Schools Opened Yesterday

Tuesday marked the opening of another school session for the Camden City Schools. Every indication points to a heavy enrollment and with a corps of efficient teachers another successful school year is anticipated. It was a familiar and inspiring sight yesterday seeing the students trekking to school to begin another year of learning. In a short while they will be at work in earnest and success is wished for all of them and for the teachers. Camden extends a warm welcome to the out-of-town teachers and hope that they will enjoy their sojourn here.

Garwood Child Killed by Truck

Garwood, N. J., Sept. 5.—Hoyt Trapp, 4 years old son of Mr. and Mrs. Hoyt Trapp, of 1 Cedar street, was fatally injured this morning at 11:15 o'clock when he was run down on North Avenue near his home by a delivery truck driven by Frank Fouser, of 2358 Thirty-third street, Astoria, L. I. He died in the emergency room of the Elizabeth General Hospital, Elizabeth, shortly after being admitted to the institution. He had suffered a fractured skull.

Fouser was going east on North Avenue when the truck struck the boy, Eddie Lanza, of Cranford, a passing motorist, took Hoyt and his mother to Cranford, where Mr. Trapp is manager of a gas station at North Avenue near Main street. From there, the lad was taken to the hospital by his father.

Fouser was held on a technical charge of manslaughter, and will be arraigned today before Judge L. L. Loveland, according to Sergt. Dennis Comisky, who investigated.

The whole community was saddened upon learning of the accident in Garwood, N. J., which cost the life of Hoyt Trapp, Jr., four year old son of Mr. and Mrs. Hoyt S. Trapp of Garwood, N. J., formerly of Camden, S. C. The sad news reached Camden through a telegraphic message which was immediately followed by long distance telephone through which the details were learned.

By special permit, the body was brought through the country, arriving here Wednesday night. Mr. and Mrs. Trapp were accompanied on the trip by a friend, Mr. Lewis Rego of Roselle, N. J.

Funeral services were conducted at the home of Mr. and Mrs. Henry Horton on North Broad Street on Thursday afternoon at three o'clock, by Rev. J. B. Caston of the Camden Baptist Church, and Rev. Littlejohn of the Hermitage Baptist Church. The body was then followed by a large cortege of relatives and friends to the Antioch Baptist Church, where the little body was laid to rest beside his grandfather, Mr. D. S. Trapp, who pre-deceased him in December of last year.

The floral tributes were large and beautiful, and were carried to the grave in a large touring car with the top down. This car carrying the flowers led the funeral procession to the church. The little grave was literally covered with these beautiful flowers.

Surviving him are his parents, Mr. and Mrs. Hoyt S. Trapp, his grandparents, Mr. and Mrs. J. E. Horton and Mrs. D. S. Trapp, a large number of aunts, uncles and cousins, who deeply sorrow at the removal of such a bright, lovely, lively, and intelligent child from their midst, leaving a vacant spot in their hearts and an empty chair in their homes that will never be filled.

Little Hoyt, Jr., will be well remembered in Camden as he often visited his grandparents here and made friends with all who came in contact with him. He will be greatly missed by those who knew and loved him, for knowing him was loving him.
