Drennan directed mainly to the children and based on the words, "A time to plant", emphasizing the fact that in early life is the time to "plant habits" and build character for a satisfactory life here and the promise of an abundant reward in that to come.

On Thursday evening last Mr. and Mrs. Byrum and family, Mrs. Phifer and daughters, Misses Jean and Helen and Misses Brown and McFadden, all of Great Falls, were joined here by Mr. L. P. Thompson and family and Mr. E. L. Jones, the party going to Creed's landing on the Wateree lake where they were met by a number of Camden friends, when all enjoyed a bountiful picnic dinner and boat riding on the "big lake" until a late hour. Before departing for their homes.

LADIES' NIGHT

With Camden Masonic Club Held at "The Pines"

The annual Ladies' Night meeting of the Camden Masonic Club was held at "The Pines" on Tuesday evening of this week, President W. F. Nettles, presiding, the wives and sweethearts of the members being guests of the club.

President Nettles reported on his trip to Charleston carrying a number of the underprivileged boys of the city, and stated that the boys had a wonderful day.

Miss Margaret Fewell, Kershaw County Home Demonstration Agent, was honor guest of the club, and thanked the club for its interest and activities in behalf of the boys and girls of Four-H club work.

Sam Karesh, who had charge of the arrangements for the dinner, presented each lady present with a dainty gift, and a large number of lovely prizes were drawn for and won by many of the ladies present.

The feature of the meeting was a mock trial. Mayor Osborne, who was called upon to welcome the ladies, made a disparaging remark about J. Dewey Creed, one of the members. Mr. Creed demanded trial and the president appointed Murdoch Johnson to act as judge, James H. Clyburn, as clerk of court, Henry McLeod as sheriff, Wylie Sheorn as deputy sheriff, and W. L. DePass as bailiff. Joe Thomas acted as attorney for the prosecution, while Robin Zemp represented Mr. Creed. Next Progress Dinner To Be at Bethune

The next Kershaw County Progress Dinner is to be held at Big Springs near, Bethune, Wednesday June 26th 7:30 p. m.

Much interest has been shown by leading men from all sections of the County at the two Progress Dinners already held, and it is contemplated that the coming event at Big Springs will be widely attended. A number of important matters which have developed unusually active interest are to be discussed and acted upon at the meeting on June 26th. Various committees and sub-committees will report on their activities and accomplishments thus far. Projects now under way and proposed projects will be discussed pro and con, and it is advisable that interested and leading citizens from all sections of the county attend as matters of interest to all parts of the county will be handled. Just because the meeting is to be held near Bethune does not in any way mean that matters of interest to Bethune only will be considered. The scope of the meeting will be county-wide as in previous similar meetings.

It is believed by many that these Progress Dinners are developing and paving the way for definite advancement in Kershaw County. The County is certainly wide awake and alert to the possibilities and opportunities which present themselves from time to time, and it is not only the privilege and opportunity but the duty and responsibility of all citizens of Kershaw County who are deeply interested in the development, welfare, and progress of their county to attend and take an active part in these meetings.

New ideas, proposals, and discussion will be welcomed. This is to be a public forum for the best thought of the county. Many citizens have professed from time to time to be deeply interested in the welfare of the people of this county. I consider this is a splendid place and opportunity for such people to contribute what they can.

Those in charge of preparing the dinner need to know how many will attend so that they can prepare accordingly. This is the reason we try to sell tickets in advance so that we can know the number who will attend. Therefore, the cooperation of the public who expect to attend will be appreciated. The only cost attached to the meeting is dinner which will be 50c per plate. Tickets may be secured from the following: J. D. Watson, Blaney; B. D. Boykin, Boykin; L. P. Thompson, Liberty Hill; W. R. Perry and J. P. Truesdale, Kershaw; W. T. Holley, Jefferson, Rt. 2 (Mt. Pisgah); I. J. McKenzie, Camden, Rt. 1; Loring Davis, G. B. McKinnon, and M. G. King, Bethune; J. R. West and Prof. W. B. GASOLINE COMPANY GIVES MOTORIST 15 WAYS TO SAVE GASOLINE MONEY

When the man bites the dog, it is news. And when a gasoline company advises motorists how to save gasoline, that is news, too.

Hence it is news to announce that the Gulf Refining Company has just issued a booklet entitled, "15 Ways To Save Gasoline Money." Although the information contained in the eight-page booklet is simple, it consists of driving hints which should benefit millions of motorists.

Do you know what parking secret saves gasoline? The booklet tells you. Have you discovered what driving speeds assure the greatest economy in gasoline consumption? The booklet tells you. And what fact concerning the inflation of your tires boost your gasoline mileage? The booklet tells you this, too.

According to Dr. Paul D. Foote, vice president of the Gulf Research & Development Corporation, considerable care was given to the preparation of the literature. The data was prepared, changed, and checked over and over again by the leading petroleum and automotive engineers. Caution was exercised in listing the various methods to save the motorists' money, and at least 15 additional ways to cut gasoline costs were eliminated because they were open to debate.

For convenience's sake, the Gulf booklet is divided into three sections. The first chapter is devoted to economy short-cuts which can be controlled by the motorist. The second part is given over to economies which can be secured at no cost at reputable service stations or dealers' such as Gulf's stations. And the third section consists of savings which can be obtained through enlisting the help of competent mechanics.

To announce this new booklet, "15 Ways to Save Gasoline Money", to the motoring public, the Gulf Refining Company has undertaken an advertising campaign which is outstanding in many ways, including the number of newspapers to be used. More than 1200 newspapers from Maine to Texas, the largest journalistic army in the modern history of petroleum advertising, will be employed. The offer of the free booklet to any motorist who will drive into Gulf's 40,000 dealers in allied with an interesting "sporting offer" to car owners.

It is hoped that the men will undertake personal contacts during the week, and bring our attendance up to its former strength. Come and enjoy the fellowship, and the message on some vital theme. We shall be most happy to greet all our men next Sunday.—The Teacher.

GO-TO-CHURCH MONTH

The pastors have not been very much gratified over the results of this campaign. With most of us, there has been no decided improvement. On last Sunday morning the first Baptist church had two very satisfactory congregations.

Morning hour, 249; Evening hours (union service) 362.

Lytleton Street congregation was about its usual number—200.

The Wateree Baptist Church: morning 111; evening, 176.

Hermitage Baptist church: morning, 199; evening, 207.

We have had three Sundays—and the test has been made. We have yet two more, it is hoped our people may yet turn out and stand by the churches of the town. We have but a short time from now until the heated season comes on, and we should arouse enough momentum to tide us over. It can be done, it ought to be done—and what ought to be done should be done. Help us, men and women of Camden.

The regular services will be held morning and night at the Baptist and Methodist churches. Morning hour—11:15, and evening hour 8:15.—C. F. Wimberly, Chairman of Publicity.
